

Broads Authority

20 November 2020

Agenda item number 11

Statement of Accounts 2019/20

Report by Chief Financial Officer

Purpose

This report contains the Statement of Accounts for the year ended 31 March 2020.

Recommended decision

- i. To adopt the Statement of Accounts for 2019/20.
 - ii. To approve the revised Annual Governance Statement for 2019/20 as set out in paragraph 4.1.
-

1. Introduction

- 1.1. The Statement of Accounts and the Annual Audit Results were considered by the Audit and Risk Committee on 17 November 2020. A verbal update will be provided at this meeting.
- 1.2. Members will recall that the COVID-19 emergency and financial position report to the Broads Authority on 22 May 2020 provided draft year-end figures for 2019/20, which detailed a consolidated surplus of £196,652. These figures were used to produce the draft Statement of Accounts, signed and published on our website on 15 May.
- 1.3. The impacts of COVID saw the Accounts and Audit (Coronavirus) (Amendments) Regulations 2020 (SI 2020/404) move the deadline for approving the final Statement of Accounts from 31 July to 30 November. This means the audit has now spanned several months since the start in May. Where amendments have been notified up to this date, they have been incorporated into the final document at Appendix 1. Amendments required after this date will be reported verbally at this meeting.

2. Changes to the 2019/20 Accounts

- 2.1. The draft surplus of £196,552 has remained unchanged but there have been some minor adjustments to the disclosure notes and formatting. This includes a new note on Going Concern, following the outbreak of COVID-19, and can be found on page 81 of appendix 1. This means that the information in the [report to the Broads Authority in July](#) and details in tables 1-3 in that report summarising the year-end adjustments have not changed.

- 2.2. One of the adjustments identified through the audit process related to the mini restructure in 2019/20, when some departments moved directorates. For example, IT and the Collection of Tolls moved from Strategic Services to Chief Executive, Head Office from Chief Executive to Operations, HLF from Strategic Services to Operations, and CANAPE from Operations to Strategic Services. As a result, the Expenditure and Funding Analysis on page 18, the Comprehensive Income and Expenditure statement on page 19 and the Navigation Income and Expenditure Account on page 80 for 2018/19 have been restated to reflect the new structure. This has not changed the overall figures, only how they are allocated to the individual directorates.

3. Balance sheet

- 3.1. There have been no further changes to the Balance Sheet identified by the audit work completed so far. The bottom section of the Balance Sheet (page 21) splits the reserves between usable and unusable reserves. Usable reserves can be used to fund future operating expenditure, while the unusable reserves are kept to manage accounting processes such as unrealised gains or acquisitions of Fixed Assets and the movements on the Pension Reserve.
- 3.2. The closing positions on the National Park (General), Navigation and Earmarked Reserves are the same as those reported in July. The individual balances that make up the Earmarked Reserves are within note 10 on page 43 The year end balances of the reserves are:
- National Park £1,114,460;
 - Navigation £543,200; and
 - Earmarked £2,118,322 of which £956,757 relates to Navigation.

4. Annual Governance Statement

- 4.1. The Accounts and Audit (England) Regulations 2015 contain a requirement that an Annual Governance Statement (AGS), prepared in accordance with proper practices in relation to internal control, must be approved by the relevant body and must accompany the Statement of Accounts. While the Authority approved its AGS for issue on 22 May 2020, external audit asked that it be updated to reflect the invoice fraud that occurred in April 2019. This was previously reported in the 2018/19 AGS at the request of internal audit. The updated text is on page 10 in appendix 2. If members are happy to approve the revised AGS then the link will be updated in Statement of Accounts on page 5.

5. Audit of the Statement of Accounts

- 5.1. The Authority's auditors EY have completed the majority of their audit work, but at the time of writing a few items remain outstanding. These include Whole of Government

Accounts and Pensions. EY attended Audit and Risk on 17 November and provided an update on these. A verbal update on these will be given at this meeting.

- 5.2. On completion of any outstanding items, the report will be signed and incorporated into the Statement of Accounts.

6. Financial implications

- 6.1. The Statement of Accounts for 2019/20 shows revenue reserves of £1,687,660 (national park (general) reserves of £1,144,460, navigation reserves £543,200) that are considered to be adequate. The navigation reserve at the end of 2019/20 stands at 16.3% of net expenditure. While this is higher than the Financial Strategy forecast for the end of 2019/20, the carry forwards agreed in May will reduce these during 2020/21. With these taken alongside the earmarked reserves, balances are considered acceptable. A detailed review will be undertaken in 2021/22 on whether the minimum levels require increasing to mitigate any further lockdowns as a result of COVID.

Narrative report

Introduction

The purpose of the Narrative Report is to provide information on the Authority, its main objectives and strategies and the principal risks that it faces. It also provides commentary on how the Authority has used its resources to achieve its outcomes in line with its objectives and strategies.

About the Broads Authority

The Broads Authority was established by the Norfolk and Suffolk Broads Act 1988.

Its duties, as subsequently amended by the Natural Environment and Rural Communities Act 2006, are to manage the Broads for the purpose of:

- conserving and enhancing the natural beauty, wildlife and cultural heritage of the Broads;
- promoting opportunities for the understanding and enjoyment of the special qualities of the Broads by the public; and
- protecting the interests of navigation.

This brought the first two purposes into line with those of the English National Park Authorities, as recommended in the Department for Environment, Food and Rural Affairs (Defra) report 'Review of English Park Authorities' published in July 2002.

In discharging its function, the Authority should have regard to:

- the national importance of the Broads as an area of natural beauty and one which affords opportunities for open air recreation;
- the desirability of protecting the natural resources of the Broads from damage; and
- the needs of agriculture and forestry and the economic and social interests of those who live and work in the Broads.

In respect of its navigation area the Authority is required to:

- maintain the navigation area for the purposes of navigation to such a standard as appears to it to be reasonably required; and
- take such steps to improve and develop it as it thinks fit.

The Broads Authority Act 2009 amended the 1988 Act and is primarily concerned with augmenting the Authority's powers to ensure safety on the Broads, including the application of the Boat Safety Scheme and compulsory third-party insurance. It also made provision for the transfer of responsibility for the navigation in Breydon Water to the Authority which was implemented in 2012. The 2009 Act removed the need for the Authority to maintain a separate navigation account and contained provisions which require the Authority to ensure

that, taking one year with another, expenditure on navigation matters is equal to navigation income.

The Broads Plan is a key management plan for the Broads. It sets out a long-term vision for the benefit of the natural and cultural environment, local communities and visitors. Although the Authority is responsible for its production it is a plan for the whole of the Broads, and its success very much depends on a common vision, strong partnership working and the best use of shared resources. The current plan covers the period 2017-22 and is publicly available via the website. A six-monthly newsletter is produced to provide updates and can also be found in the link below.

<https://www.broads-authority.gov.uk/about-us/how-we-work/strategy>

The Authority's Strategic Priorities are set annually by the members in line with objectives in the Broads Plan. Progress against the Strategic Priorities is reported regularly to the Authority and details of 2019/20 can be found in the link below:

https://www.broads-authority.gov.uk/data/assets/pdf_file/0027/263808/Strategic_Priorities_ba31-01-20.pdf

All decisions are supported by the Authority's core values. These are enduring beliefs or ideals about what is good or desirable and what is not. They are:

- Sustainable - we take the long-term view, are passionate about our environment and its ability to provide for a vibrant local economy and the well-being of local people;
- Exemplary - we strive for excellence in all we do. We are ambitious, innovative and lead by example;
- Commitment - we are committed to making a difference to the Broads for the benefit of all, and will have the courage of our convictions when faced with difficult issues;
- Caring - we are considerate and respectful of each other, working together to provide the best service we can; and
- Open and Honest - we are open, honest and inclusive in our communication and in making decisions. We are approachable and available, reaching out to all groups.

The Authority is funded from two major sources; National Park Grant from Defra and Navigation Toll Income. These are approximately equal to each other and are used to fund the activities (including staffing) across the organisation.

Governance

The Annual Governance Statement provides details of progress against the current year and provides the new financial year action plan. This was considered by the Authority on 20 November and is available via the link below:

https://www.broads-authority.gov.uk/data/assets/pdf_file/0033/295890/Annual-Governance-Statement-2019_2020-and-Code-of-Corporate-Governance-2020.pdf

In 2018 the Government commissioned a review of National Parks and Areas of Outstanding Natural Beauty (AONBs) looking at coverage of designations, how designated areas deliver their responsibilities, how designated areas are financed, and whether there is scope for expansion. The review team, led by Julian Glover, visited the Broads in November 2018. The team's report was published in September 2019. The Authority received a paper at its January committee identifying some short term priorities. A link to the committee report can be found below that also contains a link to the final report.

https://www.broads-authority.gov.uk/_data/assets/pdf_file/0026/263807/Landscape-Review-Response-with-Appendix-Glover-report-Recommendations-31-01-20.pdf

Operational model

The Authority consists of the Chief Executive team and two Directorates; Operations and Strategic Services. The total number of staff employed by the Authority gives a head count of 150 or 132.5 Full Time Equivalents (FTE) as at 31 March 2020. This is split 74 (70.1 FTE) Operations, 51 (42.4 FTE) Strategic Services and 25 (20 FTE) Chief Executive. Due to the seasonal nature of the Authority's activities the levels of staff can vary throughout the year and the year-end position may vary depending on when Easter falls. During 2019/20 the Authority carried out a mini restructure which led to some departments being transferred within Directorates. This has resulted in the 2018/19 income and expenditure being restated to reflect these changes so that comparisons can be made between the two years. The key statements affected are the Expenditure and Funding Analysis, Comprehensive Income and Expenditure Statement and the Navigation Income and Expenditure Account.

The Chief Executive is supported by the Governance Team who service the Authority's various committees; and the Chief Financial Officer who is responsible for the Asset Management, IT, Collection of Tolls, Finance and Insurance team.

The Operations Directorate consists of; the Construction, Maintenance and Environment team who carry out the practical work on the Broads, from dredging to the maintenance and refurbishment of moorings and land based sites and project managing the Heritage Lottery Fund (HLF) project Water, Mills and Marshes; the Ranger team who patrol the waterways enforcing our byelaws to small scale practical works and Safety Management that has health and safety responsibility for all staff and visitor safety on and near the water.

The Strategic Services Directorate consists of; Planning - responsible for all planning applications, enforcement and the Local Plan within the Authority's executive area Communications - responsible for all publications, events and visitor services; HR - supporting all of the Authority's employees; other strategic priorities; the management of the European Regional Development Fund (ERDF) INTERREG project 'Creating A New Approach to Peatland Ecosystems' (CANAPE) and Volunteer Services which support volunteering opportunities across all areas of the Authority.

The Authority's income is supplemented by income from planning fees, contributions from landowners towards fen management and from the Rural Payments Agency, Visitor Centres and Yacht Station sales and external funding such as HLF and ERDF.

Risks

Whilst the Authority has some degree of confidence over the level of its National Park Grant funding for 2020/21, uncertainty remains about future years' settlements and their duration. The impact of COVID-19 on the income it receives from its toll payers could be considerable depending on how long lockdown extends for both Private and Hire Craft Tolls. Differing scenarios have been modelled and support is being sought from DEFRA to help with any potential shortfall. Cuts to National Park Grant in years 2010/11 to 2015/16 has meant the Authority has already restructured from four Directorates to two. If there were future reductions to the National Park grant beyond 2021/22 it would mean difficult decisions would need to be made to determine future services. This uncertainty is further emphasised by the outcome of the Comprehensive Spending Review, which was delayed for an additional year in 2019. The current level of National Park reserves means that such impact would be cushioned in the short term until the longer vision of services is determined; however, this is not sustainable in the longer term.

Risks are reviewed on a regular basis with actions being taken to mitigate any possible impacts. Reports to the Authority highlight risks on potential new areas of activity. The Audit and Risk Committee receive detailed reports on the current risks with details of the individual risks, risk owner and actions. A link to the latest report can be found below.

https://www.broads-authority.gov.uk/_data/assets/pdf_file/0022/263812/Risk_Management_policy_and_register_I3FZ3W.pdf-ba310120.pdf

Review of Corporate Risk Register

Following a recommendation from internal audit's Corporate Governance and Risk Management review the risk register and policy was reviewed and updated during 2019/20. The risk register is now split between the Corporate Risk register, focusing on risks that are strategic and Directorates, focusing on operational day to day risk. The Corporate Risk register continues to be reviewed bi-annually by the Audit and Risk committee with the option for significant risks being reported to the Broads Authority.

Opportunities

External funding opportunities continue to be investigated and supported by National Parks Partnership LLP (NPP). NPP continues to promote corporate partnerships for the UK National Parks with the aim to make a significant, sustainable and discernible contribution to the improved quality of UK National Parks and the benefits they offer for generations to come. There has already been a high level of success including funding from; the HLF for Water, Mills and Marshes, ERDF for CANAPE, Tesco for Broadland Catchment Partnership, Forest Holidays who are partnering on projects that will enable young people to experience and explore the best of the UK countryside and Columbia providing clothing to all front-line staff for five years from 2017/18.

The UK National Parks also continue to investigate efficiencies through joint procurement and services and also to create resilience amongst the Parks. 2019/20 saw the creation of

the UK National Parks Communication Team hosted by the Authority. This service is jointly funded by all 15 UK National Parks and seeks to promote a shared sense of identity.

Prior to the outbreak of COVID-19 opportunities were being explored for a Visitor Services presence at the Norwich Forum and Lowestoft Train station. These were to help with the loss of the Visitor Centre at Whitlingham Country Park due to the Trust wishing to take back responsibility for the Park. Whilst these new locations are currently on hold it is hoped these will be progressed once restrictions are lifted.

Strategy and resource allocation

The current Financial Strategy was drawn up having regard to the Authority's grant settlement and the priorities in the Broads Plan. It sets out a prudent strategy for managing the limited resources available in order to build on the work underway across the organisation and to continue to deliver the Authority's key priorities over the next three years. The focus in developing the Financial Strategy has been to deliver the maximum possible efficiencies and savings in order to minimise the impact on front-line activity. The Authority recognises that without its employees continued commitment and hard work this would not be possible.

In developing the Financial Strategy, a number of assumptions have been made in respect of National Park Grant allocations, future boat numbers and the level of staff pay inflation. The Strategy follows the general principle that the Authority should seek to maintain the general (National Park) reserve at a minimum of £100,000 plus 10% of net expenditure, and the navigation reserves at a minimum of 10% of net expenditure. It also expects that General and Navigation income and expenditure should be broadly in balance across the life of the Financial Strategy.

On 20 November 2007, the Authority took out a £290,000 loan from the Public Works Loan Board. The repayment period of the loan is 20 years at a fixed interest rate of 4.82%, repayable by equal instalments of principal. The Public Works Loan Board has advised that the fair value of the debt as at 31 March 2020 is £129,668.

The purpose of this loan was to finance the purchase of the Dockyard Operation from May Gurney to enable the Authority to continue to dredge the Broads in an economical and efficient manner.

Performance

Performance is assessed against progress made towards the Broads Plan, Strategic Priorities and the Budget with regular updates being provided to the Authority.

General (National Park) Income and Expenditure

The Authority received National Park Grant of £3,414k from Defra (£3,356k in 2018/19). In addition to this, the income received from external grant support, sales, fees, charges and interest totalled £1,315k (£1,064k in 2018/19). Total income for 2019/20 was £4,729k (£4,420k in 2018/19).

The Authority set a budget for 2019/20 with a forecast deficit of £78k (£71k deficit for 2018/19). This deficit was to be balanced through the use of reserves. The Authority monitors its budget throughout the year against a forecast outturn which is updated on a monthly basis. The final forecast outturn for the year 2019/20 indicated an anticipated deficit of £26k. The actual outturn saw a surplus of £61k (a favourable variance of £87k). The Authority has a policy for carry forward requests in respect of underspends. This year there has been an increased number of requests due to the COVID-19 outbreak. These are due to be considered by the Authority on 22 May for £23k (£9k for 2018/19) and if approved will be added to the 2020/21 budget.

Navigation Income and Expenditure

Income from tolls was £3,375k (£3,336k in 2018/19), other income received for the year from external grant support, yacht stations charges, sales of tide tables, works licences and other miscellaneous services was £322k, (£263k in 2018/19) and interest was £25k (£18k in 2018/19). Total income for 2019/20 was £3,722k (£3,617k in 2018/19).

The Authority set a budget with a forecast deficit of £32k for 2019/20 (deficit of £3k for 2018/19). This deficit was to be balanced through the use of reserves. The Authority monitors its budget throughout the year against a forecast outturn which is updated on a monthly basis. The final forecast outturn for 2019/20, which took account of approved budget changes, indicated an anticipated surplus of £25k. The actual outturn saw a surplus of £136k (a favourable variance of £111k). The Authority has a policy for carry forward requests in respect of underspends. This year there has been an increased number of requests due to the COVID-19 outbreak. These are due to be considered by the Authority on 22 May for £88k (£6k for 2018/19) and if approved will be added to the 2020/21 budget.

The Statement of Accounts consolidates these results and the combined figures are found in the Comprehensive Income and Expenditure Statement (CIES) and the Expenditure Funding Analysis (EFA). The CIES can be found on page 19 and the EFA on page 18.

Outlook

2020/21 continues to focus on the successful delivery of our two external funded projects from the HLF and ERDF. Although both projects are claimed in arrears the impact and the Authority's cash flows is minimal. However, there is some uncertainty on future exchange rates which are difficult to forecast for the ERDF grant which is contracted in Euro. The use of a prudent exchange rate during the application phase should minimise any future impact of Brexit. The Authority is also keen to support the Hire Boat Industry, where possible, following the outbreak of COVID-19. Normally, the Authority receives a large proportion of its toll income prior to the start of the financial year but this year there has been challenges to this whilst boat owners are unable to use their boats. To assist with cash flow the National Park Grant, which is normally received quarterly, has been paid 35% in advance. The budget was based on all existing boat owners paying their tolls, with Navigation funding originally projecting a deficit of £134k in 2020/21 (after taking into account carry forward requests), with reserves at 11.2% of net expenditure at the end of the year. For General (National Park) funding there is a projected deficit of £132k (after taking into account carry

forwards requests) in 2020/21, with reserves at 27.5% of net expenditure. Both the National Park and Navigation deficits will be balanced through the use of reserves.

The Strategy also covers capital expenditure with the majority being funded from Earmarked Reserves and the rest from National Park Grant and Navigation income.

