

# The Broads Local Access Forum

## The Forum's purpose

The Broads Local Access Forum is an independent advisory body established by the Broads Authority in 2003, under the Countryside and Rights of Way Act 2000.

The Act states that the purpose of the Forum is to be a statutory advisory body to provide guidance and advice to the Broads Authority and other organisations on the improvement of public access within the Broads, and to contribute to opportunities for open air recreation and the enjoyment of the area.

In providing advice, the Forum will have regard to:

- The needs of land management
- The conservation of the natural beauty of the area
- The management and maintenance of recreational access whilst balancing this against the needs of nature conservation, agriculture, the interests of landowners and managers, and navigation and countryside management projects within the Broads

## The Forum's vision

The Broads is an unrivalled wetland of natural diversity, heritage and special character. It is a place where people come to explore, enjoy and find spiritual refreshment. Access to the Broads should be clear and easy to use, respectful of wildlife and land management, meet users' needs and promote responsible and harmonious behaviour. The Broads Local Access Forum will champion access improvements and management, represent a wide range of interests and contribute to sustainability for the environment, communities and the economy.
