2.1. Core navigation income is below the profiled budget at the end of month nine. The overall position as at 31 December 2025 is a favourable variance of £2,249,645 or a 309.72% difference from the profiled LAB. This is principally due to:

- An overall favourable variance of £1,173,616 within income:
 - Hire Craft Tolls is £39,692 below the profiled budget.
 - Private Craft Tolls is £15,203 below the profiled budget.
 - Short Visit and Other Toll income is £5,290 above the profiled budget.
 - Investment income is £79,702 above the profiled budget.
 - National Park Grant is £1,143,520 above the profiled budget due to a profiling difference.

- An underspend within Delivery relating to:
 - Development Management is £50,177 below the profile budget due to the pay award being 0.8% less than budgeted and due to a vacancy on the Heritage post. The pay award was implemented in September and back dated to 1 April 2025. The forecast for the saving has been updated accordingly. There is also timing differences on the Local Plan expenditure due to changes in planning policies.
 - Construction, Maintenance and Ecology salaries is £114,567 below the profiled budget due to the pay award being 0.8% less than budgeted, plus to two op tech posts removed from structure. The pay award was implemented in September and back dated to 1 April 2025. The forecast for the saving has been updated accordingly.
 - Equipment, Vehicles and Vessels is £186,670 below the profiled budget due to delay on the replacement of some of the equipment from the earmarked reserves (replacement tug has been deferred to 2026/27 as not deliverable this financial year) and the purchase of two vehicles to be funded from capital grant.
 - Water Management is £22,053 below the profiled budget due to a delay in planned activities but will be undertaken within financial year.
 - Land Management is £58,823 below the profiled budget due to a timing difference on income as well as on tools and equipment replacements.
 - Practical Maintenance is £265,145 below the profiled budget due to a timing difference on contractor spend and the Mutford Lock technical review. This review is now no longer required following the works earlier this year and the forecast has been updated accordingly. There is also a delay on works starts on mooring maintenance and repairs. Work on Norwich Yacht Station installation are underway. Planned contractor work at Marham Bank has now been pushed back to next year's programme. The team has been sourcing additional contractor work for at Worlingham, and How Hill mooring, work due to start Feb. Contractor for Ranworth quay heading work due to start in the next few weeks.
 - Waterways and Recreation Strategy is £112,968 below the profiled budget due to timing differences on receipt of the Access for All Grant from DEFRA. This is partially offset in the delays to recruitment for a vacancy which has now been filled.
 - Ranger Services is £181,564 below the profiled budget due to the pay award being 0.8% less than budgeted. The pay award was implemented in September and back dated to 1 April 2025. The forecast for the saving has been updated accordingly. There is also timing differences in the replacement of the Ranger launch.
 - Premises is £50,556 below the profiled budget due to timing differences on the Dockyard solar and repiling project.

- An underspend within Resources relating to:
 - Strategy and Projects £29,333 above the profiled budget due to timing differences on externally funded grant expenditure being in advance and the quarterly reclaimed income being in arrears.
 - National Park Expenditure £405,785 below the profiled budget due to timing difference on the capital spend.
 - Asset Management £18,366 below the profiled budget due to timing differences on lease costs.
 - ICT £72,203 below the profiled budget due to timing differences and no progress has been made on the replacement planning system.
 - Resources Management £43,303 below the profiled budget due to the re-structure resulting in reduced Directors' costs.
- An underspend within Chief Executive relating to:
 - Governance is £10,210 below the profiled budget due to timing differences and salary savings.
 - Chief Executive is £16,407 above the profiled budget due to recruitment cost to recruit a new Chief Executive.
 - Communications is £65,668 below the profiled budget due two posts being removed from the structure and the pay award being 0.8% less than budgeted. The pay award has been implemented in September and back dated to 1 April 2025. The forecast for the saving has been updated accordingly. There is also a timing difference on contractor spend.
 - Visitor Centres and Yacht Stations is £16,297 below the profiled budget due to timing differences and visitor centres' income was slightly higher than budgeted.
- An adverse variance within reserves and Corporate Items relating to:
 - Corporate Items £20,504 above the profiled budget due to restructure resulting in redundancy payments.
 - Catchment Partnership is above the profile due to timing differences.
 - Planning Delivery Grant is below the profile due to delays in the Local Plan expenditure.
 - Premises is below the profile due to delays in works at the Dockyard.
 - Property is below the profile due to Mutford Lock technical review no longer being required in this financial year.
 - Plant, Vessels and Equipment is below the profile due to delays in equipment replacements.

- 2.2. The charts at [Appendix 1](#) provide a visual overview of actual income and expenditure compare with both the original budget and the LAB.

3. Latest available budget

- 3.1. The Authority's income and expenditure is monitored against the latest available budget (LAB) for 2025/26. The LAB is based on the original budget for the year, with adjustments for known and approved budget changes such as carry-forwards and budget virements. Full details of movements from the original budget are set out in Appendix 2.
- 3.2. Following the meeting in July it was identified that it was not appropriate for the recruitment of a new Chief Executive to be funded from the Medium-Term Planning earmarked reserve as this is 100% National Park. The table below reflects this is now funded from revenue budgets 60/40 in accordance with the salary split.

The Plant, Vessels and Equipment reserve contains income from the sale of old equipment. The Planning Delivery Grant has funded costs associated with the Local Plan and officer time. 6. Prudential Indicators

- 6.1. The Capital, Treasury and Investment Strategy 2025/26, approved 14 March 2025, included the key prudential indicators necessary for an authority that has borrowing. The prudential indicators are designed to support and record local decision making in a publicly accountable manner. Since that date DEFRA has now confirmed additional capital funding of £1,385,058 which means the table below has been updated. At the beginning of each year, estimates for the prudential indicators are set and agreed by members. In the past actual indicators were compared to the estimates once the annual accounts are produced in May each year. The updated code requires these prudential indicators to be reported quarterly and are set out in table 5 below.

Table 5

Prudential Indicators 2025/26

Prudential Indicator	Opening 01/04/25 £	Estimate 31/03/26 £	Q3 Actual £
Capital expenditure	0	1,600,058	621,594
Authorised limit for external debt	900,000	900,000	900,000
Operational Boundary	800,000	800,000	800,000
Capital Financing Requirement	688,142	606,575	606,789
Debt balance	689,640	608,073	608,287

7. Conclusion

- 7.1. The updated forecast position for the year suggests a surplus within the National Park and the Navigation budget. This would result in a National Park Reserve balance of approximately £1,185,560 and a Navigation Reserve balance of £673,027 at the end of 2025/26 (before any year-end adjustments). This would mean that both reserves would be above the recommended levels, with National Park at 25.3% and Navigation at 14.4%. Year-end transfers of interest to the earmarked reserves and repayment of the National Park loan will mean National Park will reduce to approximately 24.7% and Navigation will reduce to 11.7%. This will be highly dependent on the level of interest received.