There are a significant number of variables – and some unknown quantities, such as future inflation – which could impact on these figures. The Financial Strategy will therefore be reviewed and updated by the Authority, having regard to any changes in circumstances and the annual outturn figures, at its meeting in January 2021. The annual toll increase for 2020/21 was set at 1% for unpowered vessels and 2.9% for powered. When setting the future strategy, the Authority will continue to consult with the Navigation Committee and other stakeholders. 2020/21 continues to focus on the development of partnership work. This incorporates projects at a number of sites; including Norwich Forum and Lowestoft Railway Station. Work will also continue with partners to help shape the future of land management schemes post Brexit. Climate change remains a threat to the Authority. Broadland Futures Initiative in collaboration with the Environment Agency will look at engaging with stakeholders.

Changes to the 2019/20 Accounts

Following the mini restructure in 2019/20 where some departments moved Directorates the 2018/19 income and expenditure has been restated to enable year on year comparisons. This has affected Expenditure and Funding Analysis, Comprehensive Income and Expenditure Statement and Navigation Income and Expenditure Account note.

The accounting statements

The Broads Authority's accounts for the year 2019/20 are set out on pages 12 to 81. They consist of:

Statement of Responsibilities for the Statement of Accounts

Statement of Corporate Governance

Expenditure and Funding Analysis – This statement shows how annual expenditure is used and funded from resources (government grants and rents) in comparison with those resources consumed or earned in accordance with generally accepted accounting practices. It also shows how this expenditure is allocated for decision making purposes between the Authority's directorates. Income and expenditure accounted for under generally accepted accounting practices is presented more fully in the Comprehensive Income and Expenditure Statement. The Expenditure and Funding Analysis is a note to the Financial Statements, however its position next to the Comprehensive Income and Expenditure Statement is to provide a link from the figures reported under Performance within the Narrative Report.

Comprehensive Income & Expenditure Statement – This statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices.

Movement in Reserves Statement – This statement shows the movement in the year on the different reserves held by the Authority, analysed into ‘usable’ reserves and ‘other’ reserves. The ‘surplus / deficit on the provision of services’ line shows the true economic cost of providing the Authority’s services, more details of which are shown in the Comprehensive Income & Expenditure Statement. The ‘net increase / decrease before transfers to earmarked reserves’ line shows the statutory General Fund balance before any discretionary transfers to or from earmarked reserves undertaken by the Authority.

Balance Sheet – The Balance Sheet shows the value as at the Balance Sheet date of the assets and liabilities recognised by the Authority. Reserves are reported in two categories. The first category of reserves are ‘usable’ reserves, i.e. those reserves that the Authority may use to provide services, subject to the need to maintain a prudent level of reserves and any statutory limitations on their use (for example the Capital Receipts Reserve may only be used to fund capital expenditure or repay debt). The second category of reserves is those that the Authority is not able to use to provide services. This category of reserves includes reserves that hold unrealised gains and losses (for example the Revaluation Reserve), where amounts would only become available to provide services if the assets are sold, and reserves that hold timing differences shown in the Movement of Reserves Statement line ‘adjustments between accounting basis and funding basis under regulations’.

Cash Flow Statement – The Cash Flow Statement shows the changes in cash and cash equivalents of the Authority during the reporting period. The statement shows how the Authority generates and uses cash and cash equivalents by classifying cash flows as operating, investing and financing activities. The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the Authority are funded by way of tolls and grant income or from the recipients of services provided by the Authority. Investing activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the Authority’s future service delivery. Cash flows arising from financing activities are useful in predicting claims on future cash flows by providers of capital (i.e. borrowing) to the Authority.

These accounts are supported by the Statement of Accounting Policies in Note 1, which follows the Accounting Statements, and various notes to the accounts.

The information included in these accounts incorporates spending relating to the Broads Navigation. The Navigation income and expenditure is separately accounted for in the records to ensure the proper control of income from toll payers and to ensure it is spent primarily to benefit the users of the navigation. Navigation income and expenditure is shown in full at note 35 on page 80.

Statement of Responsibilities for the Statement of Accounts

The Authority's Responsibilities

The Authority is required to:

- a) Make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In this Authority, that officer is the Chief Financial Officer.
- b) Manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets.
- c) Approve the statement of accounts.

The Chief Financial Officer's Responsibilities

The Chief Financial Officer is responsible for the preparation of the Authority's Statement of Accounts in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2019/20 (the Code).

In preparing this Statement of Accounts, the Chief Financial Officer has:

- selected suitable accounting policies and then applied them consistently;
- made judgements and estimates that were reasonable and prudent; and
- complied with the Local Authority Code.

The Chief Financial Officer has also:

- kept proper accounting records which were up-to-date; and
- taken reasonable steps for the prevention and detection of fraud and other irregularities.

Chief Financial Officer's Certificate

I certify that the Statement of Accounts gives a true and fair view of the financial position of the Broads Authority at 31 March 2020 and its income and expenditure for the year ended 31 March 2020.

Emma Krelle (Chief Financial Officer)

Certificate of Committee Resolution

I confirm that these accounts were approved by The Broads Authority at its meeting held (insert date).

Signed on behalf of The Broads Authority:

(Chair of meeting approving the accounts)

date

Independent Auditor's Report to the Members of the Broads Authority

Expenditure and Funding Analysis

This statement shows how funding available to the Authority for the year has been used in providing services in accordance with generally accepted accounting practices.

Restated 2018/19 Net Expenditure chargeable to the General and Navigation fund balances £000	Restated 2018/19 Adjustments between the funding and accounting basis ¹ £000	Restated 2018/19 Net expenditure in the comprehensive income and expenditure statement £000	Function	2019/20 Net expenditure chargeable to the General and navigation fund balances £000	2019/20 adjustments between the funding and accounting basis £000	2019/20 Net expenditure in the comprehensive income and expenditure statement £000

The Expenditure and Funding Analysis is a note to the Financial Statements, however it is positioned here as it provides a link from the figures reported under Performance within the Narrative Report to the Comprehensive Income and Expenditure Statement.

¹Further details on the adjustments between Funding and Accounting Basis can be found in Note 7.

The Expenditure and Funding Analysis is a note to the Financial Statements; however it is positioned here as it provides a link from the figures reported under Performance within the Narrative Report to the Comprehensive Income and Expenditure Statement.

Comprehensive Income and Expenditure statement

This statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices.

Restated 2018/19 Gross expenditure £000	Restated 2018/19 Income £000	Restated 2018/19 Net expenditure/ (income) £000	Description	Note	2019/20 Gross expenditure £000	2019/20 Income £000	2019/20 Net expenditure/ (income) £000

		2,703	Total comprehensive income and expenditure				(2,410)

Movement in reserves statement

This statement shows the movement in the year on the different reserves held by the Authority, analysed into 'usable' reserves (i.e. those that can be applied to fund expenditure) and 'other' reserves. The 'surplus or (deficit) on the provision of services' line shows the true economic cost of providing the Authority's services, more details of which are shown in the Comprehensive Income and Expenditure Statement.

2018/19	General fund and navigation fund balance £000	Capital receipts reserve £000	Earmarked reserves £000	Total useable reserves £000	Unusable reserves £000	Total Authority reserves £000

I certify that the statement of accounts gives a true and fair view of the financial position of the authority at 31 March 2020 and its income and expenditure for the year ended 31 March 2020. These financial statements replace the unaudited statements certified by the Chief Financial Officer on 15 May 2020.

Emma Krelle (Chief Financial Officer)

20 November 2020

Cash Flow statement

The Cash Flow Statement shows the changes in cash and cash equivalents of the Authority during the reporting period. The statement shows how the Authority generates and uses cash and cash equivalents by classifying cash flows as operating, investing and financing activities.

2018/19 £000	Revenue activities	Note	2019/20 £000
(523)	Net surplus or (deficit) on the provision of services		(819)
1,395	Adjustments to net surplus or deficit on the provision of services for non-cash movements		1,054
(11)	Adjust for items in the net surplus or deficit on the provision of services that are investing and financing activities		(4)
861	Net cash flows from operating activities (subtotal)	20	231
(1,287)	Investing activities	21	(676)
(70)	Financing activities	22	(72)
(496)	Net increase or (decrease) in cash and cash equivalents (subtotal)		(517)
1,694	Cash and cash equivalents at the beginning of the reporting period		1,198
1,198	Cash and cash equivalents at the end of the reporting period	15	681

Notes to the Statement of Accounts

1. Accounting policies

i. General principles

The Statement of Accounts summarises the Authority's transactions for the 2019/20 financial year and its position at the year end of 31 March 2020. The Authority is required to prepare an annual Statement of Accounts by the Accounts and Audit (England) Regulations 2015, which those regulations require to be prepared in accordance with proper accounting practices. These practices primarily comprise the Code of Practice on Local Authority Accounting in the United Kingdom 2019/20 and the Service Reporting Code of Practice 2019/20, supported by International Financial Reporting Standards (IFRS). The accounting convention adopted in the Statement of Accounts is principally historical cost, modified by the revaluation of certain categories of non-current assets and financial instruments.

ii. Accruals of Income and Expenditure

Activity is accounted for in the year that it takes place, not simply when cash payments are made or received. In particular:

- Revenue from contracts with service recipients, whether for services or the provision of goods, is recognised when (or as) the goods or services are transferred to the service recipient in accordance with the performance obligations in the contract.
- Supplies are recorded as expenditure when they are consumed – where there is a gap between the date supplies are received and their consumption, they are carried as inventories on the Balance Sheet.
- Expenses in relation to services received (including services provided by employees) are recorded as expenditure when the services are received rather than when payments are made.
- Interest receivable on investments and payable on borrowings is accounted for respectively as income and expenditure on the basis of the effective interest rate for the relevant financial instrument rather than the cash flows fixed or determined by the contract.
- Where revenue and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amounts is recorded in the Balance Sheet. Where debts may not be settled, the balance of debtors is written down and a charge made to revenue for the income that might not be collected.

iii. Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are investments that mature in 7 days or less from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

In the Cash Flow Statement, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the Authority's cash management.

iv. Exceptional items

When items of income and expense are material, their nature and amount is disclosed separately, either on the face of the Comprehensive Income and Expenditure Statement or in the notes to the accounts, depending on how significant the items are to an understanding of the Authority's financial performance.

v. Prior period adjustments, changes in accounting policies and estimates and errors

Prior period adjustments may arise as a result of a change in accounting policies or to correct a material error. Changes in accounting estimates are accounted for prospectively, i.e. in the current and future years affected by the change and do not give rise to a prior period adjustment.

Changes in accounting policies are only made when required by proper accounting practices or the change provides more reliable or relevant information about the effect of transactions, other events and conditions on the Authority's financial position or financial performance. Where a change is made, it is applied retrospectively (unless stated otherwise) by adjusting opening balances and comparative amounts for the prior period as if the new policy had always been applied.

Material errors discovered in prior period figures are corrected retrospectively by amending opening balances and comparative amounts for the prior period.

vi. Charges to revenue for non-current assets

Services, support services and trading accounts are debited with the following amounts to record the cost of holding fixed assets during the year:

- depreciation attributable to the assets used by the relevant service;
- revaluation and impairment losses on assets used by the service where there
- are no accumulated gains in the Revaluation Reserve against which the losses
- can be written off; and
- amortisation of intangible fixed assets attributable to the service.

vii. Employee Benefits

Benefits payable during employment

Short-term employee benefits are those due to be settled within 12 months of the year-end. They include such benefits as wages and salaries, paid annual leave and paid sick leave, bonuses and non-monetary benefits (e.g. cars) for current employees and are recognised as an expense for services in the year in which employees render service to the Authority. An accrual is made for the cost of holiday entitlements (or any form of leave, e.g. time off in

lieu) earned by employees but not taken before the year-end which employees can carry forward into the next financial year. The accrual is made at the wage and salary rates applicable in the following accounting year, being the period in which the employee takes the benefit. The accrual is charged to Surplus or Deficit on the Provision of Services, but then reversed out through the Movement in Reserves Statement so that holiday benefits are charged to revenue in the financial year in which the holiday absence occurs.

Termination benefits

Termination benefits are amounts payable as a result of a decision by the Authority to terminate an officer's employment before the normal retirement date or an officer's decision to accept voluntary redundancy and are charged on an accruals basis to the appropriate service line in the Comprehensive Income and Expenditure Statement when the Authority is demonstrably committed to the termination of the employment of an officer or group of officers or making an offer to encourage voluntary redundancy.

Where termination benefits involve the enhancement of pensions, statutory provisions require the General Fund balance to be charged with the amount payable by the Authority to the pension fund or pensioner in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, appropriations are required to and from the Pensions Reserve to remove the notional debits and credits for pension enhancement termination benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year-end.

Post-employment benefits

Employees of the Broads Authority are members of Norfolk Pension Fund for civilian employees (the Local Government Pension Scheme), administered by Norfolk County Council. This is a funded defined benefit final salary scheme, meaning that the Authority and employees pay contributions into a fund, calculated at a level intended to balance the pension liabilities with investment assets.

viii. Events after the balance sheet date

Events after the Balance Sheet date are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Statement of Accounts is authorised for issue. Two types of events can be identified:

- Those that provide evidence of conditions that existed at the end of the reporting period - the Statement of Accounts is adjusted to reflect such events.
- Those that are indicative of conditions that arose after the reporting period – the Statement of Accounts is not adjusted to reflect such events, but where a category of events would have a material effect, disclosure is made in the notes of the nature of the events and their estimated financial effect.

Events taking place after the date of authorisation for issue are not reflected in the Statement of Accounts.

ix. Fair value measurement

The Authority measures some of its non-financial assets such as investment properties and some of its financial instruments such as borrowings at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The Authority measures the fair value of an asset or liability using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

When measuring the fair value of a non-financial asset, the Authority takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Authority uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Inputs to the valuation techniques in respect of assets and liabilities for which fair value is measured or disclosed in the Authority's financial statements are categorised within the fair value hierarchy, as follows:

- Level 1 – quotes prices (unadjusted) in active markets for identical assets or liabilities that the Authority can access at the measurement date;
- Level 2 – inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly;
- Level 3 – unobservable inputs for the asset or liability.

x. Financial instruments

Financial liabilities

Financial liabilities are recognised on the Balance Sheet when the Authority becomes party to the contractual provisions of a financial instrument and are initially measured at fair value and carried at their amortised cost. Annual charges to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement (CIES) for interest payable are based on the carrying amount of the liability, multiplied by the effective rate of interest for the instrument. The effective interest is the rate that

exactly discounts estimated future cash payments over the life of the instrument to the amount at which it was originally recognised.

Long term loans are shown in the balance sheet as the capital element outstanding at the year end, split between amounts due within the current year and amounts due outside the year. Any interest paid is taken directly to the income and expenditure account. The 'fair value' of any loans is disclosed in the notes to the accounts with accompanying explanations.

Financial assets

Financial assets are classified based on a classification and measurement approach that reflects the business model for holding the financial assets and their cashflow characteristics.

There are three main classes of financial assets measured at:

- amortised cost
- fair value through profit or loss (FVPL), and
- fair value through other comprehensive income (FVOCI)

The authority's business model is to hold investments to collect contractual cash flows. Financial assets are therefore classified as amortised cost, except for those whose contractual payments are not solely payment of principal and interest (ie where the cash flows do not take the form of a basic debt instrument).

Financial assets measured at amortised cost

Financial assets measured at amortised cost are recognised on the Balance Sheet when the authority becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value. They are subsequently measured at their amortised cost. Annual credits to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement (CIES) for interest receivable are based on the carrying amount of the asset multiplied by the effective rate of interest for Statements the instrument. For most of the financial assets held by the authority, this means that the amount presented in the Balance Sheet is the outstanding principal receivable (plus accrued interest) and interest credited to the CIES is the amount receivable for the year in the loan agreement.

Any gains and losses that arise on the derecognition of an asset are credited or debited to the Financing and Investment Income and Expenditure line in the CIES.

Expected Credit Loss Model

The authority recognises expected credit losses on all of its financial assets held at amortised cost, either on a 12-month or lifetime basis. The expected credit loss model also applies to lease receivables and contract assets. Only lifetime losses are recognised for trade receivables (debtors) held by the authority.

The Authority has not made any material loans.

xi. Foreign currency translation

Where the Authority has entered into a transaction denominated in a foreign currency, the transaction is converted into sterling at the exchange rate applicable on the date the transaction was effective. Where amounts in foreign currency are outstanding at the year-end, they are reconverted at the spot exchange rate at 31 March. Resulting gains or losses are recognised in the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement

xii. Government Grants and Contributions

Whether paid on account, by instalments or in arrears, government grants and third party contributions and donations are recognised as due to the Authority when there is reasonable assurance that:

- the Authority will comply with the conditions attached to the payments; and
- the grants or contributions will be received.

Amounts recognised as due to the Authority are not credited to the Comprehensive Income and Expenditure Statement until conditions attached to the grant or contribution have been satisfied. Conditions are stipulations that specify that the future economic benefits or service potential embodied in the asset acquired using the grant or contribution are required to be consumed by the recipient as specified, or future economic benefits or service potential must be returned to the transferor.

Monies advanced as grants and contributions for which conditions have not been satisfied are carried in the Balance Sheet as creditors. When conditions are satisfied, the grant or contribution is credited to the relevant service line (attributable revenue grants and contributions) or Taxation and Non-Specific Grant Income (non-ringfenced revenue grants and all capital grants) in the Comprehensive Income and Expenditure Statement.

Where capital grants are credited to the Comprehensive Income and Expenditure Statement, they are reversed out of the General Fund Balance in the Movement in Reserves Statement.

Where the grant has yet to be used to finance capital expenditure, it is posted to the Capital Grants Unapplied reserve. Where it has been applied, it is posted to the Capital Adjustment Account. Amounts in the Capital Grants Unapplied reserve are transferred to the Capital Adjustment Account once they have been applied to fund capital expenditure.

xiii. Intangible assets

Expenditure on non-monetary assets that do not have physical substance but are controlled by the Authority as a result of past events is capitalised when it is expected that future economic benefits or service potential will flow from the intangible asset to the Authority.

Internally generated assets are capitalised where it is demonstrable that the project is technically feasible and is intended to be completed (with adequate resources being

available) and the Authority will be able to generate future economic benefits or deliver service potential by being able to sell or use the asset. Expenditure is capitalised where it can be measured reliably as attributable to the asset and is restricted to that incurred during the development phase (research expenditure cannot be capitalised).

