

The Southern Power Link Project funded by Broads and Rivers Leader + who are supported by EU funding has helped the Broads Authority to install extra charging points around the river system.

We hope this will encourage owners of electric powered craft to venture further and allow them to enjoy the hidden delights of the Broads.

**Electric Charging Cards** available from:  
Broads Authority  
18 Colegate,  
Norwich NR3 1BQ  
and the outlets listed opposite.
