2018**

## **NOTICE TO MARINERS**

### **LOWESTOFT OUTER HARBOUR – BRIDGE CHANNEL QUAY WALL MAINTENANCE/REPAIR**

Mariners and Port-Users are advised that works continue to repair suspended quay support structures and fender sections on the South side of the Bridge Channel, just East of the Bascule Bridge.

The works are being undertaken by Vessel 'Flying Hart' with support craft 'Cargo of Dreams', berthed alongside the areas. All craft will monitor VHF Ch.14

Vessels wishing to transit the area should contact Port Control to obtain information and advice on works activities. Vessels should only pass the works sites once permission has been granted, should afford as wide a berth as is safe and practical, and pass at slow speed to reduce vessel wash.

**Works are now expected to take until approx. the end of August to complete.**

Please contact Lowestoft Port Control, VHF Ch14, or Tel. 01502 572286, if further information is required.