Expenditure on the development of websites is not capitalised if the website is solely or primarily intended to promote or advertise the Authority's goods or services.

Intangible assets are measured initially at cost. Amounts are only revalued where the fair value of the assets held by the Authority can be determined by reference to an active market. In practice, no intangible asset held by the Authority meets this criterion, and they are therefore carried at amortised cost. The depreciable amount of an intangible asset is amortised over its useful life to the relevant service line(s) in the Comprehensive Income and Expenditure Statement. An asset is tested for impairment whenever there is an indication that the asset might be impaired – any losses recognised are posted to the relevant service line(s) in the Comprehensive Income and Expenditure Statement. Any gain or loss arising on the disposal or abandonment of an intangible asset is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement.

Where expenditure on intangible assets qualifies as capital expenditure for statutory purposes, amortisation, impairment losses and disposal gains and losses are not permitted to have an impact on the General Fund Balance. The gains and losses are therefore reversed out of the General Fund Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and (for any sale proceeds greater than £10,000) the Capital Receipts Reserve.

xiv. Inventories

Inventories are included in the Balance Sheet at the lower of cost or net realisable value. The cost of inventories is assigned using the FIFO (first-in, first-out) costing formula.

xv. Leases

Leases are classified as finance leases where the terms of the lease transfer substantially all the risks and rewards incidental to ownership of the property, plant or equipment from the lessor to the lessee. All other leases are classified as operating leases.

Where a lease covers both land and buildings, the land and buildings elements are considered separately for classification.

Arrangements that do not have the legal status of a lease but convey a right to use an asset in return for payment are accounted for under this policy where fulfilment of the arrangement is dependent on the use of specific assets.

The Authority as lessee

Finance leases

Property, Plant and Equipment held under finance leases is recognised on the Balance Sheet at the commencement of the lease at its fair value measured at the lease's inception (or the

present value of the minimum lease payments, if lower). The asset recognised is matched by a liability for the obligation to pay the lessor. Initial direct costs of the Authority are added to the carrying amount of the asset. Premiums paid on entry into a lease are applied to writing down the lease liability. Contingent rents are charged as expenses in the periods in which they are incurred.

Lease payments are apportioned between:

- a charge for the acquisition of the interest in the property, plant or equipment – applied to write down the lease liability; and
- a finance charge (debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement).

Property, Plant and Equipment recognised under finance leases is accounted for using the policies applied generally to such assets, subject to depreciation being charged over the lease term if this is shorter than the asset's estimated useful life (where ownership of the asset does not transfer to the Authority at the end of the lease period).

Depreciation and revaluation and impairment losses are therefore substituted by a revenue contribution in the General Fund Balance, by way of an adjusting transaction with the Capital Adjustment Account in the Movement in Reserves Statement.

Operating leases

Rentals paid under operating leases are charged to the Comprehensive Income and Expenditure Statement as an expense of the services benefitting from use of the leased property, plant or equipment. Charges are made on a straight-line basis over the life of the lease, even if this does not match the pattern of payments (e.g. there is a rent-free period at the commencement of the lease).

The Authority as lessor

Operating leases

Where the Authority grants an operating lease over a property or an item of plant or equipment, the asset is retained in the Balance Sheet. Rental income is credited to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Credits are made on a straight-line basis over the life of the lease, even if this does not match the pattern of payments (e.g. there is a premium paid at the commencement of the lease). Initial direct costs incurred in negotiating and arranging the lease are added to the carrying amount of the relevant asset and charged as an expense over the lease term on the same basis as rental income.

xvi. Property, Plant and Equipment

Assets that have physical substance and are held for use in the production or supply of goods or services, for rental to others, or for administrative purposes, and that are expected to be used during more than one financial year are classified as Property, Plant and Equipment.

Recognition

Expenditure on the acquisition, creation or enhancement of Property, Plant and Equipment is capitalised on an accruals basis, provided that it is probable that the future economic benefits or service potential associated with the item will flow to the Authority and the cost of the item can be measured reliably. Expenditure that maintains but does not add to an asset's potential to deliver future economic benefits or service potential (i.e. repairs and maintenance) is charged as an expense when it is incurred. A de minimis limit of £5,000 is used to recognise fixed assets.

Measurement

Assets are initially measured at cost, comprising:

- the purchase price; and
- any costs attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

The Authority does not capitalise borrowing costs incurred whilst assets are under construction.

The cost of assets acquired other than by purchase is deemed to be its fair value, unless the acquisition does not have commercial substance (i.e. it will not lead to a variation in the cash flows of the Authority). In the latter case, where an asset is acquired via an exchange, the cost of the acquisition is the carrying amount of the asset given up by the Authority.

Donated assets are measured initially at fair value. The difference between fair value and any consideration paid is credited to the Taxation and Non-Specific Grant Income line of the Comprehensive Income and Expenditure Statement, unless the donation has been made conditionally. Until conditions are satisfied, the gain is held in the Donated Assets Account. Where gains are credited to the Comprehensive Income and Expenditure Statement, they are reversed out of the General Fund Balance to the Capital Adjustment Account in the Movement in Reserves Statement.

Assets are then carried in the Balance Sheet using the following measurement bases:

- infrastructure, community assets and assets under construction – depreciated historical cost.
- all other assets – current value, determined as the amount that would be paid for the asset in its existing use (existing use value – EUV).

Where there is no market-based evidence of current value because of the specialist nature of an asset, depreciated replacement cost (DRC) is used as an estimate of current value.

Where non-property assets that have short useful lives or low values (or both), depreciated historical cost basis is used as a proxy for current value.

Assets included in the Balance Sheet at current value are revalued sufficiently regularly to ensure that their carrying amount is not materially different from their current value at the

year-end, but as a minimum every five years. Increases in valuations are matched by credits to the Revaluation Reserve to recognise unrealised gains. Exceptionally, gains might be credited to the Comprehensive Income and Expenditure Statement where they arise from the reversal of a loss previously charged to a service.

Where decreases in value are identified, they are accounted for by:

- where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains).
- where there is no balance in the Revaluation Reserve or an insufficient balance, the carrying amount of the asset is written down against the relevant service line(s) in the Comprehensive Income and Expenditure Statement.

The Revaluation Reserve contains revaluation gains recognised since 1 April 2007 only, the date of its formal implementation. Gains arising before that date have been consolidated into the Capital Adjustment Account.

Impairment

Assets are assessed at each year-end as to whether there is any indication that an asset may be impaired. Where indications exist and any possible differences are estimated to be material, the recoverable amount of the asset is estimated and, where this is less than the carrying amount of the asset, an impairment loss is recognised for the shortfall.

Where impairment losses are identified, they are accounted for by:

- where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains).
- where there is no balance in the Revaluation Reserve or an insufficient balance, the carrying amount of the asset is written down against the relevant service line(s) in the Comprehensive Income and Expenditure Statement.

Where an impairment loss is reversed subsequently, the reversal is credited to the relevant service line(s) in the Comprehensive Income and Expenditure Statement, up to the amount of the original loss, adjusted for depreciation that would have been charged if the loss had not been recognised.

Depreciation

Depreciation is provided for on all Property, Plant and Equipment assets by the systematic allocation of their depreciable amounts over their useful lives. An exception is made for assets without a determinable finite useful life (i.e. freehold land and certain Community Assets) and assets that are not yet available for use (i.e. assets under construction).

Depreciation is calculated on the following bases:

- dwellings and other buildings – straight-line allocation between 5 and 50 years, as advised by a professional valuer;
- vehicles, plant, furniture and equipment – straight-line allocation between 5 and 10 years, as advised by a suitably qualified officer; and
- infrastructure – straight-line allocation between 20 and 25 years, as advised by a suitably qualified officer.

Where an asset has been acquired under a finance lease arrangement, and the lease term is shorter than the asset's estimated useful life, the asset is depreciated over the lease term.

Where an item of Property, Plant and Equipment asset has major components whose cost is significant in relation to the total cost of the item, the components are depreciated separately.

Revaluation gains are also depreciated, with an amount equal to the difference between current value depreciation charged on assets and the depreciation that would have been chargeable based on their historical cost being transferred each year from the Revaluation Reserve to the Capital Adjustment Account.

Receipts below £5,000 arising from the sale of fixed assets are allocated to revenue. The Broads Authority has a policy of not depreciating assets in the first year of ownership.

Disposals and non-current assets

Assets that are to be abandoned or scrapped are not reclassified as Assets Held for Sale. When an asset is disposed of or decommissioned, the carrying amount of the asset in the Balance Sheet (whether Property, Plant or Equipment) is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. Receipts from disposals (if any) are credited to the same line in the Comprehensive Income and Expenditure Statement also as part of the gain or loss on disposal (i.e. netted off against the carrying value of the asset at the time of disposal). Any revaluation gains accumulated for the asset in the Revaluation Reserve are transferred to the Capital Adjustment Account.

Amounts received for a disposal in excess of £10,000 are categorised as capital receipts. The balance of receipts is required to be credited to the Capital Receipts Reserve, and can then only be used for new capital investment, or set aside to reduce the Authority's underlying need to borrow (the capital financing requirement) (England and Wales). Receipts are appropriated to the Reserve from the General Fund Balance in the Movement in Reserves Statement.

The written-off value of disposals is not a charge against the general fund, as the cost of fixed assets is fully provided for under separate arrangements for capital financing. Amounts are appropriated to the Capital Adjustment Account from the General Fund Balance in the Movement in Reserves Statement.

xvii. Provisions, contingent liabilities and contingent assets

Provisions

Provisions are made where an event has taken place that gives the Authority a legal or constructive obligation that probably requires settlement by a transfer of economic benefits or service potential, and a reliable estimate can be made of the amount of the obligation. For instance, the Authority may be involved in a court case that could eventually result in the making of a settlement or the payment of compensation.

Provisions are charged as an expense to the appropriate service line in the Comprehensive Income and Expenditure Statement in the year that the Authority becomes aware of the obligation, and are measured at the best estimate at the balance sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

When payments are eventually made, they are charged to the provision carried in the Balance Sheet. Estimated settlements are reviewed at the end of each financial year – where it becomes less than probable that a transfer of economic benefits will now be required (or a lower settlement than anticipated is made), the provision is reversed and credited back to the relevant service.

Where some or all of the payment required to settle a provision is expected to be recovered from another party (e.g. from an insurance claim), this is only recognised as income for the relevant service if it is virtually certain that reimbursement will be received if the Authority settles the obligation.

Contingent liabilities

A contingent liability arises where an event has taken place that gives the Authority a possible obligation whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Authority. Contingent liabilities also arise in circumstances where a provision would otherwise be made but either it is not probable that an outflow of resources will be required or the amount of the obligation cannot be measured reliably.

Contingent liabilities are not recognised in the Balance Sheet but are disclosed in a note (note 32) to the accounts.

Contingent assets

A contingent asset arises where an event has taken place that gives the Authority a possible asset whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Authority.

Contingent assets are not recognised in the Balance Sheet but disclosed in a note to the accounts where it is probable that there will be an inflow of economic benefits or service potential.

xviii. Reserves

The Authority sets aside specific amounts as reserves for future policy purposes or to cover contingencies. Reserves are created by appropriating amounts out of the General Fund Balance in the Movement in Reserves Statement. When expenditure to be financed from a reserve is incurred, it is charged to the appropriate service in that year to score against the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement.

Certain reserves are kept to manage the accounting processes for non-current assets, financial instruments and retirement and employee benefits and do not represent useable resources for the Authority – these reserves are explained in the relevant policies.

xix. Operating segments

In accordance with IFRS 8 and the Code, the Broads Authority keeps the general fund and navigation fund separately. Under the Code, the Authority has prepared a single income and expenditure account for 2019/20, however in note 35 to the accounts the navigation income and expenditure is shown.

xx. Allocation of costs

Salary, vehicle and other revenue costs are reallocated within the general expenditure to major projects that are grant aided partially or wholly by sources other than Defra grant. The method of allocation is kept as simple as possible and is either made on usage, such as number of hours spent on a project, or estimated on a percentage basis.

Recharges between the general and navigation funds are based on staff time and usage.

xxi. Revenue expenditure funded from capital under statute

Expenditure incurred during the year that may be capitalised under statutory provisions but that does not result in the creation of a non-current asset has been charged as expenditure to the relevant service in the Comprehensive Income and Expenditure Statement in the year.

xxii. VAT

VAT payable is included as an expense only to the extent that it is not recoverable from Her Majesty's Revenue and Customs. VAT receivable is excluded from income.

2. Accounting Standards that have been issued but have not yet been adopted

The 2019/20 Code of Practice on Local Authority Accounting adopts the following amendments to International Accounting Standards and International Financial Reporting Standards, which will be required from 1 April 2020:

- Although delayed by a further year until April 2021, IFRS 16 Leases will be a significant change in Local Authority Accounting. Its introduction will remove the distinction between operating and finance leases for lessees. The standard will require assets to be recognised on the balance sheet as well as the liability for

outstanding lease payments. This will apply where the right to use the asset exceeds 12 months and it is not considered low value. This will be a significant change to the Authority as it holds a number of operating leases relating to land that is used for moorings.

3. Critical judgements in applying accounting policies

In applying the accounting policies set out in note 1, the Authority has had to make certain judgements about complex transactions or those involving uncertainty about future events. The critical judgements made in the Statement of Accounts are:

- Despite the one year settlement from DEFRA for 2020/21 there remains a degree of uncertainty about the longer term levels of funding for National Parks. However, the Authority has determined that this uncertainty is not yet sufficient to provide an indication that the assets of the Authority might be impaired as a result of a need to close facilities and reduce levels of service provision.
- The Authority is a member of Whitlingham Charitable Trust of which there are four members. The Authority can appoint up to four trustees and there shall be no more than nine in total. The Trust is limited by guarantee in which each member agrees to contribute £1 in the event of it being wound up. Whitlingham Charitable Trust was established to manage and maintain Whitlingham Country Park for public benefit. Whilst the Authority did have significant influence in the management of the Trust, it does not have a controlling influence, and it does not have any share equity, or any share in profits or losses. It is considered therefore that International Accounting Standard (IAS) 28 – Accounting for Investments in Associates - does not apply as the charity has no formal equity structure, and the Authority does not derive any financial benefit from the Trust.

4. Assumptions made about the future and other major sources of estimation uncertainty

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities as at the balance sheet date and the amounts reported for the revenues and expenses during the year. However, the nature of estimation means that actual outcomes could differ from those estimates. The key judgements and estimation uncertainty that have a significant risk of causing material adjustment to the carrying amounts of assets and liabilities within the next financial year are:

Item	Uncertainties	Effect if actual results differ from assumptions
Property plant and equipment	Assets are depreciated over useful lives that are dependent on assumptions about the level of repairs and maintenance that will be incurred in relation to individual assets. The	If the useful life of assets is reduced, depreciation increases and the carrying amount of the assets fall.

Item	Uncertainties	Effect if actual results differ from assumptions
	current economic climate makes it uncertain that the Authority will be able to sustain its current spending on repairs and maintenance, bringing into doubt the useful lives assigned to assets.	It is estimated that the annual depreciation charge would increase by £68,000 for every year that useful lives had to be reduced.
Property	The assets valued during 2019/20 were undertaken prior to the outbreak of COVID-19. The pandemic is likely to adversely impact the valuations and the property consultants valuations have stated that there is 'material valuation uncertainty'.	If valuations of property reduce by 1% this is estimated to reduced the value of land and buildings by approximately £30,000.
Pensions liability	Estimation of the net liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on pension fund assets. A firm of consulting actuaries is engaged to provide the Authority with expert advice about the assumptions to be applied.	The effects on the net pensions liability of changes in individual assumptions can be measured. For instance, a 0.5% decrease in the discount rate assumption would result in an increase in the pension liability of £3,358,000. Further details are set out in the sensitivity analysis in note 31.

5. Material items of income and expenditure

There are no material items of expense in relation to 2019/20 which are not disclosed elsewhere within the Statement of Accounts.

6. Events after the balance sheet date

The Statement of Accounts was authorised for issue by the Chief Financial Officer on 22 November 2020. Events that occur after this date are not reflected in the financial statements or notes.

Following the disclosure in note 4 that our property consultants valuation stated that 'material uncertainty' existed on our Property as at 31 March 2020 this has been subsequently reviewed in line with the RICS update issued on 9 September 2020. The guidance recognised that there can be a general 'lifting' of uncertainty on certain categories of property. This means that the valuations relating to the Authority's property is no longer subject to material uncertainty as defined by VPS 3 and VPGA 10 of the RICS Valuation – Global Standards.

7. Note to the expenditure and funding analysis

Adjustments from General and Navigation Fund to arrive at the Comprehensive Income and Expenditure Statement Amount

Restated 2018/19 Adjustments for capital purposes (Note 1) £000	Restated 2018/19 Net change for the pensions adjustments (Note 2) £000	Restated 2018/19 Other differences (Note 3) £000	Restated 2018/19 Total adjustments £000	Description	2019/20 Adjustments for capital purposes (Note 1) £000	2019/20 Net change for the pensions adjustments (Note 2) £000	2019/20 Other differences (Note 3) £000	2019/20 Total adjustments £000

				Statement Surplus of Deficit on the Provision of Services				

Note

- Adjustments for capital purposes – this column adds in depreciation and impairment and revaluation gains and losses in the services line, and for:
 - Other operating expenditure – adjusts for capital disposal with a transfer of income on disposal of assets and the amounts written off for those assets.
 - Financing and investment income and expenditure – the statutory charges for capital financing ie Minimum Revenue Provision and other revenue contributions are deducted from other income and expenditure as these are not chargeable under generally accepted accounting practices.
- Net change for the removal of pension contribution and the addition of IAS 19 Employee Benefits pension related expenditure and income:
 - For services this represents the removal of the employer pension contributions made by the authority as allowed by statute and the replacement with current service costs and past service costs.
 - For Financing and investment income and expenditure – the net interest on the defined benefit liability is charged to the CIES.
- Other differences between amounts debited/credited to the Comprehensive Income and Expenditure Statement and amounts payable/receivable to be recognised under statute including accumulated absences.

