1. Apologies for absence and welcome

Apologies received from Louis Baugh, Julie Brociek-Coulton, Richard Webb, Dan Hoare.

Marie-Pierre Tighe welcomed new member Tim Harris, new Administrative Officer Kylie Moos, Matt Gooch from Suffolk Wildlife Trust and Ken Hawkins from the Norfolk Local Access Forum.

Tim Harris introduced himself, noting his experience and interests in conservation and heritage.

2. Declarations of interest

None declared.

3. Election of Chairman and Vice Chairman

Keith Bacon was nominated for the position of Chairman of the Broads Local Access Forum. There were no other nominations. Members voted unanimously to appoint Keith Bacon to this role.

Michael Flett was nominated for the position of Vice Chairman of the Broads Local Access Forum. There were no other nominations. Members voted unanimously to appoint Michael Flett to this role.

4. Minutes of the last meeting

The minutes of the meeting held on 4 September 2019 were approved as a correct record and signed by the Chairman.

5. Matters arising from the minutes

How Hill footpath

Broads Authority Rangers have been checking regularly that boats are not mooring at the 'no mooring' signs near Clay Rack Mill. Members confirmed that there had been an improvement since the Ranger checks had been taking place and there were no boats moored there at the moment.

River Wensum Strategy

Lewis Treloar attended the River Wensum Strategy Group meeting on 28 November 2019 at Norwich City Council and confirmed that five projects had been completed by the Broads Authority.

It was noted that no one in the Broads Local Access Forum was personally involved.

Staithe Report

Copy available online, to be discussed at agenda point 9.

Reedham permissive footpath

Lewis Treloar attended a meeting with Reedham Parish Council. The Broads Authority and Norfolk County Council are supporting the Parish. Catherine Webb from Norfolk County Council is looking for evidence from the archive centre.

If a permissive path cannot be agreed and the public right of way records can be confirmed, then a creation order for this section of path would need to be created.

The Forum were pleased with the Broads Authority's support in this matter.

The Forum agreed to send Lewis Treloar contacts of people who remember the footpath, to ask them to provide statements.

Ken Hawkins agreed to take a copy of the map to the Norfolk Local Access Forum to get user evidence.

Norfolk FWAG

Lewis Treloar had received the data from Mike Edwards from Norfolk Farming and Wildlife Advisory Group. He is now investigating how to establish 10 permissive footpaths. The process has progressed well for one footpath where the landowners' solicitors are reviewing the lease agreement.

Mooring and angling priorities

The Forum noted that some mooring signs were not consistent across the Broads with regard to angling restrictions. The fishing season runs from 16 June to 14 March.

It was agreed to leave the sign at St Benet's as it is now.

6. Consultation on BLAF Constitution

The Chair noted the unusual situation of the Broads Local Access Forum in dealing with Norfolk and Suffolk County Councils as Highways Authorities, as well as the Broads Authority as a Special Statutory Authority and member of the UK National Parks family. A member noted that the Forum could reflect on putting more emphasis on people living in the Broads.

Forum members agreed that the consultation should take place from 11 December 2019 to 5 February 2020. Responses will need to be submitted by email to BLAF@broads-authority.gov.uk.

Broads Authority members will receive a copy of the consultation by email. Parish councils will be made aware of the consultation dates.

Forum members requested that copies of the Norfolk and Suffolk Local Access Forums' constitutions are included in the email for comparison.

Officers will present the outcome from the consultation at a future BLAF meeting.

7. Carlton Marshes Nature Reserve

Matt Gooch, Broads Reserves Warden from Suffolk Wildlife Trust, gave a presentation on the Carlton Marshes project and the routes around the reserve.

In April 2018, Suffolk Wildlife Trust (SWT) received a grant of £4.1 million from the Heritage Lottery Fund (HLF) for the project, which will focus on habitat restoration, wetland creation and improved access to all. Highlights of the project include:

- New and improved boardwalks, trails, viewing structures due to open in May 2020.
- New visitor centre opening in spring 2020 to include toilets, changing places, shop and café.
- Updating paths with type 1 aggregate to improve accessibility.
- Purchase of an additional 348 acres surround Carlton Marshes to assist with the target of 1,000 acres of wildness in the Broads.
- Once the project is completed annual visitors are expected to rise from 55,000 to 120,000.

Small sections of land around Carlton Marshes are the responsibility of the Environment Agency as a flood defence, but on privately owned land. Following the flood defence work carried out by BESL on behalf of the Environment Agency, a number of footpaths and bridleways no longer serve their purpose to the public at Carlton Marshes. These changes to the public rights of way have yet to be legally formalised.

Together with the change of land ownership to SWT, this creates an opportunity to improve the routes, including creating a bridleway linking the nature reserve centre to the ferry crossing on the River Waveney.

