

**Proposed Navigation Charges for 2019/20
in the Navigation Area and Adjacent Waters**
Report by Chief Executive, Chief Financial Officer and Collector of Tolls

Recommendations:

Following consultation with members of the Tolls Review Group and the Navigation Committee on options for additional expenditure this report **recommends** that:

- (i) In line with previous Broads Authority decisions an 'across the board' approach should be adopted with navigation income increasing at the same rate for the whole of the hire fleet and the private fleet.
- (ii) That tolls be raised by +2.6% to maintain the existing level of service (+2.1%) and provide for the installation of electric charging points (+0.5%) at the Acle Bridge mooring which is due to be refurbished next year.

To note that if implemented the proposed cash increases for the most common sizes and categories of craft would be as follows:

	Number of Boats (30 Sep 2018)	2018/19	2019/20	Increase p.a.
Private sailing craft				
5 m²	504	£41.20	£42.30	+£1.10
11 m²	143	£90.64	£93.06	+£2.42
Private motor boats				
5 m²	721	£66.20	£67.95	+£1.75
15 m²	256	£198.60	£203.85	+£5.25
22 m²	336	£291.28	£298.98	+£7.70
38 m²	108	£503.12	£516.42	+£13.30
Day hired boats				
12 m²	72	£547.56	£561.84	+£14.28
Weekly hired motor craft				
38 m²	60	£1,133.16	£1,162.80	+£29.64
48 m²	61	£1,431.36	£1,468.80	+£37.44

Note: A complete list of the increases for all categories and sizes of craft is contained in Appendix 1.

1. Progress over the last year

- 1.1 Last November at its meeting the Broads Authority followed the advice of the Navigation Committee and raised charges in the Navigation Area and Adjacent Waters for 2018-19 by 3% across the board. This was in line with the Authority's financial plan and took account of the rate of inflation (CPI was 2.9% and RPI 3.9% as at August 2017). A range of options for additional expenditure was evaluated and it was resolved to purchase new equipment for bankside tree and scrub management and additional safety signs.
- 1.2 In line with that decision five electronic speed signs have been purchased. Four have been deployed and the Ranger Team rotate the locations between the Yare (Postwick) the Waveney (Waveney River Centre) the Thurne (Potter Heigham) and the Bure (Wroxham). Initial feedback indicates that they are effective in moderating the speed of vessels with fewer reports of speeding through sites since they have gone up.
- 1.3 The mechanical equipment, consisting of an excavator, floats and tree shears, to improve the effectiveness of the Authority's management of bankside trees and scrub has been purchased and were demonstrated to members on the morning of 25 October 2018.

2. Navigation Income and Expenditure 2018-19

- 2.1 Navigation income in the current year to date is above that budgeted, with the Predicted Outturn for 2018/19 shown in Table 1 being £15,000 above the Latest Available Budget.

Table 1 Budget compared to Predicted Outturn for 2018/19

	Latest Available Budget 2018/19	Predicted Outturn 2018/19
Navigation Income	(3,338,300)	(3,353,360)
Expenditure	3,341,353	3,333,652
(Surplus)/ Deficit	3,053	(19,709)
Transfer of accrued interest to ear-marked reserves	3,750	7,500
Opening Reserves	367,662	367,662
Closing Reserves	360,860	379,871
Reserves as % of Expenditure	10.8%	11.4%

- 2.2 Expenditure is been below budget by £7,700 due to a number of savings within budgets.
- 2.3 The Authority has completed the sale of the Ludham Field Base and the resultant capital receipt has been shared 60:40 between the National Park and Navigation. The receipt has to be ring fenced on the Balance Sheet for new capital expenditure or the repayment of debt.

3. Context

- 3.1 After a very wet and cold spring the hot summer has meant that the hire boat industry has had, what they describe as a satisfactory year and the Authority's own income has also recovered from a poor start.
- 3.2 However, the economic outlook is extremely uncertain not just around the UK's exit from the European Union but also regarding the fortunes of the world economy. Both are likely to impact not only on visitor numbers to the Broads but also on our private toll payers and therefore our advice is to be cautious in setting charges for the coming year.
- 3.3 When the Navigation Committee report was written in October only the August 2018 figures for inflation were available and these have been used consistently over the years when considering potential toll increases. These rates were below the figure for the same period last year with the Consumer Price Index (CPI) at 2.7%, and the Retail Price Index (RPI) at 3.5%. It should be noted that these decreased in September 2018 with CPI at 2.4% and RPI 3.3%.¹ Although inflation figures are provided to give some context to the decision, toll increases are not made on this alone. The decision should be based on what type of service the Authority wants to provide.
- 3.4 Although we live in uncertain times boat numbers and toll income have held up well. Table 2 shows the number of private boats by category and although the total number has fallen by just 58 (0.5%) income is within £2,400 (-0.1%) of that predicted. Table 3 which looks at the largest category, private motor boats, shows that the increases experienced 2016-17 in the number of small boats has held up.