Income received on a segmental basis is analysed below:

Service	Restated 2018/19 Income from services (£000)	2019/20 Income from services (£000)
Operations	(598)	(723)
Strategic Services	(473)	(530)
Chief Executive	(22)	(38)
Corporate items	0	0
Specialist ringfenced account (navigation)	(3,647)	(3,692)
Total income analysed on a segmental basis	(4,740)	(4,983)

8a. Expenditure and income analysed by nature

The Authority's expenditure and income is analysed as follows:

Expenditure	2018/19 £000	2019/20 £000
Employee benefits expenses	5,454	5,694
Other services expenses	3,412	3,621
Depreciation, amortisation, impairment	395	452
Interest payments	35	42
Expenditure in relation to investment properties	(130)	0
Loss/(gain) on the disposal of assets	(6)	12
Total expenditure	9,160	9,821

Income	2018/19 £000	2019/20 £000
Fees, charges and other service income	(4,751)	(4,988)
Interest and investment income	(37)	(49)
Contributions from reserves	(493)	(497)
Government grants and contributions	(3,356)	(3,468)
Total income (subtotal)	(8,637)	(9,002)
Surplus or deficit on the provision of services	523	819

In addition to the amounts reported within the Comprehensive Income and Expenditure Statement the breakdown above also includes income and expenditure funded from the earmarked reserves.

8b. Revenue from contracts with service recipients

Amounts included in the Comprehensive Income and Expenditure Statement for contracts with service recipients:

Contract Revenue	2018/19 £000	2019/20 £000
Revenue from contracts with service recipients	270	324
Total included in comprehensive income and expenditure	270	324

Amounts included in the Balance Sheet for contracts with service recipients

Outstanding Revenue	2018/19 £000	2019/20 £000
Receivables, which are included in debtors (Note 14)	25	14
Total included in net assets	25	14

9. Adjustments between accounting basis and funding basis under regulations

This note details the adjustments that are made to the total comprehensive income and expenditure recognised by the Authority in the year in accordance with proper accounting practice to the resources that are specified by statutory provisions as being available to the Authority to meet future capital and revenue expenditure.

2018/19 General fund and navigation fund £000	2018/19 Capital receipts reserve £000	2018/19 Movement in unusable reserves £000	Adjustments	2019/20 General fund and navigation fund £000	2019/20 Capital receipts reserve £000	2019/20 Movement in unusable reserves £000

Total	(1,585)	(1,231)	905	(1,911)	(1,234)	1,027	(2,118)

Included in the closing balance of £2,118k, £957k relates to Navigation funded reserves.

Earmarked reserves

Property

A reserve account set up to provide for the ongoing maintenance of the Authority's major assets, moorings and operational property assets, including Mutford Lock.

Plant, Vessels and Equipment

Reserve established to provide for the maintenance and replacement of the Authority's plant and equipment, including launches, construction and maintenance vessels and equipment, pool vehicles and fen management equipment.

Premises

A reserve account established to provide for the maintenance and development of the Authority's Dockyard facility and other buildings throughout the Broads.

Planning Delivery Grant

Balance of Defra and OPDM grants awarded to deliver the planning service.

Upper Thurne Enhancement Scheme

Reserve established to hold the balance of ring-fenced Environment Agency funding for enhancement works in the Upper Thurne.

Section 106 Agreements

A reserve account established to hold ring-fenced developers' contributions relating to planning application conditions.

Heritage Lottery Fund

A reserve account established for the Landscape Partnership project funded by the Heritage Lottery Fund.

Catchment Partnership

A reserve account set up to hold ring-fenced income from various partners within the Catchment Partnership.

CANAPE

A reserve account set up for European grant part funded project relating to the Creating A New Approach to Peatland Ecosystems.

Computer Software

A reserve account set up to provide for the ongoing replacement of Authority's Computer Software.

UK National Parks Communications

A reserve account set up to hold ring-fenced income from the 15 National Parks to fund the UK Communications Team.

At 31 March 2019	2,841	1,421	64	323	60	4,709

Depreciation

The following useful lives and depreciation rates have been used in the calculation of depreciation:

Category of Asset	Depreciation method	Depreciation period
Operational Land and Buildings	Straight line. (The split between land and buildings is determined by the Authority's property consultant)	Between 5 to 50 years as per professional advice
Community Land	Not depreciated	Not depreciated
Infrastructure Asset	Straight line	Between 20 to 25 years
Vehicles, Vessels and Equipment	Straight line	Between 5 to 10 Years
Computer and Office Equipment	Straight line	5 years

Capital Commitments

The Authority has no capital commitments as at the balance sheet date.

Impairments

In accordance with IAS 36 and the Code, Directors have undertaken an annual impairment review. No assets were considered to be impaired.

Revaluations

The Authority carries out a rolling programme that ensures that all Property, Plant and Equipment required to be measured at current value is revalued every five years. Valuations were carried out internally and externally. Valuations of land and buildings were carried out externally by NPS Property Consultants Ltd, in accordance with methodologies and bases for estimation set out in the professional standards of the Royal Institution of Chartered Surveyors. Valuations of vehicles, plant, furniture and equipment are based on current prices where there is an active second-hand market or latest list prices adjusted for the condition of the asset.

Significant assumptions applied in estimating the current values are:

- Property, Plant and Equipment of a specialised nature were valued on the basis of what it would cost to reinstate the service, suitably adjusted to reflect for age, wear and tear and obsolescence of the existing asset.
- Infrastructure Assets and Community Assets have been valued at historic cost rather than fair value.
- Property leases have been split between finance and operating leases and valued accordingly depending upon whether the Authority is lessor or lessee.

Financial Year	Land and buildings £000	Vehicles, plant, furniture & equipment £000	Infrastructure assets £000	Community assets £000	Assets under construction £000	Total £000
Carried at historical cost	0	0	48	323	0	371
Valued at current value as at 31 March 2020	913	189	14	0	32	1,148

47	0	47	Balance at 31 March	60	47	107

The HMRC Provision related to the non-taxation of members expenses for attendance at committee meetings during the period 2012/13-2017/18. Settlement was agreed with HMRC in August 2018.

The Whitlingham Dilapidations Provision relates to end of lease dilapidations as assessed by Whitlingham Charitable Trust. Due to COVID-19 the Authority has been unable to have it's own survey conducted to potentially reduce the liability.

For more information on the Accumulated Absence Account, see note 19.

18. Usable reserves

Movements in the Authority's usable reserves are detailed in the Movement in Reserves Statement.

19. Unusable reserves

31 March 2019 £000	Description	31 March 2020 £000
1,950	Revaluation reserve	1,771
2,484	Capital Adjustment Account	2,618
(10,812)	Pensions Reserve	(8,719)
(47)	Accumulated Absences Account	(60)
(6,425)	Total unusable reserves	(4,390)

Revaluation reserve

The Revaluation Reserve contains the gains made by the Authority arising from increases in the value of its Property, Plant and Equipment (and Intangible Assets). The balance is reduced when assets with accumulated gains are:

- revalued downwards or impaired and the gains are lost;
- used in the provision of services and the gains are consumed through depreciation; or
- disposed of and the gains are realised.

The Reserve contains only revaluation gains accumulated since 1 April 2007, the date that the Reserve was created. Accumulated gains arising before that date are consolidated into the balance on the Capital Adjustment Account.

2018/19 £000	Description	2019/20 £000
1,774	Balance at 1 April	1,950
75	Upward revaluation of assets	132
(3)	Downward revaluation of assets	(14)
72	Surplus or deficit on revaluation of non-current assets not posted to the Surplus or Deficit on Provision of Services (subtotal)	118
105	Difference between current value depreciation and historical cost depreciation	(297)
(1)	Asset disposed of 2019/20, balance still on reserve	0

2018/19 £000	Description	2019/20 £000
104	Amount written off to the Capital Adjustment Account (subtotal)	(179)
1,950	Balance at 31 March	1,771

Capital Adjustment Account

The Capital Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The Account is debited with the cost of acquisition, construction or enhancement as depreciation, impairment losses and amortisations are charged to the Comprehensive Income and Expenditure Statement (with reconciling postings from the Revaluation Reserve to convert current value figures to a historical cost basis). The Account is credited with the amounts set aside by the Authority as finance for the costs of acquisition, construction and enhancement.

The Account contains accumulated gains and losses on Investment Properties and gains recognised on donated assets that have yet to be consumed by the Authority. The Account also contains revaluation gains accumulated on Property, Plant and Equipment before 1 April 2007, the date that the Revaluation Reserve was created to hold such gains. Note 9 provides details of the source of all the transactions posted to the Account, apart from those involving the Revaluation Reserve.

2018/19 £000	Description	2019/20 £000
2,921	Balance at 1 April	2,484
130	Reversal of items relating to capital expenditure debited or credited to the Comprehensive Income and Expenditure Statement: Transfer of non-current asset sale proceeds from revenue to Capital Receipts Reserve	0
(372)	Charges for depreciation and impairment of non-current assets	(392)
(14)	Revaluation losses on property plant & equipment	(51)
(130)	Movements in the market value of investment properties	0
0	Movement in the Donated Assets	54
(9)	Amortisation of intangible assets	(9)
(280)	Amounts of non-current assets written off on disposal or sale as part of the gain/loss in disposal to the comprehensive income and expenditure statement	(16)
(105)	Adjusting amounts written out of the revaluation reserve	297

2018/19 £000	Description	2019/20 £000
(780)	Net written out amount of the cost of non-current assets consumed in the year (subtotal)	(117)
70	Capital financing applied in the year: Statutory provision for the financing of capital investment charges against the general fund removal of finance lease liability for assets returned in year	72
0	Derecognition of finance lease liability	9
273	Capital expenditure charges against the General Fund	170
2,484	Balance at 31 March	2,618

Pensions Reserve

The Pensions Reserve absorbs the timing differences arising from the different arrangements for accounting for post-employment benefits and for funding benefits in accordance with statutory provisions. The Authority accounts for post-employment benefits in the Comprehensive Income and Expenditure Statement as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs. However, statutory arrangements require benefits earned to be financed as the Authority makes employer's contributions to pension funds or eventually pays any pensions for which it is directly responsible. The debit balance on the Pensions Reserve therefore shows a substantial shortfall in the benefits earned by past and current employees and the resources the Authority has set aside to meet them. The statutory arrangements will ensure that funding will have been set aside by the time the benefits come to be paid.

2018/19 £000	Description	2019/20 £000
(7,571)	Balance at 1 April	(10,812)
(2,253)	Remeasurements of the net defined benefit liability/(asset)	3,111
(1,699)	Reversal of items relating to retirement benefits debited or credited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement	(1,762)
711	Employer's pension contributions and direct payments to pensioners payable in the year	744
(10,812)	Balance at 31 March	(8,719)

Accumulated Absences Account

The Accumulated Absences Account absorbs the differences that would otherwise arise on the General Fund balance from accruing for compensated absences earned but not taken in the year, e.g. annual leave entitlement carried forward at 31 March. Statutory arrangements require that the impact on the General Fund balance is neutralised by transfers to or from the Account.

2018/19 £000	Description	2019/20 £000
(50)	Balance at 1 April	(47)
50	Settlement or cancellation of accrual made at the end of the preceding year	47
(47)	Amounts accrued at the end of the current year	(60)
0	Amount by which officer remuneration charged to the Comprehensive Income and Expenditure Statement on an accruals basis is different from remuneration chargeable in the year in accordance with statutory requirements	0
(47)	Balance at 31 March	(60)

20. Cash Flow Statement – Operating Activities

The cash flows from operating activities include the following items:

2018/19 £000	Operating activity	2019/20 £000
(34)	Interest received	(49)
35	Interest paid	42
1	Net cash flows from operating activities	(7)

21. Cash flow statement – investing activities

2018/19 £000	Investing activity	2019/20 £000
(273)	Purchase of property, plant and equipment, investment property and intangible assets	(170)
(1,000)	Purchase of short term investments	(500)
(3)	Other payments from investing activities	(2)
(11)	Proceeds from the sale of property, plant and equipment, investment property and intangible assets	(4)
(1,287)	Net cash flows from investing activities	(676)

22. Cash flow statement – financing activities

2018/19 £000	Financing activity	2019/20 £000
(55)	Cash payments for the reduction of the outstanding liabilities relating to finance leases	(57)
(15)	Repayments of short and long term borrowing	(15)
(70)	Net cash flows from financing activities	(72)

23. Members' allowances

The Authority paid the following amounts to Members of the Authority during the year:

2018/19 £000	Member payment type	2019/20 £000
37	Allowances	39
6	Expenses	7
43	Total	46

24. Officers' remuneration

The remuneration paid to the Authority's senior employees as follows:

Job Title	Year	Salary, feed and allowances £000	Bonuses £000	Expenses allowances £000	Pension contribution £000	Total £000
Chief Executive	2018/19	87	0	0	16	103
	2019/20	88	0	0	16	105
Director of Strategic Services	2018/19	58	0	0	11	69
	2019/20	59	0	0	11	70
Director of Operations	2018/19	57	0	0	10	67
	2019/20	59	0	0	11	70

The number of employees receiving more than £50,000 remuneration for the year (excluding employer's pension contributions) is shown below:

Number of employees 2018/19	Remuneration amount band	Number of employees 2019/20
0	£50,000 - £54,999	0
2	£55,000 - £59,999	2
0	£60,000 - £64,999	0
0	£65,000 - £69,999	0
0	£70,000 - £74,999	0
0	£75,000 - £79,999	0
0	£80,000 - £84,999	0
1	£85,000 - £89,999	1

Exit packages

The number and cost of exit packages agreed, analysed between compulsory redundancies and other departures, are disclosed in the table below:

Exit package cost band	Number of compulsory redundancies 2018/19	Number of compulsory redundancies 2019/20	Number of other departures agreed 2018/19	Number of other departures agreed 2019/20	Total number of exit packages by cost band 2018/19	Total number of exit packages by cost band 2019/20	Total cost of exit packages in each band 2018/19 £000	Total cost of exit packages in each band 2019/20 £000
£0-£20,000	0	1	0	0	0	1	0	12
£20,001-£40,000	0	1	0	0	0	1	0	24
Total	0	2	0	0	0	2	0	36

The total cost in the table above for exit packages have been charges to the authority's comprehensive income and expenditure statement in the previous year.

25.External audit costs

The Broads authority has incurred the following fees relating to audit of the Statement of Accounts, certification of grant claims and statutory inspections and to non-audit services provided by the Authority's external auditors

2018/19 £000	Type of external audit cost	2019/20 £000
11	Fees payable to external auditors with regard to external audit services carried out by the appointed auditor for the year	11
11	Total	11

26. Grant income

The Authority credited the following grants, contributions and donations to the Comprehensive Income and Expenditure Statement:

2018/19 £000	Grant Name	2019/20 £000
3,356	Credited to taxation and non-specific grant income:	3,414
0	Defra National Park Grant	54
	Donated Asset (Acle WC)	
459	Credited to serves:	495
	Heritage Lottery Fund – Landscape Partnership Scheme	
202	CANAPE - ERDF	95
0	Defra Environment Land Management Scheme	24
0	Water Environment Grant	26
4,017	Total	4,108

27. Related parties

The Broads Authority is required to disclose material transactions with related parties, bodies or individuals that have the potential to control or influence the Authority or to be controlled or influenced by the Authority. Disclosure of these transactions allows readers to assess the extent to which the Authority might have been constrained in its ability to operate independently or might have secured the ability to limit another party's ability to bargain freely with the Authority.

Central Government

Central government has effective control over the general operations of the Authority – it is responsible for providing the statutory framework within which the Authority operates, provides the majority of funding in the form of grants and prescribes the terms of many of the transactions that the Authority has with other parties.

Members

Members of the Broads Authority have direct control over the Authority's financial and operating policies. Members of the Navigation Committee have a consultative role in respect of navigation matters. The Authority wrote to all Members requesting details of any related party transactions. Details of Members' expenses are included in note 23.

A number of members of the Broads Authority are appointed by Local Authorities within the Broads area. The Authority transacts with these other Local Authorities for items such as rates in the normal course of business. There were no material transactions with Local Authorities which are not disclosed elsewhere within the Statement of Accounts.

Mr Louis Baugh was a member of the Broads Authority and Audit & risk committee. The Authority completed remedial repair works in 2019/20 relating to a joint land access

agreement in place with Mr Baugh. No monies were exchanged, however, the overall value of work and materials was £7,276.

Mr Andrew Hamilton is a member of the Navigation Committee and is Director of “Eastwood Whelpton Ltd”. “Eastwood Whelpton Ltd” paid £10,989.29 (£10,731 2018/19) navigation tolls to the Broads Authority in 2019/20.

Mr James Knight is a member of the Broads Authority and Planning Committee and is a Director of ‘Waveney River Centre (2003) Ltd’. Waveney River Centre (2003) Ltd paid £18,032 (£8,019 2018/19) navigation tolls to the Broads Authority in 2019/20. The Authority also made fuel purchases of £1,294 (£1,036 in 2018/19) and used mooring facilities of £2,400 during 2019/20 (£2,400 2018/19) and prepaid £2,500 in advance relating to 2020/21. No amounts were outstanding at 31 March 2020. Mr Knight took no part in the decision-making process associated with these contracts.

Mr Greg Munford is a member of the Broads Authority, Navigation Committee and Audit & risk Committee and is Chief Executive of ‘Richardson’s Leisure Ltd’. Richardson’s Leisure paid £384,802 (£382,281 2018/19) navigation tolls to the Broads Authority in 2019/20. The Authority also made fuel purchases of £730 during 2019/20 (Nil in 2018/19). No amounts were outstanding at 31 March 2020. Mr Munford took no part in the decision-making process associated with this contract.

Mr Simon Sparrow is a member of the Navigation Committee and is Director of Hippersons Boatyard Ltd. Hippersons Boatyard paid £4,652 (£3,826 2018/19) navigation tolls to the Broads Authority in 2019/20. The Authority also made fuel purchases of £72 during 2019/20 (Nil 2018/19). £72 was outstanding at 31 March 2019. Mr Sparrow took no part in the decision-making process associated with this contract.

Officers

The Chief Executive represents the Broads Authority on the board of the Whitlingham Charitable Trust. Officer remuneration is detailed in note 24.

Whitlingham Charitable Trust

During the year the Authority provided administration services for Whitlingham Charitable Trust of £36,632 (£45,555 in 2018/19). The balance outstanding at 31 March 2020 was £6,953 (£15,384 at 31 March 2019).

The Broads Authority also provides a recharge service for purchase invoices and salaries of £72,832 (£82,513 in 2018/19). The balance outstanding at 31 March 2020 was £6,914 (£10,115 at 31 March 2019).

