Annual Governance Statement 2021/22 and Code of Corporate Governance 2022

Report by Senior Governance Officer

Summary

Every year the Broads Authority reviews its governance and internal control systems, including risk management, and publishes an Annual Governance Statement and action plan, supported by a Code of Corporate Governance, to show how it is complying with the principles of good governance. The Annual Governance Statement 2021/22 and Code of Corporate Governance 2022 are appended to this report.

Recommendation

To approve the Annual Governance Statement 2021/22 and to note, subject to the implementation of improvements identified in the action plan, that the Authority's systems of governance and internal control are considered to be adequate and effective.

1. Introduction

- 1.1. As a public body, the Broads Authority is responsible for making sure it has strong and up to date governance and internal control systems that comply with the principles of "good governance". Under the Accounts and Audit (Amendments) Regulations 2022, we must publish an Annual Governance Statement (AGS) on the effectiveness of our systems during the year, and an action plan to address any identified weaknesses. The Statement accompanies the annual Statement of Accounts and must be published by 30 November following the financial year to which it relates.
- 1.2. The AGS is guided by the "Delivering Good Governance in Local Government: Framework" which includes principles on integrity, ethical values and the rule of law; stakeholder engagement; sustainable economic, social and environmental benefits; leadership and resources; risk and performance; and transparency, reporting and review. Our internal and external audit, internal review and other reports, and the Code of Corporate Governance (CCG) all provide evidence for the AGS.
- 1.3. The Audit and Risk Committee will review the AGS on 26 July 2022 and present any suggested amendments or recommendations to today's meeting. Once the Authority

approves the Statement, it is signed by the Chair and Chief Executive and the Action Plan 2022/23 is implemented.

2. Code of Corporate Governance (CCG)

- 2.1. The CCG helps us to develop our governance framework based on best practice and external guidance. The Code is updated annually, with significant changes reported in the AGS and any actions included in the Action Plan. The CCG is signed by the Chair and Chief Executive and published on the Broads Authority website on the [how we work](#) page.

3. Audit opinion

- 3.1. The Head of Internal Audit's overall audit opinion in relation to the framework of governance, risk management and control at the Broads Authority in 2021/22 is reasonable, with three of the four audits (Corporate Governance & Risk Management; HR & Payroll; and Cyber Security) having a reasonable (positive) assurance grading and Key Controls and Assurance with a "substantial" assurance. The Authority's Management Team accepted the vast majority of the recommendations raised and assigned responsibilities and deadline dates, as shown in the AGS action plan (appendix 1).
- 3.2. In providing the opinion, the Authority's risk management framework and supporting processes, the relative materiality of the issue arising from the internal audit work during the year, and management's progress in addressing any control weaknesses identified from this were taken into account. The opinion was discussed with the Section 17 Officer prior to publication.

About this Statement

As a public body, the Broads Authority is responsible for making sure its governance and internal control systems are robust, up-to-date and in line with the principles of good governance. This is about conducting our business in accordance with the law and with proper standards, using public money wisely and efficiently, and having the right arrangements in place to protect our assets and meet our strategic aims. It is also about our members and officers representing the shared values and culture of the organisation.

To show how we are complying with good governance, we prepare an **Annual Governance Statement**¹ and publish it alongside our annual Statement of Accounts. The Statement is guided by '[Delivering Good Governance in Local Government](#)', which includes principles on integrity, ethical values and the rule of law; stakeholder engagement; sustainable economic, social and environmental benefits; leadership and resources; risk and performance; and transparency, reporting and review.

The Statement includes an annual action plan to address any weaknesses identified by internal and external audit, self-assessment and other reporting including our [Code of Corporate Governance](#) (Appendix 2).

This Annual Governance Statement was adopted on 29 July 2022. Our action plan 2022/23 and a review of last year's action plan are at Appendices 1(a) and 1(b).

1. Our governance framework

1.1. Purposes and duties

The Broads Authority is a statutory body with similar responsibilities to those of the English, Welsh and Scottish National Park Authorities². It is the local planning authority, and a harbour and navigation authority. It has a duty to manage the Broads to conserve and enhance its natural beauty, wildlife and cultural heritage, to promote opportunities for the public to understand and enjoy its special qualities, and to protect the interests of navigation.

In managing the area, the Authority must have regard to the national importance of the Broads for its natural beauty and opportunities for open-air recreation, the desirability of protecting its natural resources from damage, and the needs of agriculture and forestry and economic and social interests of those who live or work in the area. The Authority also has the duty to maintain the navigation area to such standard as appears to be reasonably required and to develop and improve it as it thinks fit.