The Forum agreed to give full support to the project to create a bridleway to link the nature reserve to the ferry, and recommend this to the Broads Authority.

8. Visit to Aston Rowant National Land Access Centre

Lewis Treloar and Forum members Tim Harris and Steve Read visited the Aston Rowant National Land Access Centre for a presentation on access to bridleways and footpaths. They presented to the group their findings:

- If using a gate, gap or stile, the most accessible or least restrictive option should be selected.
- It is a good thing to remove barriers when possible.
- Many of the structures used in the past may no longer serve the same purpose, that is to contain cattle, and landowners should regularly review whether the structures are still required and remove them where possible.
- Adjustments to existing structures can be beneficial, such as using yellow paint to help those with visual impairments and installing RADAR locks at kissing gates.

Working with Norfolk County Council, work has already commenced to remove gates on Wherryman's Way.

Comments and answers to questions

- Changes have been made recently to the Highways Act 1980, Section 147 with the aim to have structures that are easy to use for as many people as possible.
- If too many structures are removed it could attract motorbikes travelling at dangerous speeds. Motorbike inhibitors can be installed to deter this.
- Landowners would be responsible for the cost of removing and installing and updating structures, in line with access guidance.
- Locked gates have previously been used to prevent fly tipping and restricting vehicle access to staithes. Each gate would need careful consideration before any adjustments were made.

9. Update on publicly accessible slipways and launching points

The list of publicly accessible slipways and launching points was reviewed by the Forum and it was noted that Ludham Bridge slipway is to be added to the list.

The Forum agreed to email any amendments to the list to Lewis Treloar.

Staithes Report

The final version of the Staithes Report, which covers the history of 85 staithes, has been reviewed by Forum members and the following observations were made:

- The report is very informative; however, it was written by an historian and must be used for information purposes only, it does not examine current ownership nor should it be used for legal guidance.
- It is a good starting point for any issues that may arise from staithes in the future, but does not detail all staithes within the Broads National Park. There are approximately a further 50 staithes that could be used for future reports.
- Prior to Professor Tom Williamson's report there had only been a small staithes report, written in 1986, of which Keith Bacon had a copy.

- With Professor Williamson's staithe report now published, the information on staithe is available for the public. There is concern that the number of public staithe available is decreasing, but the staithe report is a starting point to start further investigation on specific staithe.

The Chair agreed to circulate a copy of a previous staithe report from 1986 to forum members.

The Forum agreed for the Chair to contact the Environment Agency for its opinion as a follow-up to the publication of the staithe report.

10. Any other business

Footpath extinguishment

Lewis Treloar explained the situation regarding the PROWs diverted as a consequence of the Broadland Flood Alleviation Project, and the need to extinguish the previous routes.

The preparation of Public Path Extinguishment Orders was under way for the PROWs that have been diverted and for which new Dedication Agreements were in place. This concerned PROWs at Stokesby with Herringby, Cantley and Mautby.

A member noted a concern should any angling rights change as a result of the paths being relocated. It was confirmed that the process for extinguishment orders included a full consultation, which members could respond to.

11. Date of next meeting

The next meeting of the Broads Local Access Forum would be held on Wednesday 11 March 2020 at 2.00pm at Yare House, 62 – 64 Thorpe Road, Norwich

The meeting ended at 16:20.

Agenda item number 5

Consultation on BLAF Constitution

Report by Head of Construction, Maintenance & Environment

Summary

The Broads Local Access Forum (BLAF) Constitution has been reviewed, principally to ensure consistency with Local Access Forums (England) Regulations 2007 and closer constitutional alignment with county LAFs. The current BLAF Constitution was subject to consultation with BLAF members, Broads Authority members, parish councils and Norfolk and Suffolk LAFs. This report details responses received and the proposed changes to the Constitution, including Terms of Reference.

Recommendation

To endorse the updated Broads Local Access Forum Constitution and recommend that the Broads Authority adopts the Constitution.

1. Introduction

- 1.1. Local Access Forums were established under sections 94 and 95 of the Countryside and Rights of Way Act 2000 and are governed by [the Local Access Forums \(England\) Regulations 2007](#).
- 1.2. The Broads Local Access Forum (BLAF) advises the Broads Authority about making improvements to public access for outdoor recreation and sustainable travel. The BLAF can set its own priorities depending on local issues, and can also respond to consultations and draft policy documents.
- 1.3. The current BLAF Constitution (Appendix 1) was written using the Local Access Forums (England) Regulations 2002 and is therefore out of date. Over this period, the county Local Access Forum (LAF) constitutions have been updated, leaving the BLAF Constitution in need of revision. At the BLAF meeting in December 2019, members agreed that the Constitution should go out for consultation for a period of 8 weeks.

