LOCAL NOTICE TO MARINERS

LOWESTOFT OUTER HARBOUR – RESUMPTION OF QUAY WALL MAINTENANCE AND REPAIR

Mariners and Port-Users are advised that works to repair suspended quay support structures on the South side of the Bridge Channel, just East of the Bascule Bridge, will recommence from Monday 19th November.

The works are being undertaken by Vessel 'Flying Hart' with support craft 'Cargo of Dreams', berthed alongside the areas. All craft will monitor VHF Ch.14

Vessels wishing to transit the area should contact Port Control to obtain information and advice on works activities. Vessels should only pass the works sites once permission has been granted, should afford as wide a berth as is safe and practical, and pass at slow speed to reduce vessel wash.

Resumed works are expected to take until approx. one month to complete. Notification will be provided once works have been completed.

Please contact Lowestoft Port Control, VHF Ch14, or Tel. 01502 572286, if further information is required.

Please contact Lowestoft Port Control, VHF Ch14, or Tel. 01502 572286, if further information is required