1.2. Strategy and policy

The [Broads Plan](#) is the key partnership strategy for the Broads, setting out a long-term vision and short-term objectives to benefit of the environment, local communities and visitors. The

¹ Regulation 6(1)(a) and (b) of the Accounts and Audit Regulations 2015

² The Broads Authority was established under the Norfolk and Suffolk Broads Act 1988. Further provisions for the management of the area were made through the Broads Authority Act 2009.

current Plan (adopted in 2017) is under review, with consultation on the draft Broads Plan 2022-27 taking place in May-July 2022. The Authority hopes to adopt a final plan in Autumn 2022. Sitings under the Broads Plan are more detailed [guiding strategies](#), generally focusing on a single theme and covering a short-term period of 3-5 years.

The [Broads Local Plan](#) (adopted in 2019) sets out the policies used in determining planning applications for the plan period up to 2036. We also produce supporting supplementary planning documents such as the [Flood Risk SPD](#), and [planning design guidance](#), to help with the interpretation and implementation of policies. The Local Plan is subject to regular review, and the current review is underway, with consultation on Issues and Options planned before the end of 2022.

Our [Annual Business Plan](#) outlines our work priorities for the coming year and summarises last year's progress. The Plan is a link between the strategies for the Broads and our Directorate work plans. The [Annual Business Plan 2022/23](#) outlines our work plans for 2022/23 and 3-year financial strategy for 2022/23 to 2024/25.

Each year we also identify a small set of strategic priorities, focused on Authority-led projects that have high resource needs or a very large impact on the Broads, or that are politically sensitive. This helps us target our resources and make the most of partnership working and external funding opportunities. We report on their progress at each [Broads Authority](#) meeting.

2. External factors influencing our governance arrangements

2.1. Coronavirus (Covid-19) pandemic

Government measures in place at the start of 2020/21 to respond to the Covid-19 crisis continued to affect the Broads Authority's operations throughout the year, including its governance processes. Under the provisions of the Coronavirus Act 2020, temporary standing orders for remote meeting procedure rules were in place from 22 May 2020 to 7 May 2021, and all committee meetings were held remotely during that period using video conferencing to run and livestream proceedings. Whilst physical meetings resumed post 7 May 2021, for a number of months alternative venues were used for safety reasons (to minimise the risk of catching/spreading Covid) as the Authority's own meeting rooms had restricted capacity. Members acknowledged the benefits of holding some meetings remotely and consequently, in November 2021, the Authority agreed that its advisory, non-decision-making committees, namely Navigation Committee and Audit and Risk Committee, have the option to hold meetings virtually and new "Standing Orders – procedure rules for remote meetings" were adopted. This is subject to both the Chair and Vice-Chair of the relevant committee being consulted in advance of each meeting and does not apply to either the Planning Committee or full Authority meetings.

The main impact to the Authority in 2021/22 was the loss of staff working days. This equated to 151 FTE days which resulted in some works being delayed until 2022/23 in the form of budget carry forwards.

Covid related Risk assessments which started in March 2020 were reviewed and updated for all sections and services within the Authority, and specific measures continued to enable safe working. Most operations were able to continue during 2021/22. Agile working arrangements were developed and a trial started at the end of 2021, which will finish in 2022. A staff survey was conducted in 2021/22 which included elements of agile working arrangements

2.2. Brexit

Leaving the European Union was largely overshadowed by the Covid-19 crisis. However, it remains a significant change for the country and will impact on the Authority, such as closing off a source of funding for joint projects with European partners. The timescale for our EU-funded project CANAPE was extended beyond the Brexit leave date, which will enable this partnership project to be completed. Preparations for importing EU goods were also completed, although minor when compared to purchases made within the UK. There have been some minor delays in purchasing items such as wood and metal that are normally sourced by our UK suppliers from the EU.

2.3. Landscapes Review

The [Landscapes Review Final Report](#) was published in September 2019, setting out 27 proposals to protect and improve England's protected landscapes. The Government's response to the Review was published on 15 January 2022 and can be found at: <https://www.gov.uk/government/publications/landscapes-review-national-parks-and-aonbs-government-response>. A member workshop was held on 24 February 2022 to discuss the proposals in detail and the Authority's formal response was agreed at the Authority meeting in March 2022 and submitted to Defra on 8 April. We have considered the Landscape Review's key points as we carried out the Broads Plan review in 2021 and 2022.