2. Consultation

- 2.1. The consultation ran from 11 December 2019 to 5 February 2020. The responses received are in Appendix 2.
- 2.2. The BLAF Constitution has been amended, taking account of the consultation responses and to be more closely aligned with county LAFs and the [Guidance on Local Access](#)

[Forums in England](#). The proposed revision is in Appendix 3, showing track changes. For ease of reading, Appendix 4 is a clean revised version with track changes accepted.

- 2.3. A proposal to circulate BLAF documentation to BLAF members by email to improve efficiency has been introduced at section 6.2 (iii).

3. Conclusion

- 3.1. The current BLAF Constitution states under article 7.1 that “Any amendments to the Terms of Reference, Principles and Membership of the Forum, to reflect changing circumstances or legislation, must be agreed by the Broads Authority following consultation with the Forum.”
- 3.2. The Forum is therefore asked to consider the proposed revisions to the BLAF Constitution as set out in Appendix 3.

Name	Organisation	Comment	BA responses	Proposed changes
Richard Starling	Somerton Parish Council	Somerton Parish Council suggests that the Broads Local Access Forum should always use the latest and up to date regulations i.e. Local Access Forums (England) Regulations 2007.	Agree	Amend document to bring up to date
Martin Sullivan	Norfolk Local Access Forum	2.1(viii) expand along the lines of "To promote closer liaison and understanding between the various interest bodies and organisations which have an interest in access to the Broads and its catchment area, and in particular with Norfolk and Suffolk LAFS".	Agree	Included as 1.3.d)
		4.1 (a) "In addition, Norfolk and Suffolk LAFs will each be invited to nominate one of their members to participate in all Broads LAF business, and who will be treated as if a member in all respects save voting rights".	Agree	Included as 4.10
Marie-Pierre Tighe	Broads Authority	The regulations 2002 in the introduction is out-of-date. It should be replaced by referencing LAF regulations 2007.	Agree	Updated
		Section 1. Purpose – the existing 3 sections are out-of-date in terms of the latest wording used in the 2007 regulations. I would suggest replacing the 3-existing paragraph by a paragraph about section 94 of the CROW Act (see introduction of Norfolk LAF constitution).	Agree	Updated

Name	Organisation	Comment	BA responses	Proposed changes
		Generally, Norfolk LAF constitution is clearer and up-to date. I would suggest using their document as a starting point for redrafting the Broads LAF constitution.	Agree	See changes below
		For example, Section 2. ToR – the Norfolk LAF ToR are clearer. I would suggest replacing this section by adapting the corresponding section from Norfolk LAF constitution, i.e by replacing “Norfolk” by “Broads” and amending bullet b) to say: The Forum gives advice to Section 94(4) bodies as follows: Broads Authority, Norfolk County Council, district and borough councils in or adjacent to the Broads, Government Departments such as Defra, the Planning Inspectorate and the Highways Agency, Natural England, The Forestry Commission, English Heritage, Sports England, parishes and town councils in or adjacent to the Broads. These bodies should have regard in the Forum’s advice in carrying out their functions.	Agree	Amended to similar wording
		Section 4. Membership- section 4.1. The number of members should be amended to reflect the 2007 Regulations: replace “between 17 and 22 members” by “at least ten and not more than 22 representatives”.	Agree	Amended
		Section 6. Section 6.3 is not an accurate description of the Broads Authority role – for example BA officers’ role is not to prepare BLAF work programme. Again, I would use Norfolk LAF (section 5) instead.	Agree	Role deleted

Name	Organisation	Comment	BA responses	Proposed changes
		It would be useful to include links to LAF Regulations 2007 and Revised Guidance 2007.	Agree	Added to bottom of appendix
		It would be helpful to include a paragraph about the quorum (see item 1 of Norfolk LAF appendix).	Agree	Added as an appendix
		It would be helpful to include a paragraph about how voting takes place (see item 2 of Norfolk LAF appendix).	Agree	Added as an appendix
		It would be helpful to include a paragraph about substitutes (see item 4 of Norfolk LAF appendix).	Agree	Added as an appendix
Lewis Treloar	Broads Authority	Section 3 Principles - The forum will not be asked to consider individual rights of way matters. It appears to me that this is a large part of what the BLAF advises on and therefore should be removed.	Agree	Removed
		Section 3 - 3.2 - Members should be encouraged to propose their own items for discussion and create the agenda	Agree	Added

The Broads Local Access Forum

Broads Authority

Broads Local Access Forum Constitution

~~This Constitution brings together the requirements of the Local Access Forums (England) Regulations 2002 and decisions made by the Broads Authority under these regulations.~~

Section 94 of the Countryside and Rights of Way Act 2000 (CROW Act) requires local authorities and National Park authorities to establish advisory bodies known as Local Access Forums (LAFs) to advise decision-making organisations about improvements to public access for outdoor recreation and sustainable travel. Forums operate in accordance with the provisions of the Act and the Local Access Forums (England) Regulations 2007.

