

Planning on the web

Information on planning applications, the planning process, guidance and advice, planning policies, conservation, tree preservation and planning enforcement is all available on:

www.broads-authority.gov.uk/planning

If you are looking for a particular application, have the reference number ready to enter.

PublicAccess is an online service that allows you to view details of planning applications being considered by the Broads Authority and planning history going back to 1989 when the Authority became a planning authority.

You can monitor the progress of an application, submit comments about an application and search a constantly updated list of planning applications received.

Contact us

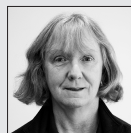

- Please contact us through the Authority's website and type "Planning" in the title.
- If you prefer, phone 01603 610734.
- Planning applications can also be viewed at the Broads Authority's head office at Yare House, 62-64 Thorpe Road, Norwich NR1 1RY between 9am and 5pm, Monday to Friday.

There will not always be a planning officer on the premises, so please phone for an appointment if you require further help. If you are making a special journey, or have any special access needs, please phone the reception so that we can help you.

Planning Committee

The Broads Authority is the local planning authority for the protected area of the Norfolk and Suffolk Broads.

This means that planning applications are considered by the Broads Authority's own planning committee rather than by the committees of the district councils.

If you have a planning concern you can contact your parish or ward councillor and ask them to speak to one of our members. Alternatively, you can contact any of the members directly. Please copy any correspondence to our Governance team, governance@broads-authority.gov.uk

It is best if you discuss your concerns with a planning officer in the first instance, as they are available to provide professional advice. Officers will also know the background and be up to date regarding site development proposals. Officer contact details are also listed in this leaflet. Planning Committee meets every four weeks on a Friday, usually at our offices. Details on the venue will be available on the website under the relevant meeting date. Details can be found on our website under Committees. Meetings are open to the public but you will need to comply with the safety measures in place. Objectors to and supporters of development proposals and applicants may speak to the Committee. (Details about public speaking are published separately.)

A list of planning applications made to the Authority is published weekly on the Authority's website:

www.broads-authority.gov.uk

Not all planning applications are brought before the Committee. If there is a particular proposal you are interested in, please find out from the planning officer how it will be considered.

Members cover a wide range of interests and have a great depth of knowledge about the Broads. We would like to introduce them to you in this leaflet.

Meet the members

Harry Blathwayt

Chair of the Planning Committee
North Norfolk District Council

I was born by the Chet, raised in Horning, and live in Ludham. I represent Hickling Ward on North Norfolk District Council. The only significant part of my life not based in Norfolk or on the Broads were seven years living and working within the Lake District National Park.

My working life has been in the Hospitality, Sports and Leisure sector and has encompassed Thames Sailing Barges to Motor Racing Circuits, Hotels to Holiday Parks, working for Family Businesses to Public Limited Companies. Latterly I was employed where I had originally trained at the Hotel School Norwich City College, tutoring hospitality apprentices.

Tim Jickells

Vice-Chair of the Planning Committee
Secretary of State appointee

I have lived and worked in Norfolk for more than 30 years. During this time I have grown to greatly value the Norfolk Broads and the work of the Broads Authority. I retired as a Professor of Environmental Sciences at UEA in

2018 and now hope to use my skills and time to contribute to helping manage and develop the Norfolk Broads.