The Whitlingham Charitable Trust also invoiced the Authority £15,880 (£18,789 in 2018/19) for rental income for the lease of the visitor centre and moorings, and £4,339 for income collected on behalf of the Trust (£3,991 in 2018/19). The balance outstanding at 31 March 2020 was £864 (£2,159 in 2018/19). The Trust can also recharge purchase invoices, although there were none in 2019/20 (none in 2018/19).

Birketts LLP

Birketts LLP provides legal services to the Broads Authority. The Authority paid £54,866 for legal services in 2019/20 (£5,133 2018/19). £8,656 was outstanding at 31 March 2020 (£Nil 2018/19). The Senior Associate at Birketts LLP serves as Monitoring Officer to the Broads Authority and was appointed in May 2019.

Other Public Bodies

The Authority recharged Broadland District Council for staff time of £5,667 during 2019/20 (£12,009 in 2018/19). No amounts were outstanding at 31 March 2020 (£1,565 at 31 March 2019).

Norfolk County Council provides legal services to the Broads Authority via its legal practice, NPLaw. The Authority paid £34,155 for legal services in 2019/20 (£57,249 in 2018/19). £1,491 was outstanding at 31 March 2020 (Nil 2018/19).

Norfolk County Council also provides payroll services to the Broads Authority. The Authority paid £9,291 for this in 2019/20 (£6,952 in 2018/19). £2,295.13 was outstanding at 31 March 2020 (Nil 2018/19).

The Authority recharged Norfolk County Council for staff time of £2,520 during 2019/20 (Nil in 2018/19). No amounts were outstanding at 31 March 2020.

28. Capital expenditure and capital financing

The total amount of capital expenditure incurred in the year is shown in the table below (including the value of assets acquired under finance leases and PFI/PP contracts), together with the resources that have been used to finance it. Where capital expenditure is to be financed in future years by charges to revenue as assets are used by the Authority, the expenditure results in an increase in the Capital Financing Requirement (CFR), a measure of the capital expenditure incurred historically by the Authority that has yet to be financed. The CFR is analysed in the second part of this note.

2018/19 £000	Description	2019/20 £000
364	Opening Capital Finance Requirement	294
273	Capital investment: Property, plant and equipment	224
(273)	Sources of finance Sums set aside from revenue: Direct revenue contributions	(170)
0	Donated Asset	(54)
(70)	MRP	(72)
294	Closing capital finance requirement	222

2018/19 £000	Description	2019/20 £000
(70)	Explanation of movements in year Increase/(decrease) in underlying need to borrow (unsupported by government financial assistance)	(72)
(70)	Increase/(decrease) in capital financing requirement	(72)

29. Leases

Authority as lessee

Finance Leases

The Authority has a number of vehicles, plant and office equipment acquired under finance leases. The assets acquired under these leases are carried as Property, Plant and Equipment in the Balance Sheet at the following net amounts:

2018/19 £000	Asset Type	2019/20 £000
0	Other Land and Buildings	0
190	Vehicles, Plant, Furniture and Equipment	128
190	Total	128

The Authority is committed to making minimum payments under these leases comprising settlement of the long-term liability for the interest in the property acquired by the Authority and finance costs that will be payable by the Authority in future years while the liability remains outstanding. The minimum lease payments are made up of the following amounts:

2018/19 £000	Time periods	2019/20 £000
50	Finance lease liabilities (net present value of minimum lease payments): Current	43
130	Non-current	72
7	Finance costs payable in future years	4
187	Minimum lease payments	119

The minimum lease payments will be payable over the following periods:

Time periods	Minimum lease payments 31 March 2019 £000	Minimum lease payments 31 March 2020 £000	Finance lease liabilities 31 March 2019 £000	Finance lease liabilities 31 March 2020 £000
Not later than one year	53	45	50	43
Later than one year and not later than 5 years	134	74	130	72
Later than 5 years	0	0	0	0
Total	187	119	180	115

The minimum lease payments do not include rents that are contingent on events taking place after the lease was entered into, such as adjustments following rent reviews. In 2019/20, no (£nil) contingent rents were payable by the Authority (2018/19 £nil).

Operating Leases

The Authority has also established operating leases in relation to land and buildings with typical lives between 5 and 20 years. The future minimum lease payments due under noncancelable leases in future years are:

2018/19 £000	Time period	2019/20 £000
138	Not later than one year	141
380	Later than one year and not later than 5 years	280
194	Later than 5 years	207
712	Total	628

The expenditure charged to the Comprehensive Income and Expenditure Statement during the year in relation to these leases was:

2018/19 £000	Expenditure	2019/20 £000
170	Minimum lease payments	162
170	Total	162

Authority as Lessor

Finance Leases

The Authority has no leased out property on a finance lease.

Operating Leases

The Authority leases out land and property under operating leases for the following purposes:

- For the provision of community services, such as tourism services; and
- For an outdoor education and study centre.

The future minimum lease payments receivable under non-cancellable operating leases in future years are:

2018/19 £000	Time Period	2019/20 £000
0	Not later than one year	0
0	Later than one year and not later than 5 years	0
0	Later than 5 years	0
0	Total	0

The minimum lease payments receivable do not include rents that are contingent on events taking place after the lease was entered into, such as adjustments following rent reviews.

30. Termination benefits

The Authority terminated the contracts of two employees who were made redundant at the beginning of 2019/20 as part of the Broads Authority's organisational restructuring. In terminating these contracts the Authority incurred liabilities of £36,315, of which £nil related to enhanced pension benefits. No additional liabilities relating to termination benefits were incurred during 2019/20 and no provision for any future redundancy payments was established in the year.

31. Defined Benefit Pension Schemes

Participation in Pension Schemes

As part of the terms and conditions of employment of its officers and other employees, the Broads Authority makes contributions towards the cost of post-employment benefits. Although these benefits will not actually be payable until employees retire, the Authority has a commitment to make future payments and thus these need to be disclosed as a future entitlement. The Authority participates in one pension scheme:

- The Norfolk Pension Fund for civilian employees (the Local Government Pension Scheme), administered locally by Norfolk County Council. This is a funded defined benefit final salary scheme, meaning that the Authority and employees pay contributions into a fund, calculated at a level intended to balance the pension liabilities with investment assets.

Guaranteed minimum pension

Guaranteed minimum pension (GMP) was accrued by members of the Local Government Pension Scheme (LGPS) between 6 April 1978 and 5 April 1997. The value of GMP is inherently unequal between males and females for a number of reasons, including a higher retirement age for men and GMP accruing at a faster rate for women. However overall equality of benefits was achieved for public service schemes through the interaction between scheme pensions and the State Second Pension. The introduction of the new Single State Pension in April 2016 disrupted this arrangement and brought uncertainty over the ongoing indexation of GMPs, which could lead to inequalities between men and women's benefits.

As an interim solution to avoid this problem, GMP rules were changed so that the responsibility for ensuring GMPs kept pace with inflation passed in full to pension schemes themselves for members reaching state pension age between 6 April 2016 and 5 April 2021. This new responsibility leads to increased costs for schemes (including the LGPS) and hence scheme employers.

The fund's actuary has carried out calculations in order to estimate the impact that the GMP indexation changes will have on the liabilities of the Broads Authority for financial reporting purposes. The estimate assumes that the permanent solution eventually agreed will be equivalent in cost to extending the interim solution to all members reaching state pension age from 6 April 2016 onwards.

The McCloud Judgement

When the LGPS benefit structure was reformed in 2014, transitional protections were applied to certain older members close to normal retirement age. The benefits accrued from 1 April 2014 by these members are subject to an 'underpin' which means that they cannot be lower than what they would have received under the previous benefit structure. The underpin ensures that these members do not lose out from the introduction of the new scheme, by effectively giving them the better of the benefits from the old and new schemes.

In December 2018 the Court of Appeal upheld a ruling ("McCloud/Sargeant") that similar transitional protections in the Judges' and Firefighters' Pension Schemes were unlawful on the grounds of age discrimination. The implications of the ruling are expected to apply to the LGPS (and other public service schemes) as well. The UK Government requested leave to appeal to the Supreme Court but this was denied.

The impact of the ruling is uncertain. It is looking likely that benefits accrued from 2014 may need to be enhanced so that all members, regardless of age, will benefit from the underpin. However, restitution may be achieved in a different way, for example by paying compensation. In either case, the clear expectation is that many more members would see an enhanced benefit rather than just those currently subject to these protections. In this outcome, there would likely be a retrospective increase to members' benefits, which in turn would give rise to a past service cost for the Fund employers when the outcome is known.

Quantifying the impact at this stage is very difficult because it will depend on the compensation awarded, members' future salary increases, length of service and retirement age, and whether (and when) members withdraw from active service. Salary increases in particular can vary significantly from year to year and from member to member depending on factors such as budget restraint, job performance and career progression. The Government Actuary's Department (GAD) has estimated that the impact for the LGPS as a whole could be to increase active member liabilities by 3.2%, based on a given set of actuarial assumptions. A full description of the data, methodology and assumptions underlying these estimates is given in GAD's paper, dated 10 June 2019.

The effect of the judgement has been included in the pension liabilities recognised in the balance sheet.

Transactions relating to Post-Employment Benefits

The Authority recognises the cost of retirement benefits in the reported cost of services when they are earned by employees, rather than when the benefits are eventually paid as pensions. However, the charge the Authority is required to make against tolls and Defra grant is based on the cash payable in the year, so the real cost of post-employment benefits is reversed out via the Movement in Reserves Statement. The following transactions have been made in the Comprehensive Income and Expenditure Statement and via the Movement in Reserves Statement during the year:

2018/19 £000	Transaction	2019/20 £000
	Comprehensive Income and Expenditure Statement	
	Cost of services:	
1,289	• current service cost	1,493

Basis for estimating assets and liabilities

Liabilities have been assessed on an actuarial basis using the projected unit method, an estimate of the pensions that will be payable in future years dependent on assumptions about mortality rates, salary levels, etc. The Fund liabilities have been assessed by Hymans Robertson, an independent firm of actuaries, estimates for the fund being based on the latest full valuation of the scheme as at 31 March 2019.

The principal assumptions used by the actuary have been:

31 March 2019	Assumption	31 March 2020
	Long term expected rate of return on assets in the scheme:	
2.4%	• Equity investments	2.3%
2.4%	• Bonds	2.3%
2.4%	• Property	2.3%
2.4%	• Cash	2.3%
	Mortality assumptions:	
	Longevity at 65 for current pensioners:	
22.1 years	• Men	21.7 years
24.4 years	• Women	23.9 years
	Longevity at 65 for future pensioners:	
24.1 years	• Men	22.8 years
26.4 years	• Women	25.5 years
2.5%	Rate of inflation	1.9%
2.8%	Rate of increase in salaries	2.6%
2.5%	Rate of increase in pensions	1.9%
2.4%	Rate for discounting scheme liabilities	2.3%
	Take up of option to convert annual pension into retirement lump sum:	
50%	Pre- April 2008 service	50%
75%	Post- April 2008 service	75%

*The expected rates of return are set equal to the discount rate (per the revised version of IAS19).

The estimation of the defined benefit obligation is sensitive to the actuarial assumptions set out in the table above. The sensitivity analyses below have been determined based on reasonably possible changes of the assumptions at the end of the reporting period and assumes for each other change that the assumption analysed changes while all the other assumptions remain constant. The assumptions in longevity, for example, assume that life expectancy increases or decreases for men and women. In practice, this is unlikely to occur, and changes in some of the assumptions may be interrelated. The estimations in the sensitivity analysis have followed the accounting policies for the scheme, i.e. on an actuarial

basis using the projected unit credit method. The methods and types of assumptions used in preparing the sensitivity analysis below are consistent with those adopted in the previous period.

Sensitivity analysis – impact on the defined benefit obligation in the scheme

Change in assumptions at 31 March 2020	Approximate % increase to employer liability	Approximate monetary amount £000
0.5% decrease in real discount rate	10%	3,358
1 year increase in member life expectancy	3-5%	Dependent on revised assumption
0.5% increase in the salary increase rate	1%	262
0.5% increase in the pension increase rate	9%	3,072

Techniques used to manage risk

The Pensions Committee of Norfolk County Council considers long term liabilities when setting its investment strategy but does not follow a specific liability matching investment approach having taken appropriate professional advice. The Committee has agreed an asset allocation benchmark, a performance target and various controls on the Fund's investments. These reflect their views on the appropriate balance between maximising the long-term return on investments and minimising short-term volatility and risk. The Committee monitors and reviews the performance of investments and the overall strategy on a regular basis, supported by advice from professional advisers as required. A large proportion of the Fund's assets relate to equities (50% of scheme assets) and bonds (34%). These percentages are materially the same as the previous year. The scheme also invests in properties as part of the diversification of the scheme's investments.

Further details of the Fund's investment approach are outlined in the Statement of Investment Principles and Funding Strategy Statement that are published on the Fund's website www.norfolkpensionfund.org.

Impact on the Authority's cash flows

The objectives of the scheme are to keep employers' contributions at as constant a rate as possible. The Administering Authority has agreed a strategy with the scheme's actuary to achieve a funding level of 100% over the next 20 years. Funding levels are monitored on an annual basis. The next triennial valuation will take place on 31 March 2022.

The scheme will need to take account of the national changes to the scheme under the Public Pension Services Act 2013. Under the Act, the Local Government Pension Scheme in England and Wales may not provide benefits in relation to service after 31 March 2014. The Act provides for scheme regulations to be made within a common framework, to establish

new career average revalued earnings schemes to pay pensions and other benefits to certain public servants.

The Authority anticipates paying contributions of approximately £740,000 to the scheme in 2020/21.

32. Contingent Liabilities

The Authority has identified one material contingent liability:

Postwick Tip

The Authority uses a site “Postwick Tip,” which is included in the Authority’s Fixed Asset Register, for the treatment of sediment material from dredging operations. This natural treatment process involves the drying of sediment so that mercury content is absorbed. As such there would be no clean-up costs at the end of the site’s life. However, if the Authority were to stop using the site, there would be a cost of £33,000 to surrender the license. There is currently no expectation that the Authority will cease using the site. The Authority’s use of the site is the subject of a bond / financial provision to the Environment Agency in the amount of £6.4m. This covers the estimated cost of restoration which could arise if there were to be a catastrophic event at the site. Defra are the guarantors for this bond and the Authority would not itself anticipate making any payment under the terms of this agreement.

33. Financial Instruments

The following categories of financial instrument are carried in the Balance Sheet:

Financial Assets

Type	Non-Current Investments 31 March 2019 £000	Non-Current Investments 31 March 2020 £000	Non- Current Debtors 31 March 2019 £000	Non- Current Debtors 31 March 2020	Current Investments 31 March 2019 £000	Current Investments 31 March 2020 £000	Current Debtors 31 March 2019 £000	Current Debtors 31 March 2020	Total 31 March 2019 £000	Total 31 March 2020 £00

Interest Expense	35	0	35	42	0	42

Interest Type	Surplus or Deficit on the Provision of Services 2018/19 £000	Other Comprehensive Income and Expenditure 2018/19 £000	Total 2018/19 £000	Surplus or Deficit on the Provision of Services 2019/20 £000	Other Comprehensive Income and Expenditure 2019/20 £000	Total 2019/20 £000
Interest Income	(37)	0	(37)	(49)	0	(49)

Fair Values of Assets and Liabilities

Financial liabilities, financial assets represented by loans and receivables and long term debtors and creditors are carried in the Balance Sheet at amortised cost. Their fair value can be assessed by calculating the present value of the cash flows that will take place over the remaining term of the instruments. These valuations are all classified as Level 2, where market prices are not available, with valuation techniques using inputs based significantly on observable market data. The following assumptions should be noted:

- Fixed interest rate of 4.82% over the 20 year PWLB loan;
- No early repayment or impairment is recognised; and
- The fair value of trade and other receivables is taken to be invoices or billed amount.

The fair values calculated are as follows:

Financial Liabilities held at amortised cost:	31 March 2019 Carrying Amount £000	31 March 2019 Fair Value £000	31 March 2020 Carrying Amount £000	31 March 2020 Fair Value £000
PWLB	123	146	109	130
Finance Leases	180	180	115	115
Short Term Creditors	1,697	1,697	2,740	2,740
Total	2,000	2,023	2,964	2,985

The fair value of borrowings is higher than the carrying amount because the authority's PWLB loan is at a fixed interest rate where the interest rate payable is higher than the prevailing rates at the Balance Sheet date. This shows a notional future loss (based on economic conditions as at 31 March 2020) arising from a commitment to pay interest to lenders above the current market rate. Refinancing the loan at lower interest rates would outweigh the early repayment fee.

Financial assets held at amortised cost:	31 March 2019 Carrying Amount £000	31 March 2019 Fair Value £000	31 March 2020 Carrying Amount £000	31 March 2020 Fair Value £000
Fixed term investments	3,508	3,508	4,010	4,010
Cash at banks	1,196	1,196	679	679
Short Term debtors	559	559	2,839	2,015
Total	5,263	5,263	7,528	6,704

Short term debtors and creditors are carried at cost as this is fair approximation of their value.

34. Nature and Extent of Risks Arising from Financial Instruments

The Authority's activities expose it to a variety of financial risks:

Credit Risk: The possibility that other parties might fail to pay amounts due to the Authority.

Liquidity Risk: The possibility that the Authority might not have funds available to meet its commitments to make payments.

Market Risk The possibility that financial loss might arise for the Authority as a result of changes in such measures as interest rates and stock market investments.

Foreign Exchange Risk: The possibility that financial loss might arise for the Authority as a result of changes in the exchange rate (GBP and Euro).

The Broads Authority's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the resources available to fund services.

Credit Risk

Credit risk arises from deposits with banks and financial institutions, as well as credit exposures to customers. Deposits are only made in line with the Treasury Management Strategy which requires that deposits are not made with banks and financial institutions unless they are highly rated. Therefore the Broads Authority does not consider there to be any quantifiable risk in relation to investments.

The Authority's standard terms and conditions for payment of invoices are 30 days from invoice date. The Authority does not allow credit for customers, and only a small proportion of invoices were overdue and outstanding as at 31 March 2020 for which a bad debt provision had not been put in place.

Liquidity Risk

A one year funding agreement from DEFRA means the Broads Authority has some certainty over 2020/21. Longer term uncertainty still remains and future changes in government brings further uncertainty whether future multi-year funding will be available. Given the significant cash balances there is no significant risk that it will be unable to meet its commitments under financial instruments. All financial liabilities are due to be repaid within one to five years with the exception of the 20 year PWLB loan. Therefore there is no risk of having to borrow at unfavourable rates in future to replenish borrowings.