Table 2 Private Boats by Category

Private Boats	30 Sep 2017	30 Sep 2018	Change	% Change
Motor Cruisers	5064	5022	-42	-0.8%
Auxiliary Yachts	1122	1086	-36	-3.2%
Day Launches	546	561	15	2.8%
Outboard Dinghies	1052	1036	-16	-1.5%
Workboats	158	155	-3	-1.9%
Passenger Vessels SPB	22	21	-1	-4.6%
Total Motor Boats:	7964	7881	-83	-1.0%
Sailing Craft	1066	1068	2	0.2%
Rowing Craft	1477	1499	22	1.5%
Houseboats	45	46	1	2.2%
Total Sailing Boats	2588	2613	+25	1.0%
Total Private Boats	10552	10494	-58	-0.6%

¹ Ref from the Navigation Committee charges on other inland waterways are rising at rates well in excess of CPI, notably in the Anglian Region of the Environment Agency where they are rising by +7.5% in 2019 & 2020.

**Table 3 Private motor boat fleet
(Motor cruisers, day launches & outboard dinghies)**

Size m ²	2016	2017	2018	Change 2017-18	Change 2016-18
1-10	1,646	1,820	1,818	-2	172
11-20	1,895	1,893	1,867	-26	-28
21-30	1,604	1,609	1,603	-6	-1
31-40	870	882	865	-17	-5
41-50	374	370	375	5	1
51-60	67	63	63	0	-4
61-70	16	14	18	4	2
71-80	2	4	6	2	4
81-90	3	3	2	-1	-1
91-100	2	2	1	-1	-1
101-110	1	2	1	-1	-
Grand Total	6,480	6,662	6,619	-43	139

- 3.5 Table 4 shows the year on year comparison for the number of hire boats and indicates that the total number has increased by 12. The impact of this is that hire boat income is just under £10,000 above the predicted level.

Table 4 Number of Hire Boats 2017-18

Hire Boats	2017	2018	Change	% Change
Motor Cruisers	802	806	4	0.5%
Auxiliary Yachts	45	46	1	2.2%
All Cabin Hire Boats:	847	852	5	0.6%
Day Launches	290	301	11	3.8%
Outboard Dinghies	9	9	0	0.0%
Passenger Vessels MCA	6	6	0	0.0%
Passenger Vessels SPB	6	7	1	16.7%
Total Motor Boats:	1158	1175	17	1.5%
Sailing Craft	101	95	-6	-5.9%
Rowing Craft	191	194	3	1.6%
Houseboats	28	26	-2	-7.1%
Total	1478	1490	12	0.8%

Thus while the economic context may be uncertain the position on boat numbers and navigation income and expenditure is reasonably favourable.

4. Pressures on 2019-20 Navigation Expenditure

- 4.1 In considering the level of charges for next year a number of pressures on Navigation Expenditure need to be taken into account.

- A 2% pay increase for staff
- Increased employer pension costs
- Need for additional expenditure to remove wrecks
- The 'low hanging fruit' in terms of dredging have been dealt with and the dredging budget needs further expenditure if the Authority is to maintain its target of 50,000 m³ of material removed per annum
- The cost of servicing and repairing launches is increasing
- Breydon marker posts need replacement
- Legal fees - increased navigation prosecutions for boat owners not paying the required toll. The Broads Authority has no option but to prosecute as a last resort if the owner fails to pay.

4.2 All of these pressures mean that charges need to increase by 2.1% to maintain the existing standard of service and carry out essential maintenance work.