The constitution applies these regulations for the Broads Local Access Forum (BLAF). Forum members are given technical and administrative support by the Broads Authority officers to enable them to undertake their advisory role as effectively as possible.

Section 94 of the Countryside and Rights of Way Act 2000 (CROW Act) requires local authorities and National Park Authorities to establish advisory bodies known as Local Access Forums (LAFs) to advise decision-making organisations about improvements to public access for outdoor recreation and sustainable travel. Forums operate in accordance with the provisions of the Act and the Local Access Forums (England) Regulations 2007.

Agenda item number 6

Setting the agenda

Report by Head of Construction, Maintenance & Environment

Summary

The process of setting the agenda for Broads Local Access Forum (BLAF) meetings needs to be open, inclusive and as participatory as possible for all BLAF members. To make sure all members have an opportunity to raise items of business for the agenda, a revised administrative workflow for agenda setting is proposed.

Recommendation

To approve the proposed administrative process for setting the BLAF agenda.

1. Introduction

- 1.1. The Broads Local Access Forum (BLAF) Constitution sets out the principles by which it advises the Broads Authority on improvements to public access. However, the detail of the administrative process provided by the Broads Authority to help the BLAF Chair set the agenda is not covered. This report sets out a proposed workflow so all members are clear on the agenda setting deadlines, roles and responsibilities.
- 1.2. BLAF meetings are an inclusive environment in which members, and the interests they represent, have equal opportunity to suggest topics for discussion. To achieve this, items for the agenda need to be raised as early as possible. This allows time for the Chair to prioritise items of business, and for participants to prepare supporting material or presentations by the agenda deadlines.
- 1.3. A proposed administrative workflow for agenda setting is in Table 1. The duties of the BLAF Secretary are provided by the Broads Authority.

Agenda item number 7

Broads Integrated Access Strategy: Update

Report by Waterways and Recreation Officer

Summary

This report provides an update on the Broads Integrated Access Strategy and Action Plan, highlighting some of the work taking place throughout the current COVID-19 lockdown.

Recommendation

To note the actions and to seek alternate means of completing access projects that have no identified resources or delivery mechanisms.

1. Introduction

- 1.1. The first Integrated Access Strategy (IAS) was adopted in 2013, in line with the Broads Plan 2011, and the associated Action Plan is subject to regular review. The [updated IAS](#) was adopted in July 2019 following consultation with Broads Authority members, Navigation Committee, Broads Local Access Forum and stakeholders.
- 1.2. The top three priority outputs following the 2019 review were:
 - To create a GIS dataset of all the access provision in the Broads, so mapped information can be analysed and shared;
 - To work in partnership with other relevant organisations to resource delivery mechanisms and complete prioritised projects; and
 - To hold a 'Broads Engage' public consultation event to identify viable projects.
- 1.3. There are seven strategic objectives in the IAS, against which projects are measured. These are:
 - To improve links between land and water and to the water's edge;
 - To improve access links to local facilities, settlements and visitor destination points;
 - To improve access for all in the Broads;
 - To encourage sustainable travel choices such as public transport, walking, cycling and non-powered boating, and improve links between public transport provision, visitor destination points and access routes;

- To deliver the River Wensum Strategy through the River Wensum Strategy Partnership;
- To encourage provision of access routes that relieve visitor pressure on internationally designated sites, avoid disturbance of protected species and help to accommodate growth; and
- To provide appropriate information on access and interpretation about recreational sites.

2. Broads Engage

- 2.1. A Broads Engage public event on integrated access was held in November 2018, when project ideas from attendees were recorded.
- 2.2. Using the IAS strategic objectives and working with local groups, the Waterways and Recreation Officer conducted feasibility scores of the viable projects arising from the Broads Engage event. The criteria used to prioritise the work areas listed includes scoring against the individual IAS objectives, plus scores for technical feasibility, stakeholder buy-in and funding availability. This process enables schemes to be ranked, highlights those that offer the greatest benefits against IAS objectives and helps focus limited resource.
- 2.3. The results of this will be used to create a 5-year Action Plan to continue delivering access improvements in the Broads. The implementation of the plan will be reported to BLAF on a regular basis (see Appendix 1 for more information).

3. Next steps

- 3.1. The Waterways and Recreation Officer will give a brief presentation summarising the recorded data and how the Authority plans to manage and disseminate it. It is obvious from the long list of projects across the Broads that multiple stakeholders and lead partners are needed to deliver the ambitious range of access improvements. Input from BLAF members on who those partners are, and what role they can play in delivery, will be welcomed.