Market Risk

With the exception of the PWLB loan, the Broads Authority is debt free. Excess cash is invested at variable or fixed money market rates depending on forecasts for interest rates under the period of review.

Foreign Exchange Risk

The Authority's Annual Investment and Capital Financing Strategy for 2020/21 states that if the Authority enters into any contractual arrangements above £100,000 which involve foreign currency, the advice of the Chief Financial Officer will be sought on the advisability of hedging the exchange risk before entering into the contract.

		1,179	Total comprehensive income and expenditure			(1,194)

36. Going Concern

The CIPFA Code confirms that local authority accounts must be prepared on a going concern basis. The Corona virus restrictions across the UK, have created significant issues for many businesses and residents and as a result from April 2020, Authority income was affected as payers sought to defer payments or were unable to pay at all. The impact of this on cashflow was mitigated by DEFRA forwarding 35% of National Park Grant at the beginning of April and expenditure either being delayed or rescheduled into 2021/22. The government has provided some support for lost income and for the additional costs borne by authorities because of the crisis. The Authority has received just over £20,000 in this regard. DEFRA has agreed to underwrite lost income between £200,000 and £800,000 which will be drawn down in line with identified need. However current forecasts indicates this will not be required.

Our most recent year-end balances, as reported in these statements are as follows.

Date	General Fund	Navigation Fund	Earmarked reserves
31/3/20	£1.115m	£0.543m	£2.118m

We have carried out an assessment of the impact of Covid-19 on our future finances and we are satisfied that there is no material uncertainty relating to the Authority's going concern. Through our assessment we have identified that we expect in 2020/21:

Reductions in revenue relating to:

1. Toll Income – where we have assumed a reduction of 5% for the year, as a consequence of where Private and Hire Boats were unable to operate due to social distancing restrictions.
2. Visitor Services Income – 25% fall relating to lost trading from closed sites for the first 3 months of the year, given the seasonality of our business.

Additional costs relating to Covid-19 have been estimated at £35,000 based on the expectations of the Authority's Management on preparing customer facing sites for reopening and facilitating staff being able to work from home.

If the lockdown arrangements are to extend beyond the 6 months window into 2020/21 that we have set out above, we have not assumed any additional central government grants within in our assumptions, and we have yet to make any assessment of further additional costs due to the uncertainty.

Therefore, we would expect our 2020/21 outturn to show a revised consolidated surplus – taking into account all the above factors of £57,230. This would be added to the General and Navigation Fund balance – which would then have a predicted balance of £1,703,890 at 31 March 2021.

The Authority has undertaken cash flow modelling through to March 2022 which demonstrates the Authority's ability to work within its Capital Financing Requirement and Cash management framework, with a minimum headroom of £0.210 million.

Glossary of Terms

Accounting period

The period of time covered by the accounts, a period of twelve months commencing on 1 April. The end of the accounting period is the Balance Sheet date.

Accounting policies

The basis on which an organisation's financial statements are based to ensure that those statements 'present fairly' the financial position and transactions of that organisation. Accounting concepts include 'materiality', 'accruals', 'going concern' and 'primacy of legislative requirements'.

Accruals

Sums included in the final accounts to recognise revenue and capital income and expenditure earned or incurred in the financial year, but for which actual payment had not been received or made as at 31 March.

Actuarial gains and losses

These may arise on both defined benefit pension scheme liabilities and assets. A gain represents a positive difference between the actuarial assumptions and actual experience (e.g. liabilities during the period were lower than estimated). A loss represents a negative difference between the actuarial assumptions and actual experience (e.g. liabilities during the period were higher than estimated).

Amortisation

The measure of the wearing out, consumption, or other reduction in the useful economic life of an intangible long term asset.

Amortised cost

This is cost that has been adjusted for amortisation.

Asset

An item owned by the Authority which has a value, for example, premises, vehicles, equipment, cash.

Budget

The statement of the Authority's policy expressed in financial terms usually for the current or forthcoming financial year. The Revenue Budget covers running expenses (see also: revenue income and expenditure), and the Capital Budget plans for asset acquisitions and replacements (see also: capital income and expenditure).

Capital income and expenditure

Expenditure on the acquisition of a long term asset, which lasts normally for more than one year, or expenditure which adds to the life or value of an existing long term asset.

Capital financing

Funds raised to pay for capital expenditure. There are various methods of financing capital expenditure including borrowing, leasing, direct revenue financing, usable capital receipts, capital grants, capital contributions, revenue reserves and earmarked reserves.

Cash equivalents

These are short term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Cash equivalents are held for the purpose of meeting short term cash commitments rather than for investment purposes.

Chartered institute of public finance and accountancy (CIPFA)

The Chartered Institute of Public Finance and Accountancy (CIPFA) is the professional accountancy institute that sets the standards for the public sector. CIPFA publishes the Accounting Codes of Practice for local government.

Code of practice on local authority accounting (the Code)

Based on International Financial Reporting Standards, the Code aims to achieve consistent financial reporting between all English local authorities and National Park Authorities. It is based on generally accepted accounting standards and practices.

Community assets

Community assets are assets that the Authority intends to hold for an unlimited period of time, have no determinable finite useful life and may have restrictions on their disposal.

Contingent liabilities

Potential costs that the Authority may incur in the future because of something that happened in the past.

Creditors

Amounts owed by the Authority for goods and services provided for which payment has not been made at the end of the financial year.

Current value

This is the cost of an asset if bought in the current year.

Debtors

Sums of money due to the Authority but not received at the end of the financial year.

Deficit

Arises when expenditure exceeds income or when expenditure exceeds available budget.

Depreciation

The measure of the wearing out, consumption, or other reduction in the useful economic life of a long term asset.

Expected return on pension assets

For a funded defined benefit scheme, this is the average rate of return, including both income and changes in fair value but net of scheme expenses, which is expected over the remaining life of the related obligation on the actual assets held by the scheme.

Fair value

The price at which the Authority could buy or sell an asset in a transaction with another organisation, less any grants received towards buying or using that asset.

Financial asset

A right to future economic benefits.

Financial instrument

Any contract that gives rise to a financial asset in one organisation and a financial liability in another.

Financial liability

An obligation to transfer economic benefits.

Finance lease

A lease which transfers all of the risks and rewards of ownership of a long term asset to the lessee. Where these leases are entered into, the assets acquired have to be included with the Authority's long term assets in the balance sheet at the market value of the asset involved (see also: operating lease).

Long term assets

Assets that yield benefits to the Authority and the services it provides for a period of more than one year.

Government grants

Grants paid by the Government. These can be for general expenditure or a particular service or initiative.

Historic cost

The cost of an asset when originally bought.

Ias19 retirement benefits

An International Financial Reporting Standard which requires local authorities to reflect the true value of the assets and liabilities relating to the Pension Fund in their financial statements.

Impairment

A reduction in the value of a long term asset to below its carrying amount in the Balance Sheet. Impairment of an asset is caused either by a consumption of economic benefits e.g. physical damage (fire at a building) or a deterioration in the quality of the service provided by the asset, or by a general fall in prices of that particular asset or type of asset.

Infrastructure assets

Long term assets that are inalienable, expenditure on which is recoverable only by continued use of the asset created. Examples of infrastructure assets are highways and footpaths.

Intangible assets

Intangible assets are non-financial long term assets that do not have physical substance but are identifiable and are controlled by the Authority through custody or legal rights.

International financial reporting standards (ifrs)

International Financial Reporting Standards (IFRS) are issued by the International Accounting

Standards Board. All local authorities apply international accounting regulations when preparing accounts. The Authority's accounts follow these standards where they apply to local authorities.

Investment properties

Assets that the Authority owns but which are not used in the direct delivery of services.

Liability

An obligation to transfer economic benefits. Current liabilities are usually payable within one year.

Market price

This is the price at which another organisation is prepared to buy or sell an asset.

Minimum revenue provision (mrp)

The minimum sum charged to the Authority's revenue account each year to provide for the repayment of loans.

Net book value

The amount at which long term assets are included in the Balance Sheet, i.e. their historical costs or current value less the cumulative amounts provided for depreciation.

Non distributed costs

These are specific overheads relating to unused assets and certain pension costs for employees' service in previous years. These are not allocated to service departments because they do not relate to the in-year cost of providing the service.

Operating lease

A lease whereby the ownership of the asset remains with the leasing company and an annual rent is charged to the relevant service. The assets involved are not included within the Authority's long term assets in the balance sheet (see also: finance lease).

Outturn

The actual amount spent in the financial year.

Pension fund

A fund which makes pension payments on retirement of its participants.

Provision

An amount set aside to provide for a liability, which is likely to be incurred, but where the exact amount and the date on which it will arise are uncertain.

Reserves

An amount set aside for a specific purpose in one financial year and carried forward to meet expenditure in future years.

Revenue income and expenditure

Expenditure which relates to day to day expenses, such as salaries and wages, general

running expenses and the minimum revenue provision. Revenue income includes charges made for goods and services.

Surplus

Arises when income exceeds expenditure or when expenditure is less than available budget.

Value added tax (vat)

A tax on consumer expenditure, collected on business transactions at each stage in the supply, but ultimately borne by the final customer.

Variance / variation

A difference between budgeted income or expenditure and actual outturn, also referred to as an 'over-' or 'underspend'

Broads Authority Code of Corporate Governance: Schedule (May 2020)	18

About this Statement

As a public body, the Broads Authority is responsible for making sure its governance and internal control systems are robust, up-to-date and in line with the principles of good governance. This is about conducting our business in accordance with the law and with proper standards, using public money wisely and efficiently, and having the right arrangements in place to protect our assets and meet our strategic aims. It is also about our staff and Members representing the shared values and culture of the organisation.

To show how we are complying with good governance, we prepare an **Annual Governance Statement**¹ and publish it alongside our annual Statement of Accounts. The Statement is guided by '[Delivering Good Governance in Local Government](#)', which includes principles on integrity, ethical values and the rule of law; stakeholder engagement; sustainable economic, social and environmental benefits; leadership and resources; risk and performance; and transparency, reporting and review.

The Statement includes an annual action plan to address any weaknesses identified by internal and external audit, self-assessment and other reporting including our [Code of Corporate Governance](#) (Appendix 2).

This Annual Governance Statement was adopted in May 2020. Our action plan for 2020/21 and a review of last year's action plan are at Appendices 1(a) and 1(b).

1 Our governance framework

1.1. Purposes and duties

The Broads Authority is a statutory body with similar responsibilities to those of the English, Welsh and Scottish National Park Authorities². It is the local planning authority, and a harbour and navigation authority. It has a duty to manage the Broads to conserve and enhance its natural beauty, wildlife and cultural heritage, to promote opportunities for the public to understand and enjoy its special qualities, and to protect the interests of navigation.

In managing the area, the Authority must have regard to the national importance of the Broads for its natural beauty and opportunities for open-air recreation, the desirability of protecting its natural resources from damage, and the needs of agriculture and forestry and economic and social interests of those who live or work in the area. The Authority also has the duty to maintain the navigation area to such standard as appears to be reasonably required and to develop and improve it as it thinks fit.

¹ Regulation 6(1)(a) and (b) of the Accounts and Audit Regulations 2015

² The Broads Authority was established under the Norfolk and Suffolk Broads Act 1988.

Further provisions for the management of the area were made through the Broads Authority Act 2009.

1.2. Strategy and policy

The [Broads Plan](#) is the key partnership strategy for the Broads, setting out a long-term vision and short-term objectives to benefit of the environment, local communities and visitors. The current Plan was adopted in March 2017 and we publish 6-monthly [progress updates](#) in May and November.

The [Broads Local Plan](#) adopted in 2019 sets out the policies used in determining planning applications for the plan period up to 2036. We are also producing supporting supplementary planning documents and guidance to help with the interpretation and implementation of some policies.

Sitting under the Broads Plan are more detailed [guiding strategies](#), generally focusing on a single theme and covering a short-term period. In the last year we reviewed and updated the Broads Integrated Access Strategy and the Broads Biodiversity & Water Strategy.

Our [Annual Business Plan](#) outlines our work priorities for the coming year and summarises last year's progress. The Plan is a link between the strategies for the Broads and our Directorate work plans. The Plan for 2020/21 is deferred until we have more information on the financial impact to the Authority as a result of the COVID-19 lockdown (see section 3).

Each year we also identify a small set of strategic priorities, focused on Authority-led projects that have high resource needs or a very large impact on the Broads, or that are politically sensitive. This helps us target our resources and make the most of partnership working and external funding opportunities. We report on their progress at each Broads Authority meeting.

2 External factors influencing our governance arrangements

2.1. Coronavirus (COVID-19) pandemic

Government measures put in place at the end of 2019/20 in response to the coronavirus (COVID-19) outbreak are significantly affecting the Broads Authority's operations, including its governance processes. Under the provisions of the [Coronavirus Act 2020](#), temporary standing orders for remote meeting procedure rules will be in place to May 2021. Some scheduled meetings were cancelled pending the remote meeting rules being in place.

The main impact to the Authority at the time of writing is the loss of income from tolls, especially from the hire boat industry. The Authority is liaising with the Government to seek support from Defra towards this loss, as well as support for the local tourism industry.

We may need to update this Annual Governance Statement with any further significant governance issues arising from the COVID-19 outbreak later in the year.

2.2. Brexit

Leaving the European Union has been overshadowed by the COVID-19 crisis. However, it remains a significant change for the country and will impact on the Authority, such as

closing off a source of funding for joint projects with European partners. The timescale for CANAPE, our current EU-funded project, has been extended.

2.3. Landscapes Review

The [Landscapes Review Final Report](#) was published in September 2019, setting out 27 proposals to protect and improve England's protected landscapes. We await the Government's full response to the report, but have started to identify what we can do within our existing resources.

2.4. Peer Review

In May 2018, we implemented changes to our governance processes in response to the recommendations of a commissioned **Peer Review**. In 2019/20 a desk-based review of the effectiveness of the changes was carried out by a Lead Member and a Managing Director from two of the Norfolk local authorities. Their report made a number of suggestions, including the following:

- (a) The Authority's Chair and Chief Executive would attend the Norfolk Leaders and Chief Executives meeting every six months to give an update on progress and to hear challenges or concerns;
- (b) The Authority's Chief Executive would attend the Norfolk Chief Executives' meeting on a quarterly basis to update on areas of concern, discuss any proposal issues impacting or within the potential to impact on other Local Authorities;
- (c) The monthly Broads Briefing from the Authority's Chief Executive would be circulated to all Local Authorities and Parish Councils.
- (d) The Authority had engaged the support of the LGA and the Regional Peer (Cllr William Nunn) to support the leadership of the Authority in its relationship with the Local Authorities. This work includes:
 - Helping Authority members, particularly Local Authority appointees, to better understand their roles and responsibilities;
 - Supporting improved ways of working between the Local Authorities and understanding each other's values; and,
 - Supporting the Authority in operating within a complex political environment both locally and nationally.

3 Our committees and executive

3.1. Committees

The **Broads Authority** has unique governance arrangements, reflecting the interests of both national and local stakeholders. Of its 21 Members, ten are appointed by the Secretary of State, nine are locally elected County and District Councillors, and two are co-opted from

the Navigation Committee. Other than Planning Committee and those matters specifically delegated to the Chief Executive, all matters are dealt with by the full Broads Authority as the prime decision maker. Routine decision making is delegated by Members to Officers of the Authority through the Scheme of Delegated Powers.

As mentioned above, the COVID-19 pandemic will impact our governance processes on a temporary basis. Committee meetings will be held remotely through video-conferencing, with live streaming for the public. Times of meetings may differ to those shown on the committee timetable for 2020/21.

Normally, the Broads Authority meets six times a year. Two of the scheduled meeting dates are allocated for site visits or workshops, to give Members more time to interact informally outside the main business meetings, and to see what is happening out in the Broads. There is a transparent process for the annual appointment of Chairs and Vice-Chairs, committee membership and appointments to outside bodies, which allows Members to express their preferences for serving on Committees and outside bodies. The Chairs' Group gives all Chairs and Vice-Chairs an active role in maintaining an overview of the work of the various committees, and supporting the Chair and Chief Executive.

The **Audit and Risk Committee (ARC)** is an advisory committee meeting three times a year. It is responsible for examining our governance, internal control and risk management framework, and taking a strategic view on whether our allocated resources are being used effectively.

Our functions as a [Local Planning Authority](#) are carried out by the **Planning Committee**, with powers delegated to Officers in line with national legislation. It is a decision-making committee and normally meets every four weeks. Planning decisions, whether made at Committee or through delegated powers, are published on our Planning website.

The **Navigation Committee** advises the Authority's on significant matters affecting the navigation area. While it does not make decisions, if the Authority does not accept the Committee's recommendations it must give reasons. There are five meetings a year, and members are also invited to the Authority's site visits and workshops.

The **Broads Local Access Forum** is a semi-independent body that advises the Authority on improving public access to land within the Broads executive area. It meets at least twice a year.

The Authority has two **Independent Persons**, appointed for a 4-year period, who are regularly consulted to help the Authority achieve high ethical standards. The current postholders were appointed in July 2016. Any new appointments may be on hold until the COVID-19 lockdown restrictions are eased.

3.2. Officers

The Authority has 132 full-time equivalent staff. There are four **statutory officers** who carry out specific duties. They are the Head of Paid Service (Chief Executive), Section 17 Officer

(Chief Financial Officer), Navigation Officer (Head of Ranger Services) and Monitoring Officer. The Chief Executive, Chief Financial Officer, Director of Strategic Services and Director of Operations make up our Management Team. We are also required to have a Data Protection Officer, and this role is currently held by the Director of Operations as a qualified Data Practitioner.

3.3. Financial arrangements

It is considered that the Authority's financial management arrangements conform with CIPFA's [Statement on the Role of the Chief Financial Officer in Local Government](#) (2016). As a key member of the Management Team, the Chief Financial Officer is actively involved in material business decisions to help the Authority develop, resource and implement its strategic plans sustainably and in the public interest.