3. Committees, staffing and financial arrangements

3.1. Committees

The Broads Authority has unique governance arrangements, reflecting the interests of both national and local stakeholders. Of its 21 members, ten are appointed by the Secretary of State, nine are locally elected County and District Councillors, and two are co-opted from the Navigation Committee. Other than Planning Committee and those matters specifically delegated to the Chief Executive, all matters are dealt with by the full Broads Authority as the prime decision maker. Routine decision making is delegated by members to officers of the Authority through the Scheme of Delegated Powers.

The [Broads Authority](#) (the full Board) meets six times a year. Members also get invited to site visits or workshops as required, to give members more time to interact informally outside the main business meetings and to see what is happening out in the Broads. There is a transparent process for the annual appointment of Chairs and Vice-Chairs, committee membership and appointments to outside bodies, which allows members to express their preferences for serving on particular committees and outside bodies. The Chairs' Group

gives all Chairs and Vice-Chairs an active role in maintaining an overview of the work of the various committees, and supporting the Chair and Chief Executive.

The [Audit and Risk Committee](#) is an advisory committee, meeting three times a year. It is responsible for examining our governance, internal control and risk management framework, and taking a strategic view on whether our allocated resources are being used effectively.

Our functions as a Local Planning Authority are carried out by the [Planning Committee](#), with powers delegated to officers in line with national legislation. It is a decision-making committee and normally meets every four weeks. [Planning decisions](#), whether made at Committee or through delegated powers, are published on our website.

The [Navigation Committee](#) advises the Authority's on significant matters affecting the navigation area. While it does not make decisions, if the Authority does not accept the Committee's recommendations it must give reasons. There are five meetings a year, and members are also invited to the Authority's site visits and workshops.

The [Broads Local Access Forum](#) is a semi-independent body that advises the Authority on improving public access to land within the Broads executive area. The Forum meets at least twice a year.

The Authority has two **Independent Persons**, appointed for a 4-year period, who are consulted to help the Authority achieve high ethical standards. The current postholders were appointed in January 2021 until the annual meeting in July 2024 (the appointments were delayed by the cancellation of the 2020 annual meeting and an extension to the previous terms of office). One of the Independent Persons was also appointed to the Water Skiing and Wakeboarding Appeals Panel for the same term. This role includes being consulted on the appointments of members of those panels under Schedule 3 para 3(c) of the Broads Authority Act 2009.

3.2. Officers

The Authority has 140.6 full-time equivalent staff. There are four statutory officers who carry out specific duties. They are the Head of Paid Service (Chief Executive), Section 17 Officer (Director of Finance), Navigation Officer (Head of Ranger Services) and Monitoring Officer.

The Chief Executive, Director of Finance, Director of Strategic Services and Director of Operations make up the Management Team. There are seven Section Heads, covering the following sections: Construction, Maintenance & Ecology; Communications; Human Resources; ICT & Collector of Tolls; Planning; Ranger Services and Safety Management. The Management Team meets weekly and liaises regularly with the Section Heads through the Management Forum. We are also required to have a Data Protection Officer, and this role is currently held by the Director of Operations as a qualified Data Practitioner.

3.3. Financial arrangements

It is considered that the Authority's financial management arrangements conform with CIPFA's [Statement on the Role of the Chief Financial Officer in Local Government](#) (2016). As a key member of the Management Team, the Director of Finance is actively involved in material business decisions to help the Authority develop, resource and implement its strategic plans sustainably and in the public interest.

We have a number of procedures in place to make sure we obtain best value for money in all we do, and we review them all on a regular basis. The Financial Regulations, reviewed in March 2018, were updated to reflect that the Section 17 Officer and Treasury is now managed in-house. Our Counter Fraud, Corruption and Bribery Strategy was updated in March 2018 and our Standing Orders Relating to Contracts in February 2022. We also reviewed our Procurement Strategy in July 2020 and our Capital, Treasury and Investment Strategy in March 2022. An initial assessment against CIPFA's Financial Management Code was received by Audit and Risk in July 2021 and progress is monitored against the action plan.

We monitor the effectiveness of our internal financial control systems through the consideration of regular internal audits, performance management and budget monitoring reports, and through reporting to ARC.

