Broads Authority

Schedule of Hire boats operated by

Date

If this schedule is incorrect please amend or add new details as required.

The full loading and stability test report must be enclosed for each class or individual vessel.

NOTES

3 Circle to indicate whether the report is for an individual boat (I) or is for one vessel and is representative of a design class of boat (C).

A design class of boat is defined in the Hire boat licensing guidance notes.

4 State the reference number of the report/document for either the individual boat or the design class of boats.

boat name	reg no.	make or class	loading capacity		loading and stability test information	
			no. of persons	load (kg)	individual (I) or class (C) [3]	report ref no.[4]