We have a number of procedures in place to make sure we obtain best value for money in all we do, and we review them all on a regular basis. The Financial Regulations, reviewed in March 2018, were updated to reflect that the Section 17 Officer and Treasury is now managed in-house. Our Counter Fraud, Corruption and Bribery Strategy was updated in March 2018 and our Standing Orders Relating to Contracts in May 2018. We also reviewed our Vehicle Procurement Strategy in October 2019 and our Capital, Treasury and Investment Strategy in March 2020. Work is underway to update the Procurement Strategy and Standing Orders Relating to Contracts following recommendations from the Procurement Audit.

We monitor the effectiveness of our internal financial control systems through the consideration of regular internal audits, performance management and budget monitoring reports, and through ARC reports.

4 Decision making and openness

Our arrangements for decision making are set out in publicly available documents. These include Standing Orders, Scheme of Delegated Powers and a Protocol on Member and Officer Relations. In 2019/2020 we commissioned Birketts LLP to carry out a review of our constitutional and governance documents to make sure they are fit for purpose, in line with best practice and legislation, and easy to understand. This work is not completed. As mentioned above, we may be required to make temporary revisions to processes under the Coronavirus Act 2020.

Our committees each have distinct terms of reference. Meetings are held in public, apart from agenda items that are exempt under legislative guidance, and members of the public may ask questions. Our committee meetings are audio recorded and the public may request a copy of the recording.

Staff roles and responsibilities are defined through job descriptions and regularly updated policies and procedures, including an officer code of conduct and annual performance appraisals. In 2019/2020 we started to use the Best Companies Employee Survey. Our first

Best Companies Index score was classed as 'good', which in terms of accreditation means we are 'one to watch'. We plan to run the next survey at the end of 2021, funding permitting, and aim to improve our baseline score.

The Freedom of Information Act (FOIA) and the Environmental Information Regulations (EIR) give rights of public access to information held by public authorities, including the Broads Authority. Our [Publication Scheme](#) highlights the information we publish, how we make it available, and our charging policy. Our commitment to protecting people's privacy and processing personal data in accordance with data protection legislation is set out within our [Data Protection Policy](#).

5 Ethics and integrity

Under the Localism Act 2011 we have the duty to promote and maintain high standards, and we work to embed this throughout our governance and internal control systems. The seven principles of public life (known as the Nolan Principles) are incorporated in the **Members' Code of Conduct**. Our Independent Persons provide external scrutiny of our standards processes.

We also have our own set of corporate **core values** which we promote to our staff and Members through posters and screen savers, codes of conduct and protocols, recruitment and appraisal processes, and development programmes.

Our Core Values

We show commitment - Working together for a common purpose; Showing flexibility, trust and enthusiasm; Delivering on our promises

We are caring - Setting realistic and properly resourced workloads; Supporting each other to get things done; Giving praise and daring to challenge

We are exemplary – Being visible, approachable and professional; Making sound judgements on strong evidence; Aiming higher, smarter and always inspiring

We are open and honest – Being fair and consistent in our words and actions; Always willing to ask, listen and respond; Doing what's right and being accountable

We are sustainable – Looking after our resources wisely; Understanding the impact of our choices; Doing work that adds real value

6 Engaging with stakeholders

We encourage our partners, interest and user groups and local communities to engage with us in various ways. This includes drop in events such as partnership working groups and Parish Forums, direct contact such as officers or members attending user group meetings, public events, digital and social media, and formal written consultations. We also seek

public opinion through surveys and the user analysis of our website and Facebook and Twitter feeds.

[Broads Engage](#) brings together many of the ways people can hear about and have a say on the use and management of the Broads. Due to the COVID-19 social distancing requirements, we are developing ways to engage with stakeholders through remote means.

7 Managing risk and performance

The Audit and Risk Committee's (ARC) responsibilities include gaining assurances from a range of measures and reports that the Authority is obtaining value for money in the use of its resources, and that risk and performance are being actively managed to achieve best results. Actions in this year's Action Plan to strengthen our risk management processes have been completed. We updated our Corporate Risk Register (previously called the Strategic Risk Register) and Directorate Risk Registers in 2019 and they are monitored every six months by ARC and by Management Team.

In 2019/20, we tested our **IT Disaster Recovery Infrastructure** and are updating our **Business Continuity and Emergency Response Plan**, which has been put into practice in response to the current COVID-19 situation.

We have **internal financial controls** to reflect good practice and make sure our finances are managed securely to minimise risk. These include approved budgets, separation of duties and authorised signatures. We also maintain a database of all our land and property assets and an Asset Management Strategy that includes an asset disposal policy, to help us plan our maintenance and replacement programme and reduce the risk of unexpected costs.

Our **performance** across our operations is assessed at regular Management Team meetings, with financial reports and budgets considered monthly and reports provided to Members at each Authority meeting.

There is a **whistleblowing policy** for our staff, and the Monitoring Officer has a duty to write a report if the Authority or any of its committees proposes action that would be unlawful or amount to maladministration.

8 Internal and external audit

Our **internal and external auditors** are the main independent sources of assurance on the operation of our governance framework and the Statement of Accounts.

An external provider reviews the effectiveness of our **internal control systems**, which includes our **internal audit function**. This helps to emphasise audit's key role and its connection to governance, risk management and internal control. The broad categories for internal audit are annual opinion, corporate governance, fundamental financial systems, service area audits and significant computer systems. The Head of Internal Audit (HIA) develops an annual **strategic audit plan** using a risk-based approach. The annual opinion is

given on the overall adequacy and effectiveness of the Authority's internal control environment, highlighting significant issues.

The Management Team responds to each recommendation in the internal audit report, stating whether it is agreed and what action will be taken. The ARC receives a summary of internal audit work during the year and progress on implementing audit recommendations. Any significant concerns are reported up to the Broads Authority. The Authority is also informed of the work of the appointed External Auditors, including the Annual Audit letter from the External Auditors.

The **HIA's overall audit opinion** in relation to the framework of governance, risk management and controls at the Broads Authority is **reasonable**, with all audits concluding with a positive opinion. There are therefore no issues raised by internal audit that are significant enough for inclusion in the Annual Governance Statement.

In providing the opinion, the Authority's risk management framework and supporting processes, the relative materiality of the issues arising from the internal audit work during the year and management's progress in addressing any control weaknesses identified from this were taken into account. The opinion was discussed with the Section 17 Officer prior to publication.

Note: The internal audit report and the Annual Governance Statement for 2018/19 highlighted an incident when the Authority had been subject to an invoice fraud, which resulted in the Authority making a payment erroneously. This incident took place in 2019/20. External Audit was also informed about this incident, and the CFO carried out a formal investigation and acted to protect the Authority against this happening again. External Audit subsequently requested that this incident also be noted in this year's Statement. This addition was reported to the Broads Authority on 20 November 2020.

9 Action Plans

Our Annual Governance Statement Action Plan for 2020/21 and a summary of progress against last year's plan are in Appendices 1a and 1b.

This year's Action Plan focuses on performance monitoring and further refinements to our risk management policy and corporate risk register. We are satisfied that the Action Plan will address the identified weaknesses, and will report back on its implementation as part of our next Statement.

Date2020

Appendix 1a - Broads Authority Annual Governance Statement

Audit recommendations - Action Plan 2020/21

Audit recommendations	Lead Officers	Target date
Accountability and monitoring of performance		
<p>Performance indicators:</p> <p>Report annual National Park Authority 'family' indicators composite data to Management Team to compare and address any adverse areas of performance. Review how indicators align to Broads Plan and Annual Business Plan priorities and whether meaningful targets can be set for each indicator. Publish annual NPA family indicator outturn data relating to Broads Authority on BA website.</p> <p>Clarify how DEFRA uses and publicises family indicator data.</p> <p>Consider whether State of the Park indicators (where BA is data source) can be collected annually and reported in annual business planning process.</p>	Head of Governance	By 31/08/20
Complete Operations Directorate Risk Register as part of Individual Performance Review process.	Director of Operations	By 31/05/20
Risk Management		
<p>Define specific risk appetite statement within Risk Management Policy to complement risk tolerance levels, to provide more definite basis over level of risk BA is prepared to accept and which risks require additional action/mitigation.</p> <p>Assign target risk score to show risk level BA is aiming for. Report any risks sitting over tolerance/risk appetite and monitor until mitigated below tolerance levels.</p>	Head of Governance	Risk appetite statement updated in Risk Management Policy. No further action.

Ensure links to BA website pages in Annual Business Plans (ABP) are correct and update where necessary.	Head of Governance	Updated in this year's ABP
Procurement		
Review procurement strategy and Standing Orders Relating to Contracts to ensure both documents are up to date whilst reflecting current practices and revised job titles. In addition, the procurement strategy provides guidance on high risk/high value contracts and additional risks associated with such contracts. Refresher training to be rolled out to all relevant staff.	Chief Financial Officer	By 31/08/20
Review standard terms and conditions for contracts (goods and services) to provide template for all contracts over £5,000 in conjunction with the Authority's legal provider.	Chief Financial Officer	By 31/07/20
Communications and branding		
Continue updating of BA Communications Policy and guidance, and roll out of associated member and officer training.	Head of Comms	Work in progress (carried forward from 2019/20 action plan)
Governance		
Adopt revised constitutional documents following external review by Birketts LLP.	Chief Executive	Work delayed by COVID-19 crisis. Restart after Authority meetings are held in person.
Human Resources		
Continue preparation of report on equality assessment of employment policies and practices (Equalities Working Group)	Head of HR	By 31/3/21

Appendix 1b Broads Authority Annual Governance Statement

Audit recommendations – progress against Action Plan 2019/20

Actions	Lead Officers	Target date	Progress
Governance			
Commission external team to assess effectiveness of Peer Review Action Plan a year after its implementation	Chief Executive	31/07/19	Completed. Reviewed by Trevor Holden (CEO Broadland District Council and South Norfolk Council) and Steve Blatch (CEO North Norfolk District Council)
Commission Birketts LLP to review BA's constitutional documents to make sure they are fit for purpose, represent best practice, are in line with up-to-date legislation and are simpler to understand.	Chief Executive	Report to BA in Nov 2019	Consultant delays – work in progress (c/f to 2020/21 action plan)
Legal services			
Review performance of current legal services contractor and consider future arrangements, including potentially tendering for the work	Chief Financial Officer	6-month review in Sept 2019	Completed. Exempt report to BA 31/01/20
Risk management			
Update Risk Management Policy to reflect governance arrangements and responsibilities for risk, including those assigned to Audit & Risk Committee (ARC). Following Authority approval, publish policy on BA intranet.	Management Team	29/11/19	Completed
Review Strategic Risk Register (SRR) to identify which risks are strategic and which are operational/service level. Score all strategic risks and state which strategic objective they relate to, with colour coding clarifying 'risk appetite'.	Management Team	01/11/19	Completed. Strategic Risk Register is now called 'Corporate Risk Register'

Actions	Lead Officers	Target date	Progress
<p>Define scoring criteria for high/medium/low (H/M/L) risk in relation to severity/impact (for categories such as financial, reputation and service provision) and to likelihood.</p> <p>Explain changes from previous SRR in reports to ARC.</p>		12/11/19	Completed
<p>Update Risk Management page on BA intranet, incorporating revised documents and how risks are managed. Identify training needs across Authority.</p>	Head of Governance	29/11/19	Completed
<p>Introduce standard risk implications section on committee report template.</p>	Head of Governance	31/01/20	'Risk implications' on committee report templates and reported if required.
<p>Make sure senior managers are aware that Business Continuity recovery timelines of up to 24 hours may not be achievable if such recovery has to be undertaken using tape backups stored at Dockyard. Formally document staff acceptance (or otherwise) to support this.</p> <p>Look at options to enhance Data Replication (DR) service so it covers priority services such as Finance and Tolls.</p> <p>Formally document all DR testing in test reports to relevant senior managers and use lessons learned to inform updating of DR plans.</p> <p>Update relevant project management processes to include work to understand DR requirements for new or changed infrastructure.</p> <p>Move server rack containing DR infrastructure from Dockyard to more appropriate location.</p>	Head of IT & Collector of Tolls	31/07/19	All actions completed

Actions	Lead Officers	Target date	Progress
Communications and branding			
Update Communications Team workplan to include completion of Broads National Park branding strategy and work in relation to audit recommendations including training, updating intranet communications page and issuing internal guidance on use of BA and Broads National Park logos.	Head of Comms	05/07/19	Completed
<p>Following approval of NPA branding guidelines, update Communications Policy to include roles/responsibilities for overseeing management of correct branding, and include in separate branding section of policy.</p> <p>Include information on role of Communications Team and on updated branding policy within BA induction checklist.</p> <p>Produce guidance for staff on criteria for applying either BA or Broads National Park logo (or both) including reference to partnership/project work and to Broads National Park brand standards and branding strategy.</p> <p>Revise and relaunch Communications page on BA intranet, to include strategy and associated documents, Communications Team details, and provision of staff and member training on branding.</p>	Head of Comms	31/10/19	Work in progress (c/f to 2020/21 action plan)
Human Resources			
Continue preparation of report on equality assessment of employment policies and practices (Equalities Working Group)	Head of HR	31/03/20	Work in progress (c/f to 2020/21)
Complete Phase 2 of updating internal HR policies and procedures	Head of HR	31/03/20	Process ongoing; key policies and procedures updated.

Broads Authority

Code of Corporate Governance 2020

The Code of Corporate Governance helps the Broads Authority, as a public body, to develop its governance framework based on good practice and external guidance, and to demonstrate compliance with the principles of good governance.

Good governance is about making sure we do the right things, in the right way and for the right people in a timely, inclusive, open, honest and accountable manner. It is the systems and processes, and the values and principles, which direct and control what we do and how we relate to our communities. A key focus for good governance within the public sector is to achieve sustainable results that benefit the economy, the environment and society.

Our Code of Corporate Governance is based on the core principles in the CIPFA/SOLACE Framework [Delivering Good Governance in Local Government](#). We also have our own set of core values to underpin the behaviour of our Members and staff, who all share responsibility for good governance.

We review and update the Code every year through consultation with senior staff, the Head of Internal Audit and the Chair of the Audit and Risk Committee. Any significant areas of concern raised in the review are referred to our Management Team or to the appropriate committee for comment or decision.

The Chief Executive is delegated to make necessary changes to the Code as a result of the review to keep it up-to-date. Significant changes to the Code are reported to the Authority in July as part of the Annual Governance Statement, and any new or outstanding actions are included in the Statement's Action Plan for the following year. The Code is approved by the Authority and signed by the Chair and Chief Executive.

Chief Executive

Date: May 2020 (Review date April 2021)

Broads Authority Code of Corporate Governance: Schedule (May 2020)

This schedule represents what we do, or intend to with immediate effect, to demonstrate our compliance with the principles of good governance in local government. The core principles and sub-principles are taken from the CIPFA/ SOLACE Framework [Delivering Good Governance in Local Government](#) (2016). We will review our performance against the Code during 2020/21 and report the results to the Broads Authority in July 2020 as part of the Annual Governance Statement.

Principle A: Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law

Sub-principles	Our evidence to support this principle
<p>Behaving with integrity</p> <p>Behaving with integrity and leading a culture where acting in the public interest is visibly and consistently demonstrated, thereby protecting the reputation of the organisation</p> <p>Establishing and communicating specific standard operating principles or values for the organisation and its staff, building on the Seven Principles of Public Life (the Nolan Principles)</p> <p>Leading by example, embedding the above principles in effective, up-to-date policies and processes and using them as a framework for decision making and other actions</p>	<ul style="list-style-type: none"> • Annual Governance Statement and Action Plan • Appointment of Independent Persons • Audit and Risk Committee oversight • Codes of Conduct for Employees (HR Policy 2), Members and Planning Committee Members • Members Counter Fraud, Corruption and Bribery Strategy & Response Plan • Declaration of Gifts and Hospitality for Members and Officers • Disciplinary Procedures for Officers (HR Policy 11) • Financial Regulations, Contract Standing Orders and Procurement Strategy • Internal and External Audit • Local Protocol on Member and Officer Relations • Member and Officer induction and annual appraisals • BA Core Values • Register of Interests for Members and declarations of interests made at meetings and recorded in minutes • Safeguarding Policy (HR Policy 22) • Standing Orders Relating to Contracts • Standing Orders for the regulation of Authority proceedings • Terms of Reference of Committees • Whistleblowing Policy for Officers (HR Policy 15)

<p>Demonstrating strong commitment to ethical values</p> <p>Establishing, monitoring and maintaining the organisation's ethical standards and performance</p> <p>Underpinning personal behaviour with ethical values that permeate all aspects of the organisation's culture and operation</p> <p>Developing and maintaining robust policies and procedures that place emphasis on agreed ethical values</p> <p>Making sure external providers of services on behalf of the organisation act with integrity and in compliance with ethical standards expected by the organisation</p>	<ul style="list-style-type: none"> • Annual performance appraisal for Members and Officers • BA Core Values • Codes of Conduct for Employees (HR Policy 2), Members and Planning Committee Members • Equality Policy (HR Policy 1) • Best Companies Index employee survey • Procurement Strategy and procedures • Recruitment & Selection Policy (HR Policy 16) and procedures • Use of Independent Persons in complaints procedures • Whistleblowing Policy for Officers (HR Policy 15)
<p>Respecting the rule of law</p> <p>Demonstrating a strong commitment to the rule of the law as well as adhering to relevant laws and regulations</p> <p>Making sure statutory officers, other key post holders and members are able to fulfil their responsibilities in accordance with legislative and regulatory requirements</p> <p>Making the best use of the full powers available for the benefit of citizens, communities and other stakeholders</p> <p>Dealing effectively with breaches of legal and regulatory provisions</p> <p>Dealing effectively with corruption and misuse of power</p>	<ul style="list-style-type: none"> • Codes of Conduct for Employees (HR Policy 2), for Members, and for Planning Committee Members and Officers • Committee structure in place with Terms of Reference, including powers reserved to the BA • Compliance with CIPFA's statement on the role of the Chief Finance Officer in Local Govt (CIPFA 2015) • Counter Fraud, Corruption and Bribery Strategy and Response Plan • Disciplinary Procedures for Officers (HR Policy 11) • Financial Regulations, Contract Standing Orders and Procurement Strategy • Internal and external audit • Job descriptions and recruitment process for officers • Member induction programme and development protocol • Monitoring Officer appointed by BA • Provision of legal advice to Members and Officers • Register of Member and Officer interests and related party interests • Role descriptions for Members

	<ul style="list-style-type: none"> • Scheme of Powers Delegated to Officers • Statutory Officers appointed by the Authority • Whistleblowing Policy for Officers (HR Policy 15)
--	--