4. Decision making and openness

Our arrangements for decision making are set out in publicly available documents, published on our website at [Constitutional documents \(broads-authority.gov.uk\)](https://broads-authority.gov.uk). These include standing orders, terms of reference of committees, codes of conduct, scheme of delegated powers and protocol on member and officer relations. In 2019/2020 we commissioned Birketts LLP to review a number of our constitutional documents to make sure they are fit for purpose, in line with best practice and legislation, and easy to understand. The progress of this work was delayed by Covid-19 and rescheduled work priorities but to date, revisions of the Social Media Policy and Scheme of Delegated Powers have been adopted by the Authority. An updated Member Code of Conduct was adopted by the Authority in July 2021, based on the LGA's new model code, together with a revised Register of Interests form and both the Code of Practice for Members of the Planning Committee and Officers and the Protocol on Member and Officer Relationships were updated and adopted by the Authority in September 2021. As noted above, temporary Standing Orders were adopted to enable the Authority to hold all its committee meetings remotely from 22 May 2020 to 7 May 2021 and new Standing Orders – procedure rules for remote meetings were adopted in November 2021 for those meetings of the Audit and Risk Committee and Navigation Committee to be held remotely. Work is ongoing to complete the review of remaining documents including the complaints process under the Member Code of Conduct and our Standing Orders for Authority proceedings.

Our committees each have distinct terms of reference. Meetings are held in public, apart from agenda items that are exempt under legislative guidance, and members of the public

may ask questions. Our committee meetings are audio recorded and the public may request a copy of the recording. While meetings were held remotely, the proceedings were livestreamed for public viewing via a link on the Authority's website.

Staff roles and responsibilities are defined through job descriptions and regularly updated policies and procedures, including an officer code of conduct and annual performance appraisals. In 2019/2020 we started to use the Best Companies Employee Survey. Our first Best Companies Index score was classed as 'good', which in terms of accreditation means we are 'one to watch'. The next survey was run at the end of 2021, and the outcome was again good, "one to watch".

The Freedom of Information Act (FOIA) and the Environmental Information Regulations (EIR) give rights of public access to information held by public authorities, including the Broads Authority. Our [Publication Scheme](#) highlights the information we publish, how we make it available, and our charging policy. Our commitment to protecting people's privacy and processing personal data in accordance with data protection legislation is set out within our [Data Protection Policy](#).

5. Ethics and integrity

Under the Localism Act 2011 we have the duty to promote and maintain high standards, and we work to embed this throughout our governance and internal control systems. The seven principles of public life (known as the Nolan Principles) are incorporated in the Members' Code of Conduct which was reviewed and the updated version adopted in July 2021. Our Independent Persons provide external scrutiny of our standards processes.

We also have our own set of corporate core values (below), which are promoted to officers and members through posters and screen savers, codes of conduct and protocols, recruitment and appraisal processes, and development programmes.

Our core values

- **We show commitment** - Working together for a common purpose; Showing flexibility, trust and enthusiasm; Delivering on our promises
- **We are caring** - Setting realistic and properly resourced workloads; Supporting each other to get things done; Giving praise and daring to challenge
- **We are exemplary** – Being visible, approachable and professional; Making sound judgements on strong evidence; Aiming higher, smarter and always inspiring
- **We are open and honest** – Being fair and consistent in our words and actions; Always willing to ask, listen and respond; Doing what's right and being accountable
- **We are sustainable** – Looking after our resources wisely; Understanding the impact of our choices; Doing work that adds real value

6. Engaging with stakeholders

We encourage our partners, interest and user groups and local communities to engage with us in various ways. This includes drop in events such as partnership working groups and Parish Forums, direct contact such as officers or members attending user group meetings, public events, digital and social media, and formal written consultations. We also seek public opinion through surveys and the user analysis of our website and Facebook and Twitter feeds.

[Broads Engage](#) brings together many of the ways people can hear about and have a say on the use and management of the Broads. In 2021/22, we re-started face-to-face engagement events. We also continued to engage with stakeholders through remote means, which can be more accessible to certain demographics.

7. Managing risk and performance

The Audit and Risk Committee's (ARC) responsibilities include gaining assurances, from a range of measures and reports, that the Authority is obtaining value for money in the use of its resources, and that risk and performance are being actively managed to achieve best results.

We have a **Corporate Risk Register (CRR)** and three **Directorate Risk Registers (DRRs)**, together with a Risk Management Policy. The registers are reviewed quarterly by Management Team, and at every meeting of ARC. Any mitigated risk on a DRR that scores as a 'high risk' is referred to the CRR for monitoring. The Risk Management Policy is reviewed and updated every two years, and is next due for review in January 2024.

Our **Business Continuity Plan** provides critical information to enable the Authority to continue operating during an unplanned significant event, including loss of premises, IT/telecommunications systems and utilities; national lockdown (e.g. pandemic) and major travel disruption. The plan relates to events that impact all or most of the Authority's operations and that require immediate action. Measures to respond to other identified and predictable business risks (such as significant loss of income or key staff) are covered elsewhere, including within our risk registers and individual project plans.