5. Options for Additional Expenditure

5.1 A range of actions requiring additional expenditure were presented to the members of the Tolls Review Group including:

- The installation of electric charging points at the Acle Bridge mooring which is planned to be refurbished next year. (+0.5%)
- Additional expenditure so that the repairs of the Acle Bridge moorings could be undertaken in one year rather than spread over two financial years. (+1.2%)
- Funding for a repeat of the stakeholder survey. (+0.9%)

5.2 The members of the Tolls Working Group decided to recommend the installation of the electric charging points only, which would result in an increase in charges of 2.6%. It was suggested that officers investigate a phased approach to the stakeholder survey and the mooring repairs.

6. Draft Income and Expenditure for 2019/20

6.1 Based on the above proposition a draft income and expenditure budget has been developed for 2019/20. See Tables 5 and 6 below.

Table 5 Projected income by fleet

	Projected Income 2019/20
<i>Hire Boat Income</i>	£1,189,000
<i>Private Boat Income</i>	£2,175,000
<i>Other Income</i>	£76,000
<i>TOTAL</i>	£3,440,000

Table 6 Draft income and expenditure 2019/20

	Draft Budget 2019/20 +2.6%
Navigation Income	£3,440,000
Expenditure	£3,462,000
(Surplus)/ Deficit	£22,000
Transfer of accrued interest to ear-marked reserves	£7,500
Opening Reserves	£379,871
Closing Reserves	£350,371
Reserves as % of Expenditure	10.1%

7. Charges for Categories of Boats

- 7.1 Taking the advice of the Tolls Review Group the charges for the different categories of boats have been calculated and are replicated in Table 7 for a c. 2.6% increase. They have been rounded up to the next whole penny.

Table 7 Proposals for Charges for 2019/20
Commercial Fleet

<i>Category</i>	<i>Current Charge</i>	<i>Proposed Charge</i>
1. Weekly hired motor craft	£29.82 per m ²	£30.60 per m ²
2. Weekly hired motor craft Electric	£20.91 per m ²	£21.46 per m ²
3. Day hired	£45.63 per m ²	£46.82 per m ²
4. Day hired Electric	£31.83 per m ²	£32.66 per m ²
5. MCA Passenger Boats and small passenger boats	£39.25 per m ²	£40.27 per m ²
6. Motorised Sailing Craft	£24.21 per m ²	£24.84 per m ²
7. Sailing Boats	£18.03 per m ²	£18.50 per m ²
8. Houseboats	£15.40 per m ²	£15.80 per m ²
9. Rowing, canoes etc.	£67.68	£69.44

Private Fleet

<i>Category</i>	<i>Current Charge</i>	<i>Proposed Charge</i>
10. Motor Boats - petrol & diesel	£13.24 per m ²	£13.59 per m ²
11. Motor Boats Electric	£10.30 per m ²	£10.57 per m ²
12. Motorised Sailing Craft	£9.79 per m ²	£10.05 per m ²
13. Sailing Boats	£8.24 per m ²	£8.46 per m ²
14. Houseboats	£5.31 per m ²	£5.45 per m ²
15. Rowing, canoes etc.	£33.84	£34.72

- 7.1 Appendix 1 contains a schedule showing the implications of the three options for each category and size of boat.

8. Consultation with the Navigation Committee

- 8.1 The Navigation Committee was consulted on the level of charges for 2019/20 at its meeting on 25 October 2018. Whilst the committee recognised the importance of repairing the moorings at Acle it was felt that this could be achieved over two financial years and within existing budgets. The Committee also commented that the installation of the electric charging points were an essential part of developing the Acle Bridge site. The committee unanimously recommended that:

“That charges be raised as an across the board percentage on last year’s rates of 2.6% to include the provision of installing electric charging points at Acle Bridge.”

9. Evaluation and Risk Analysis

- 9.1 An increase in line with inflation is consistent with the Authority’s agreed policy following the major restructuring of charges two years ago. Given that the broader economic position is uncertain a 2.6% increase across the board is prudent in recognising the pressures on both the commercial and private owners of boats while providing sufficient resources to maintain the current standard of maintenance.

10. Equalities and Social Impact

- 10.1 There is no evidence to suggest that an across the board increase of 2.6% will have a disproportionate impact on any particular group of owners.

11. Conclusions

- 11.1 It is important that the Authority retains a balanced approach to charges between raising the necessary resources to undertake essential maintenance work while recognising the financial pressures on both commercial and private boat owners. With boat numbers remaining relatively stable an increase just below the August rate of inflation is prudent.