Principle B: Ensuring openness and comprehensive stakeholder engagement

Sub-principles	Our evidence to support this principle
<p>Ensuring openness</p> <p>Demonstrating, documenting and communicating the organisation's commitment to openness</p> <p>Making decisions that are open about actions, plans, resource use, forecasts, outputs and outcomes. The presumption is for openness - if that is not the case, a justification for the reasoning for keeping a decision confidential is provided</p> <p>Providing clear reasoning and evidence for decisions, in both public records and explanations to stakeholders, being explicit about the criteria, rationale and considerations used. In due course, making sure the impact and outcomes of those decisions are clear</p> <p>Using formal and informal consultation and engagement to determine the most appropriate and effective interventions or courses of action</p>	<ul style="list-style-type: none"> • Annual Governance Statement • BA Core Values • BA website (includes public information about Members and their roles, Officer roles, and how the public can input to and influence BA decisions) • Broads Engage stakeholder events and promotion • Broads Local Plan - formal consultation stages (set out in Statement of Community Involvement) • Chairman's briefings • Committee meetings held in public and audio recordings of meetings available to public on request • Fair and transparent data processing through privacy notices • Financial Regulations and Standing Orders Relating to Contracts • Financial statements • Information published in respect of expenditure over £250 • Member Allowance Scheme • Public consultation processes for strategic plan reviews (e.g. Broads Plan, guiding strategies) • Public question time at committee meetings • Publication of agendas and reports in line with Local Government Act 1972 requirements • Record of decisions in committee minutes • Corporate Partnerships Register • Use of Transparency Regulations 2015
<p>Comprehensive stakeholder engagement</p> <p>Engaging effectively with all stakeholders, making sure the</p>	<ul style="list-style-type: none"> - Annual Business Plan, Annual Report and visitor publications (e.g. Broadcaster), social media accounts - Appointment process to Navigation Committee and Broads Local Access Forum

<p>purpose and aims for each stakeholder relationship are clear so outcomes are successful and sustainable</p> <p>Developing formal and informal partnerships to encourage more efficient use of resources and more effective outcomes</p> <p>Basing partnerships on trust, shared commitment to change, culture that promotes and accepts challenge among partners, and clear awareness of the added value of partnership working</p> <p>Establishing a clear policy on the type of issues the organisation will meaningfully consult on or involve communities, individuals, service users and other stakeholders to make sure the service (or other) provision is contributing towards intended outcomes</p> <p>Having effective communication methods and making sure members and officers are clear on their roles in community engagement</p> <p>Encouraging, collecting and evaluating the views and experiences of stakeholders of different backgrounds, including reference to future needs</p> <p>Implementing effective feedback mechanisms to show how stakeholder views have been considered</p> <p>Balancing feedback from more active stakeholder groups with other stakeholder groups to ensure inclusivity</p>	<ul style="list-style-type: none"> - Broads Briefing monthly newsletter from CEO - Broads Engage stakeholder events (e.g. workshops, Parish Forums), feedback processes and promotion - Broads Local Access Forum - Broads Local Plan - formal consultation stages (set out in Statement of Community Involvement) - Broads Plan 6-monthly progress update report (and continual progress monitoring on e-system) - Broadsheet (toll payer newsletter) - KPI annual reporting as part of NPA monitoring process to Defra - Learning resources on BA website, including Broads Curriculum materials for schools - Navigation Committee - Notices to Mariners - Public questions time at committee meetings - Regular meetings between Chairs and CEOs of BA and constituent local authorities - Regular officer level liaison with partner organisations - Visitor and user surveys

Taking account of the impact of decisions on future generations of tax payers and service users	
---	--

Principle C: Defining outcomes in terms of sustainable economic, social and environmental benefits

Sub-principles	Our evidence to support this principle
<p>Defining outcomes</p> <p>Having a clear vision statement of the organisation's purpose and intended outcomes, with performance indicators, that provide the basis for its overall strategy, planning and other decisions</p> <p>Specifying the intended impact on/ changes for stakeholders in the short and longer term</p> <p>Delivering defined outcomes sustainably basis within available resources</p> <p>Identifying and managing risks to achieving outcomes</p> <p>Managing service user expectations with regard to setting priorities and making the best use of available resources</p>	<ul style="list-style-type: none"> • Annual Business Plan • BA guiding level strategies (e.g. Integrated Access, Sediment Management, Education, Biodiversity) • Broads Local Plan (spatial planning policy) • Broads Plan (key partnership strategy for the Broads, reviewed on 5-yearly cycle) • Norfolk & Suffolk Broads Act 1998 (BA statutory purposes) • Corporate and Directorate Risk Registers • Corporate Partnerships Register
<p>Considering social, economic and environmental benefits</p> <p>Considering and balancing the combined economic, social and environmental impact of policies and plans when taking decisions about service provision</p> <p>Taking a longer-term view in decision making, taking account of risk and acting transparently where there are potential conflicts between the organisation's intended outcomes and short-term</p>	<ul style="list-style-type: none"> • Broads Local Plan • Broads Plan and guiding level strategies • Equalities Working Group • Norfolk & Suffolk Broads Act 1998 (BA statutory purposes) • Project Development Group procedures • Public consultation for strategic plan reviews

<p>factors such as the political cycle or financial constraints</p> <p>Determining the wider public interest associated with balancing conflicting interests in achieving the various economic, social and environmental benefits, through consultation where possible, to ensure appropriate trade-offs</p> <p>Ensuring fair access to services</p>	
--	--

Principle D: Determining the interventions necessary to optimise the achievement of the intended outcomes

Sub-principles	Our evidence to support this principle
<p>Determining interventions</p> <p>Making sure decision makers receive objective and rigorous analyses of various options showing how intended outcomes would be achieved and associated risks, to achieve best value.</p> <p>Considering stakeholder feedback when making decisions about service improvements, or where services are no longer required, to prioritise competing demands and limited resources such as people, skills and land, and bearing in mind future impacts.</p>	<ul style="list-style-type: none"> • BA and partner/stakeholder working groups • Budget setting process • Chairman's briefing sessions • Chairs' Group • Financial Regulations and Standing Orders Relating to Contracts • Member working groups • Project boards for large partnership projects (e.g. CANAPE and Water, Mills & Marshes) • Public consultation responses informing strategic plan and policy reviews (e.g. Broads Plan, Broads Local Plan)
<p>Planning interventions</p> <p>Establishing and implementing robust planning and control cycles that cover strategic and operational plans, priorities and targets</p> <p>Engaging with internal and external stakeholders in determining how services and other courses of action should be planned and delivered</p> <p>Considering and monitoring risks facing each partner when working</p>	<ul style="list-style-type: none"> • Annual budget processes approved by BA with consultation by Navigation Committee • Financial Monitor • Financial Strategy • Key Performance Indicator (KPI) annual reporting as part of National Park Authority monitoring process to Defra • Performance reporting to Committees • Regular monitoring undertaken by budget holders and Management Team and reported to committee

<p>collaboratively, including shared risks</p> <p>Having flexible and agile arrangements so mechanisms for delivering goods and services can adapt to changing circumstances</p> <p>Establishing appropriate key performance indicators (KPIs) as part of the planning process to identify how the performance of services and projects is to be measured</p> <p>Ensuring capacity exists to generate the information required to review service quality regularly</p> <p>Preparing budgets in accordance with objectives, strategies and the medium-term financial plan</p> <p>Informing medium- and long-term resource planning by drawing up realistic estimates of revenue and capital expenditure, aimed at developing a sustainable funding strategy</p>	<ul style="list-style-type: none"> • Review cycles for Broads Plan, guiding strategies (e.g. Integrated Access Strategy, Biodiversity & Water Strategy) and Broads Local Plan • Risk management (see principle F) • Corporate Risk Register review by Audit & Risk Committee
<p>Optimising achievement of outcomes</p> <p>Ensuring the medium-term financial strategy integrates and balances service priorities, affordability and other resource constraints</p> <p>Ensuring the budgeting process is all-inclusive, taking into account the full cost of operations over the medium and longer term</p> <p>Ensuring the medium-term financial strategy sets the context for ongoing decisions on significant delivery issues, or responses to changes in the external environment that may arise during the budgetary period, to achieve</p>	<ul style="list-style-type: none"> • Annual setting of tolls in consultation with Navigation Committee and Member Working Group • Asset Management Strategy • Budget and 3-year Financial Strategy agreed by BA • Budget reports, management procedures and training • Budgets monitored by Audit & Risk Committee and BA • Capital, Treasury and Investment Strategy • Procurement Strategy and reference guide • Standing Orders Relating to Contracts

<p>outcomes while optimising resource use</p> <p>Ensuring 'social value' through service planning and commissioning</p>	
---	--

Principle E: Developing the Authority's capacity, including the capacity of its leadership and the individuals within it

Sub-principles	Our evidence to support this principle
<p>Developing capacity</p> <p>Reviewing operations, performance and use of assets on a regular basis to ensure their continuing effectiveness</p> <p>Improving resource use through techniques such as benchmarking</p> <p>Recognising the benefits of partnerships and collaborative working where added value can be achieved</p> <p>Developing and maintaining an effective workforce plan to enhance the strategic allocation of resources</p>	<ul style="list-style-type: none"> • Annual presentation to BA on major partnerships • Health and Safety policies and procedures • ICT Corporate Group review of ICT performance • Management Team decision in recruitment processes • Member and Officer induction and appraisal programmes • Strategic Risk Register review • Whistleblowing Policy for Officers (HR Policy 15)
<p>Developing leadership capacity</p> <p>Developing protocols to ensure elected and appointed leaders negotiate with each other regarding their respective roles early on in the relationship, and that a shared understanding of roles and objectives is maintained</p> <p>Publishing a statement that specifies the types of decisions that are delegated and those reserved for the collective decision making of the governing body</p> <p>Ensuring the Chair and Chief Executive Officer have clearly</p>	<ul style="list-style-type: none"> • Chief Finance Officer compliance with CIPFA Statement on the Role of the Chief Finance Officer in Local Government • Conditions of employment and HR policies • Contract management in respect of externally provided services • Data Protection Officer in place • Financial Regulations and Standing Orders • Member and Officer appraisal programmes, Member Development Protocol • Member workshops on key issues • Monitoring Officer appointed by BA • Scheme of Powers Delegated to Officers

<p>defined and distinctive leadership roles within a structure whereby the CEO leads in implementing strategy and managing the delivery of services and other outputs set by members, and each provides a check and a balance for each other's authority</p> <p>Developing the capabilities of members and senior management to achieve effective leadership, and to enable the organisation to respond successfully to changing legal and policy demands as well as economic, political and environmental changes and risks</p> <p>Having structures in place to encourage public participation</p> <p>Considering the leadership's own effectiveness and ensuring leaders are open to constructive feedback from peer review and inspections</p> <p>Holding staff to account through regular performance reviews that take account of training or development needs</p> <p>Maintaining the health and wellbeing of the workforce and helping individuals to maintain their own physical and mental wellbeing</p>	<ul style="list-style-type: none"> • Standing Orders for the Regulation of Authority Proceedings • Terms of Reference for Committees
--	--

Principle F: Managing risks and performance through robust internal controls and strong public finance management

Sub-principles	Our evidence to support this principle
<p>Managing risk</p> <p>Recognising risk management is integral to all activities and must be considered in all aspects of decision making</p> <p>Implementing robust and integrated risk management</p>	<ul style="list-style-type: none"> • Business Continuity Plan and Disaster Recovery Plan • Counter Fraud, Corruption and Bribery Strategy and Response Plan • Risk analysis in BA reports • Risk Management Policy

<p>arrangements and making sure they work effectively</p> <p>Allocating clear responsibilities for managing individual risks</p>	<ul style="list-style-type: none"> • Corporate Risk Register (reviewed every 6 months and reported to Audit and Risk Committee)
<p>Managing performance</p> <p>Effectively monitor service delivery including planning, specification, execution and independent post implementation review</p> <p>Making decisions based on relevant, clear objective analysis and advice, pointing out the implications and risks inherent in the organisation's financial, social and environmental position and outlook</p> <p>Ensuring an effective scrutiny or oversight function is in place that provides constructive challenge and debate on policies and objectives before, during and after decisions are made. This will help enhance the performance of the organisation and any other organisation (or committee system) for which it is responsible</p> <p>Effectively and constructively challenging and policies and objectives to support balanced and effective decision making</p> <p>Providing members and senior management with regular reports on service delivery plans and on progress towards outcome achievement</p> <p>Ensuring consistency between specification stages (such as budgets) and post implementation reporting (such as financial statements)</p>	<ul style="list-style-type: none"> • Audit and Risk Committee • Capital, Treasury and Investment Policy • Chairs' Group • Financial Monitor • Financial Regulations and procedures • Management Team and Section Head reviews of Directorate work plans and budgets • Procurement Strategy • Regular finance reports to BA, Audit & Risk Committee and Navigation Committee • Risk and financial implications in reports to BA • Standing Orders Relating to Contracts • Statement of Accounts follows budget headings • Terms of Reference for Committees

<p>Developing robust internal control</p> <p>Aligning the risk management strategy and policies on internal control with achieving objectives</p> <p>Regularly evaluating and monitoring risk management and internal control</p> <p>Having effective counter fraud and anti-corruption arrangements in place</p> <p>Making sure that additional assurance on the overall adequacy and effectiveness of the framework of governance, risk management and control is provided by the internal auditor</p> <p>Having an audit committee or equivalent group/function, independent of the executive and accountable to the governing body</p>	<ul style="list-style-type: none"> • Annual Governance Statement and Action Plan • Annual Internal Audit plans include key control and corporate governance • Annual Report and Opinion provided by Head of Internal Audit with ref to governance, risk management and internal control arrangements • Codes of Conduct for Employees (HR Policy 2), for Members, and for Planning Committee Members • Standing Orders Relating to Contracts • Procurement Strategy • Counter Fraud, Corruption and Bribery Strategy and Response Plan • Disciplinary Procedures for Officers (HR Policy 11) • Effective internal audit function resourced and maintained • Financial Regulations, Contract Standing Orders and Procurement Strategy • Audit and Risk Committee • Best Companies Index employee survey • Internal and external annual audit processes • Local Protocol on Member and Officer Relations • Publication of reports and meeting minutes showing declarations of interest made • Risk Owners (e.g. reporting to Corporate Risk Register) • Scheme of Delegation of Powers to Officers • Standing Orders Relating to Contracts • Training for Members • Treasury and Investment Strategy
<p>Managing data</p> <p>Having effective arrangements in place for the safe collection, storage, use and sharing of data, including processes to safeguard personal data</p> <p>Having effective arrangements in place and operating when sharing data with other bodies</p>	<ul style="list-style-type: none"> • Annual Governance Statement • Data and Information Retention Policy • Data Asset Register, privacy notices and Protection policy • Data Protection Officer (qualified Data Practitioner), data protection training to Members and Officers • Encryption of portable devices • IT security arrangements

Regularly reviewing and auditing the quality and accuracy of data used in decision making and performance monitoring	<ul style="list-style-type: none"> • Review of contracts to ensure data security provisions are incorporated • Statement of Accounts narrative report
<p>Having strong public financial management</p> <p>Ensuring financial management supports both long-term achievement of outcomes and short-term financial and operational performance</p> <p>Ensuring well-developed financial management is integrated at all levels of planning and control, including management of financial risks and controls</p>	<ul style="list-style-type: none"> • 3-year Financial Strategy • Annual budget and budget management procedures • Annual Business Plan • Annual Statement of Accounts • Asset Management Strategy • Chief Finance Officer compliance with the CIPFA Statement on the Role of the Chief Finance Officer in Local Government • Earmarked reserves for long-term replacement of assets • External Audit reports • Financial Regulations and procedures • Financial statements • Reports to BA include financial and risk considerations • Treasury and Investment Strategy

Principle G: Implement good practice in transparency, reporting and audit to deliver effective accountability

Sub-principles	Our evidence to support this principle
<p>Implementing good practice in transparency</p> <p>Writing and communicating reports for public and other stakeholders in fair, balanced and understandable style, appropriate to the intended audience and easy to access and interrogate</p> <p>Striking a balance between providing the right amount of information to satisfy transparency demands and enhance public scrutiny, while not being too onerous to provide or for users to understand</p>	<ul style="list-style-type: none"> • Annual Governance Statement and Action Plan • Information published in respect of expenditure over £250 • Monthly data published on BA website in line with Local Government Transparency Code • Record of delegated decisions • Scheme of Delegation of Powers to Officers

<p>Implementing good practice in reporting</p> <p>Reporting at least annually on performance, value for money and stewardship of resources to stakeholders in a timely and understandable way</p> <p>Ensuring members and senior management own the results reported</p> <p>Ensuring robust arrangements for assessing the extent to which principles in this Framework have been applied, and publishing the results on this assessment, including action plan for improvement and evidence to demonstrate good governance (AGS)</p> <p>Apply Framework to jointly managed or shared service organisations as appropriate</p> <p>Ensure performance information that accompanies the financial statements on a consistent and timely basis and the statements allow for comparison with other, similar organisations</p>	<ul style="list-style-type: none"> • Annual Governance Statement and Action Plan • Broads Plan 6-monthly progress reports • S17 officer reporting requirements • Statements of Accounts narrative report • Strategic Direction reports (BA annual strategic priorities)
<p>Developing assurance and effective accountability</p> <p>Acting upon recommendations for corrective action made by external audit</p> <p>Ensuring an effective internal audit service with direct access to members is in place, providing assurance with regard to governance arrangements, and acting upon recommendations</p> <p>Welcoming peer challenge, reviews and inspections from</p>	<ul style="list-style-type: none"> • Annual Governance Statement and Action Plan • Attendance of internal and external auditors at Audit and Risk Committee (ARC) • Audit actions formally logged, followed up and reported to ARC • Follow up of internal audit recommendations by Chief Finance Officer and periodically reported to ARC • Head of Internal Audit compliance with CIPFA Statement on the Role of the Head of Internal Audit • Internal audit function delivered by contract and meets PSIAS requirements • Best Companies Index employee survey

<p>regulatory bodies and implementing recommendations</p> <p>Gaining assurance on risks associated with delivering services through third parties and evidencing this in the AGS</p> <p>When working in partnership, make sure arrangements for accountability are clear and the need for wider public accountability is recognised and met.</p>	<ul style="list-style-type: none"> • Peer Review (2017) and Action Plan (reviewed 2019/20) • Corporate and Directorate Risk Registers