A **weekly recorded briefing** from officers is made available to all staff, members and volunteers every week.

We have **internal financial controls** to reflect good practice and make sure our finances are managed securely to minimise risk. These include approved budgets, separation of duties and authorised signatures. We also maintain a database of all our land and property assets and an **Asset Management Strategy** that includes an asset disposal policy, to help us plan our maintenance and replacement programme and reduce the risk of unexpected costs.

Our **performance** across our operations is assessed at regular Management Team meetings, with financial reports and budgets considered monthly and reports provided to Members at each Authority meeting.

There is a **whistleblowing policy** for our staff, with a separate policy for Members due to be adopted at the 29 July 2022 Authority meeting, and the Monitoring Officer has a duty to write a report if the Authority or any of its committees proposes action that would be unlawful or amount to maladministration.

8. Internal and external audit

Our **internal and external auditors** are the main independent sources of assurance on the operation of our governance framework and the Statement of Accounts.

An external provider reviews the effectiveness of our **internal control systems**, which includes our **internal audit function**. This helps to emphasise audit's key role and its connection to governance, risk management and internal control. The broad categories for internal audit are annual opinion, corporate governance, fundamental financial systems, service area audits and significant computer systems. The Head of Internal Audit (HIA) develops an annual **strategic audit plan** using a risk-based approach. The annual opinion is given on the overall adequacy and effectiveness of the Authority's internal control environment, highlighting significant issues.

The Management Team responds to each recommendation in the internal audit report, stating whether it is agreed and what action will be taken. The ARC receives a summary of internal audit work during the year and progress on implementing audit recommendations. Any significant concerns are reported up to the Broads Authority. The Authority is also informed of the work of the appointed External Auditors, including the Annual Audit letter from the External Auditors.

The **HIA's overall audit opinion** in relation to the framework of governance, risk management and control at the Broads Authority in 2021/22 is **reasonable**, with three of the four audits (Corporate Governance & Risk Management, HR & Payroll and Cyber Security) concluding with a reasonable (positive) assurance grading and Key Controls and Assurance concluding with a "substantial" assurance. The Authority's Management Team accepted the recommendations raised and assigned responsibilities and deadline dates, as shown in Appendix 1(a) below.

In providing the opinion, the Authority's risk management framework and supporting processes, the relative materiality of the issues arising from the internal audit work during the year, and management's progress in addressing any control weaknesses identified from this were taken into account. The opinion was discussed with the Section 17 Officer prior to publication.

9. Action Plans

Our Annual Governance Statement Action Plan 2022/23 and a summary of progress against last year's action plan are at Appendix 1. We are satisfied the Plan will address the identified weaknesses, and will report back on its implementation as part of our next Statement.

Broads Authority

Code of Corporate Governance 2022

The Code of Corporate Governance helps the Broads Authority, as a public body, to develop its governance framework based on good practice and external guidance, and to demonstrate compliance with the principles of good governance.

Good governance is about making sure we do the right things, in the right way and for the right people in a timely, inclusive, open, honest and accountable manner. It is the systems and processes, and the values and principles, which direct and control what we do and how we relate to our communities. A key focus for good governance within the public sector is to achieve sustainable results that benefit the economy, the environment and society.

Our Code of Corporate Governance is based on the core principles in the CIPFA/SOLACE Framework [Delivering Good Governance in Local Government](#). We also have our own set of core values to underpin the behaviour of our Members and staff, who share responsibility for good governance.

We review and update the Code every year through consultation with senior staff, the Head of Internal Audit and the Chair of the Audit and Risk Committee. Any significant areas of concern raised in the review are referred to our Management Team or to the appropriate committee for comment or decision.

The Chief Executive is delegated to make necessary changes to the Code as a result of the review to keep it up-to-date. Significant changes to the Code are reported to the Authority in July as part of the Annual Governance Statement, and any new or outstanding actions are included in the Statement's Action Plan for the following year. The Code for 2022 was approved by the Authority on 29 July 2022 and signed off by the Chair and Chief Executive.

Bill Dickson (Chair of the Authority)

John Packman (Chief Executive)

Date: 29 July 2022

Broads Authority Code of Corporate Governance: Schedule (May 2022)

This schedule represents what we do, or intend to with immediate effect, to demonstrate our compliance with the principles of good governance in local government. The core principles and sub-principles are taken from the CIPFA/ SOLACE Framework [Delivering Good Governance in Local Government](#) (2016). We will review our performance against the Code during 2022/23 and report the results to the Audit and Risk Committee and subsequently to the Broads Authority in July 2023 as part of the Annual Governance Statement.
